Ex-Judge Hill, of Utah, says Smoot could not have been elected had he not been an apostle and the church so desired.

President Elliott, of the Northern Pacific, announces that settlers in the "overlap" district can retain their holdings.

Minister Kurino says Japan has no thought of annexing Korea.

Prominent Gentiles of Salt Lake will organize an anti-Mormon party.

Martial law has been abolished at Telluride, Col. The military protection has cost \$600,000.

The Japanese fleet has again bombarded Port Arthur, but at too long a range to effect any damage.

Bristow has again been recalled in the house for postal report and an investigation has been ordered.

Witnesses before the senate committee say Dietrich sold the Hastings, Neb., postoffice appointment for \$2,500.

Admiral Makaroff has cleared the entrance to Port Arthur and is determined to go out after the enemy with his big ships.

Ex-United States District Attorney Cribshaw declares the Mormon church exerts its power in business circles as well as in politics.

Military experts declare Japan's delay in moving the main body of her army is due to fear of encountering the Vladivostok squadron.

Japan is rapidly moving troops into Corea.

The race riot at Springfield, Ohio is in check.

The electric road to connect Hoquiam and Aberdeen will soon be completed.

The last attack of the Japanese on Port Arthur was brief and of little consequence.

President Roosevelt has again enjoined the United States to observe strict neutrality.

Russia has granted the request of America for officers to accompany the army during the war.

The senate has passed a number of Alaska bills, but deferred action on that giving the territory a delegate.

Leaders in the house are arranging for an investigation of the connection of members of that body with the postoffice.

The death of Congressman Croft, of South Carolina, was the cause of the house adjourning for a day in respect to his memory.

Secretary Taft and noted financiers have held a conference relative to building railroads in the Philippines; the latter are timid about undertaking such a proposition.

The Smoot case is still before the senate committee.

The flood situation at Harrisburg, Pa., is the worst in its history.

Japan says she did not have troops in Corea prior to the opening of hostilities.

A mob has fired the negro district of Springfield, Ohio, and state troops have been called out.

Rain in the inland Empire country has swollen streams so that they are unable to carry off the water.

Many Japanese are entering Russian forts disguised as Chinese and gaining valuable information.

R. A. Ballinger has been elected mayor of Seattle. The Republicans elected all but three councilmen.

A tract of swamp land on Upper Klamath lake has been sold to associates of State Senator Marsters.

Japan is sending Marquis Ito to Corea. This would seem to indicate that she intends to make it her base of supplies.

The senate has adopted amendments to the army bill, giving Porto Rico troops and consolidating the adjutant-general's office with the record and pension bureau.

The senate has passed the naval appropriation bill.

Another British cabinet crisis is believed to be at hand.

United Mineworkers will leave the question of strikes with the local unions.

A second bombardment of Vladivostok is reported in which the Japanese lost one or two cruisers.

Report on affairs of Indian Territory stacks of graft on the part of officials connected with speculative concerns.

A Springfield, Ohio, mob took a negro, who shot a detective, from jail, hanged him and then riddled his body with bullets.

A witness in the Smoot trial says she was married after the issuance of the manifesto and is positive Brigham Young performed the ceremony.

## CANNON FOR FAIR.

Speaker of House Pledges Hearty Support to 1905 Fair.

Washington, March 15.—Speaker Cannon is heartily in favor of the passage of the Lewis and Clark exposition bill, and will do everything in his power to assist the measure through the house. He so stated yesterday to Senator Mitchell, Senator Fulton and Representative Williamson, who called on him to discuss the prospects of the measure, and to ask that ample time be allowed for its consideration on the floor of the house. The speaker assured the Oregon men that as soon as the bill is reported by the committee on expositions he will take it up with the house leaders, and it is confident full opportunity will be given for its consideration.

Following this conference, the senators and Representative Williamson called on Chairman Tawney, representing the Republican membership of the committee on expositions, and later on Representative Bartlett, of Georgia, the ranking Democratic member, and from each of these gentlemen received assurances which encourage them in the belief that the amount the position will be considerably more than has been talked of since the bill has been before the house committee.

To members of the delegation the outlook for the passage of a bill carrying a liberal appropriation is now very encouraging. In view of Speaker Cannon's attitude and the friendliness of the house committee, it is believed there will be no particular difficulty in securing the final passage of the bill.

## AID OF CHINA IS NOT WANTED.

Kaneke Says If She Enters War, It Must Be as Independent Nation.

San Francisco, March 15.—Eaton M. Kaneke, an ex-Japanese minister of agriculture and commerce, and member of the Japanese parliament, who has arrived here en route to Washington, and the St. Louis exposition, said today:

"I do not understand what you Americans and Europeans mean when you speak of the yellow peril. If you believe that the Japanese intend to unite with the other members of the yellow race and overrun Europe and America, you are very much mistaken. I think it would be wiser to beware of the Muscovite peril. It is much more dangerous."

"As regards the neutrality of China, we expect to take the same position as outlined by Secretary Hay. The integrity of China must be preserved at all costs. We do not want her for our ally, and if she enters the war, it must be as an independent nation."

"Japan is prepared to fight this war to a finish without foreign interruption. She is fighting to preserve the peace of Asia and not for any ambitious purposes."

"We are in this war to win and we are prepared to remain in it as long as Russia does. Our finances are in the best of condition and we can always issue a special war tax if it should become necessary."

## COMPLETES AMERICAN SYSTEM.

Porto Rican Legislature Adopts New Code and Passes Many Laws.

Washington, March 15.—The following cablegram has been received from Governor Hunt, from San Juan, Porto Rico:

"Secretary of State, Washington: Legislature adjourned. Many important laws passed, among such American code civil procedure, thus completing entire American code system; vesting original power in justices supreme court to determine all property questions between government and Catholic church; providing for commission to negotiate insular bonded loan for permanent public works, \$2,000,000 to \$3,000,000; providing for penalitentiary; for slight increase rural tax; for increasing resources of municipalities; authorizing all priests, preachers and magistrates to celebrate marriages, without parents first obtaining license; providing special study and cure parasitic anemia; establishing educational qualifications for electors; extending public school education; passed budget next fiscal year; passed strict law to prevent desertion American flag."

## To Arrange Canal Transfer.

New York, March 15.—William Nelson Cromwell, counsel for the Panama canal company, sailed for France today to arrange for the final transfer of the property and records of the company to this government. Before leaving he announced that the isthmian commission will sail from New York for Panama on March 29. Things are in such a shape on the isthmus that Admiral Walker and the commission, which sailed March 29, will be in a position to undertake the work leading to the actual transfer.

## Marching to Ping Yang.

St. Petersburg, March 15.—A telegram received here from General Zhilinski, general Komorotkin's chief of staff, says that according to reports published in Korean newspapers, 18,000 Japanese have landed at Chinnampo, Corea, and are marching to Ping Yang. Five hundred Japanese are said to have landed at Kionseng, on the northeast coast of Corea, and 2,000 other Japanese, who reached that place before this detachment, have started marching along the coast to Sheng Jim.

## Foreigners Are in Danger.

Tien Tsin, March 15.—Riots have occurred at Tze Chan and Lun Wan along the line of the Belgian railroad, in the southern part of Shan Si province. A Frenchman named Perion has been captured by a mob, and fears are entertained for his safety. It is reported that 20 foreigners employed along the railroad are in danger. It is apprehended the trouble will spread and endanger all foreigners in the vicinity.

## Expects Battle on Yalu Soon.

Paris, March 15.—According to the Echo de Paris, General Poullanoff, manager of the Rusky Invalid, of St. Petersburg, expects serious fighting on the Yalu river in a week's time.

## FIGHT FOE ON SEA

Russians Sink a Japanese Torpedo Boat.

Both Sides Suffer an Equal Loss—Russians Came Upon Japanese Unexpectantly in the Night While Out Scouting—Russian Admiral Shows Great Bravery in an Attempt at Rescue.

St. Petersburg, March 14.—The complete story of the fierce fight off Port Arthur between torpedo flotillas, which occurred Wednesday, and the bombardment which followed Thursday morning, was not given out here until after midnight.

Two official messages from Viceroi Alexieff had been received during the day and presented to the emperor, but the public remained in suspense. All sorts of rumors of the information contained in the dispatches were spread among the officials, but they did not have their texts, and were under the impression that Admiral Makaroff had directed the attack upon the enemy's ships. When the texts appeared, it became evident the collisions between the torpedo flotillas had occurred accidentally during the night while the Russians were scouting in search of the enemy.

As far as known here, this is the first time the torpedo boats have engaged each other at sea. Although the odds were against the Russians, as the squadron was supported by the cruisers of the enemy, the Russians made a heroic dash for the foe, and apparently had the better of the combat—sinking a Japanese torpedo boat—until the latter's shells crippled the Starguchitchi.

The gallant action of Vice Admiral Makaroff in transferring his flag to the cruiser Novik, and sailing out in the face of the enemy in an attempt at rescue, receives unstinted praise, stamping him at the outset of his command as a man of force and action, who insists on being in the van of the fighting.

## IDAHO TO BE SWIFT.

New Battleship Will Also Be Great Fighting Machine.

Washington, March 14.—Unless unforeseen obstacles are encountered, the battleship Idaho will become a part of the United States navy early in the spring of 1907. Under the terms of a contract recently made with the Cramp shipbuilding company, of Philadelphia, the Idaho and her sister ship, the Mississippi, are to be constructed at their yard at an aggregate cost of \$2,999,500, the contract period being 42 months. Plans for these ships have been completed and turned over to the contracting firm, and already steps have been taken looking to the construction of the two vessels.

The navy department has embodied in the Idaho the most modern ideas in naval architecture. While not as great as some of the vessels in modern navies, the Idaho is designed to be an all-around machine, not only capable of withstanding an attack from the enemy, but of being able to engage or give chase to the enemy if need be. In other words, the Idaho embodies the best features of the modern battleship and cruiser combined.

## GREATER ATTACK IS IMMINENT.

Japanese Bombardments of Port Arthur Only Preparatory.

London, March 14.—A correspondent of the Telegraph at Seoul describes the recent Japanese attacks on Port Arthur as "successful preparatory bombardment," thereby intimating that a greater attempt to reduce Port Arthur is thought imminent.

A correspondent at Cheloo of the Mail gives all information of the Japanese landing movements up to March 9, and says disembarkation is proceeding at Chemulpo and points to the northward with marvelous rapidity. During the last ten days 16 transports have landed 10,000 men at a town the Japanese call Kaishoo. Dispatch boats began to run on Wednesday between Chemulpo and Chinampo.

## The Lewis Crusade to St. Louis.

All persons of the name of Lewis, their relatives and friends in America are preparing for the crusade of the Lewis and Clark centennial in St. Louis, Friday, September 23, 1904, in honor of the memory of their distinguished tribesman, Capt. Meriwether Lewis, Lewis day, Sept. 23, 1904, will mark the 98th anniversary of the triumphant return of the Lewis and Clark expedition of discovery to the Pacific. August 12, 1905, will be Lewis day at the Lewis and Clark exposition in Portland, Oregon.

## Powder Has Great Force.

London, March 14.—As an example of the power of the Japanese "Shimonoseki powder," a correspondent of the Standard at Tokyo relates that a Russian sailor who was hurt in the naval fight off Chemulpo, and taken to Matsuyama, Japan, has 160 wounds. The Tien Tsin correspondent of the Standard reports that influential Chinese living in the United States have telegraphed to the Chinese foreign board urging that the emperor be made head of the army, and that China join Japan against Russia.

## Holds Balkan Situation Alarming.

St. Petersburg, March 12.—A special dispatch to the Vladivostok prints news that the situation in dark colors. The correspondent declares that a collision between Bulgaria and Turkey may occur any day and says that it was hoped that the draft of the agreement submitted by M. Natchevitch, the Bulgarian diplomatic agent at Constantinople, to the porte would patch up peace, but the sultan at the last moment refused to sign it.

## Now \$12,600,000 a Pound.

New York, March 12.—An importer of radium here gives out the startling news that the price of this latest product of the scientist has increased \$4,200,000 a pound in two days. The commercial rate last week was \$8,400,000, now it is \$12,600,000. So great has been the demand for a few grains that the supply on the market probably will have disappeared entirely by the end of the present month.

## WILD GALE RADES.

Pacific Coast From San Diego to Vancouver Island Wind Swept.

San Francisco, March 12.—The worst rain and wind storm in 13 years swept over this city and along the Pacific coast today, doing much damage to shipping, railroads and frame buildings through the state. The storm extends from San Diego to Vancouver island, and it is feared that many marine disasters have occurred along the coast.

In this city this morning the barometer reached 29.25, the lowest record, and the wind registered a velocity of 48 miles an hour, while at Sacramento a gale of 64 miles was recorded. Telegraph and telephone wires were prostrated in every direction and for several hours this city was entirely cut off from the outside world.

At the Cliff House on the beach near the entrance to San Francisco Bay tremendous waves dashed against the rocky shore and sent masses of spray over the huge baths, a steel frame building 50 feet high. Numerous small crabs on the bay were blown inland and telephone wires were blown down. The damage to shipping in San Francisco bay will amount to many thousands of dollars.

Reports from the interior show that the storm extended over practically the entire state. In the southern portion, where the season has been dry, the rain will greatly benefit crops.

## SECRETS FOR SALE.

French Officer Offers Japan Important Naval Information.

Paris, March 12.—In spite of official reticence and denials from the Japanese legation here, it is affirmed that a noncommissioned officer named Martin, who was employed in the ministry of marine, and who was under arrest, attempted to sell French naval secrets to a naval attaché at the Japanese legation.

The discovery of this alleged attempt came as a result of the accidental opening of a letter addressed to the noncommissioned officer by a naval captain of the same name. The letter was from an intermediary, but it indicated the principals in the affair. It is alleged that several women are implicated, and one of them has confessed.

It appears now that only one document is missing from the ministry of marine, but it is possible that Martin photographed and replaced others. It is not probable that the information alleged to have been stolen got beyond the intermediary, and it is said the Japanese naval attaché, who is supposed to have been in indirect communication with Martin, sailed for home on board one of the cruisers which Japan purchased from Argentina.

## READY FOR WAR IN BALKANS.

Russia, However, Does Not Expect an Outbreak in the Spring.

St. Petersburg, March 11.—Careful inquiry concerning the outlook in the Balkans develops the fact that the prevailing opinion in government, as well as diplomatic circles, is against an outbreak of war in the spring, although the danger is not considered passed. A perfect understanding exists between Russia and Austria and besides, the Russian authorities appear to be satisfied completely regarding the attitude of Bulgaria. What assures the authorities here concerning Bulgaria are not known, but they do not tally with direct information from other sources, representing Bulgaria as having her army under mobilization, with having her plans perfected for an invasion of Turkey, and as being confident that she can defeat the Turkish single handedly.

Evidently the porte is alarmed at the outlook, as an American, a representative of an ordinance firm, who came here to act as a broker in the sale of South American warships to the Russian, has been requested to go to Constantinople immediately, the sultan desiring to purchase a large supply of guns.

## Officers Fight Mob Off.

Murphysboro, Ill., March 12.—A mob of 75 men from Carbondale made an attempt at 4 o'clock this morning to take Thomas Vaughn, a negro, from the county jail here. Sheriff Thorp had been apprised of their coming and he and Deputy Woodruff lay in wait. When the mob reached the jail the officers trained their guns on it. The mob quickly dispersed, but not until three of its members had been captured. Deputy Woodruff's gun was discharged prematurely, tearing his arm.

## Press Must Be Less Bitter.

Paris, March 12.—A correspondent of the Figaro at St. Petersburg writes that as a result of the recent letter from King Edward to the czar, in which his majesty expressed in cordial terms his desire for peace, the editors of several newspapers in St. Petersburg were summoned to the office of the censor and ordered to moderate their anti-British tendencies. The czar has requested the emperor of Germany to communicate to him his personal criticism of military and naval events in the Far East.

## K. of P. at Pendleton.

The District Convention of the Knights of Pythias was held last week at Music Hall and was attended by 300 delegates and visiting Knights. This district, No. 10, is composed of the following: Damon, No. 4; Pendleton; Pythian, No. 29; Athena; Stephens, No. 49; Westport; Pendleton, No. 74; Holly Hercules, No. 71; Milton; Tomax, No. 93, Adams.

Independence.—Krebs Bros., who purchased the Henderson-Murphy farm, have placed a large crew of men on the placable land into hops. It is thought that something over 500 acres will be so planted. They will build a number of hophouses and other buildings, and will use probably nearly 1,000,000 feet of lumber in their improvements.

## Record of Second Oregon Volunteers.

Salem.—The State Printer has completed and delivered to Adjutant-General Finzer the 1440 additional copies of the official record of the Second Oregon Volunteers. The Adjutant-General will supply one copy of the book to each member of the Second Oregon, free of charge.

## Gain of 100 Pupils.

Pendleton.—Secretary Halley of the Pendleton school district will file his census with the county superintendent in a few days. It shows a gain of 100 pupils over last year, there being this year 1616.

## HAPPENINGS HERE IN OREGON

### KNOW TIMBER BUSINESS.

Many Men Coming From Middle Western States.

There is indication of a large immigration to Oregon this spring from the Middle Western States, of a nature that will be very important in the development of the timber resources of the state. C. H. Stewart of Albany, one of a number of people interested in timber claims, the applications for which were suspended because entered in the wrong district, has been corresponding with the holders of such claims, with a view to concerted action in the matter of getting their applications reinstated.

A number of people in the Middle West of holders of suspended applications. These people have been communicated with by Mr. Stewart, and a great many of them have written letters to the effect that they will be here this spring to assist in looking the matter up.

During the course of the correspondence letters have come from lumbermen in Wisconsin, Michigan, Minnesota, and the two Dakotas to the effect that they will invest their means in timber and the necessary mills to put it on the market. This will be done both because of the great opportunities offered in Oregon, and because of the rigorous home states during the present winter.

They are all substantial men who have had experience in the lumber business, and have been on the ground in Oregon and are conversant with conditions here. They will come here seeking a new field for operations, where there are abundant resources, and a climate in which life can be enjoyed and work continued the year round.

### LEGISLATURE WILL DECIDE.

Unpaid Indian War Claims Will Be Presented to That Body.

Salem.—Secretary of State Dunbar has prepared a circular letter which he is sending out to all Indian War veterans who have unpaid claims against the State. He informs them that since the appropriation has been exhausted he has no further authority to audit claims or issue warrants, but he will present the claims and present them to the next Legislature.

This in accordance with a general law prescribing the duties of the Secretary of State. The claims now in the hands of the Secretary of State amount to \$55,227.95.

It is understood that Adjutant-General Gantenbein has received claims amounting to \$15,000 more. Whether the remaining claims will be paid rests entirely with the Legislature.

### Articles of Incorporation Filed.

Salem.—Articles of incorporation were filed in the office of the Secretary of State last week as follows: Farmers Irrigating Company, Hood River, \$75,000. Warrenton Grocery & Butcher Company, Warrenton, \$5000. Standfield Irrigation Company, Echo, \$5000. Order to construct an irrigation system in Umatilla and Morrow counties, taking water from Umatilla river and Butte creek. Abbott Tinning & Roofing Company, Portland, \$1000. Shipping Supply Company, Portland, \$1000. Lotke Manufacturing Company, of furniture manufacturing, Portland, \$50,000. Fraiel & Co., Inc., Portland, liquors, \$2000. Campbell Transportation Company, Portland, \$50,000. La Grande Mercantile Company, La Grande, \$20,000. Macrae's Building Association, Roseburg, \$15,000.

### Showing Excellent Values.

Eugene.—E. J. Jinka, proprietor of the Acacia and Baltimore groups of mines, in the Bohemia district, is in Eugene on a visit. He says there has been considerable work going on in the district this winter, notably on the Vesuvius group, the Crystal Consolidated, Bohemia group and North Fairview group. The Crystal Consolidated people have been working all winter and have their new five-stamp mill ready to run. The Oregon Securities Company's operations have been shut down since about the first of the year, but it expects to resume development soon.

### Oklahomans at Independence.

Independence.—Five families of Oklahomans arrived here from California in this week. They have found two residences in which they have moved until better accommodations can be secured. They are pleased with the country, and state that they will locate here. They state they will be in communication with some 50 families in Oklahoma who are contemplating coming West and will settle in this state if they are satisfied, as the cold winters in the East are driving many West.

## POWER FROM MORGAN LAKE.

La Grande May Soon Have Suburban Electric Lines.

La Grande.—Morgan Lake, situated about two miles above La Grande, has been thoroughly tested as to the amount of power and water that can be obtained from it. The power will be used for different important things for the benefit of La Grande and the community. More power will be used for the electric light plant and to run a motor line to Port Lake and other points in the county.

The engineer reported to the officials of the electric light company that their plan was entirely feasible and practicable. The plans call for a fraction over two miles of pipe and the power obtained through the pipe will be equal to 500 horsepower. The reservoir when filled will contain water sufficient to furnish this amount of power for a period of one year, with out receiving any additional supply. In other words, when the lake is filled it will contain enough water to supply water for 500 horsepower. The lake is situated 1100 feet above the power station, which, according to the plans of the engineer, will be located near the site of the Old Town flouring mill.

## LAWYERS TO BE VOTED UPON.

Printed Pamphlets of Direct Primary and Local Option Measures.

Salem.—Secretary of State Dunbar has received from the Department of State the first copies of the pamphlets containing the full text of the direct primary law and the local option law, which will be voted upon by the people on June 6.

Ninety thousand copies of each pamphlet will be printed. The printer has already turned out 30,000 copies of the local option law, and 60,000 copies of the direct primary law. The former has 20 pages and the latter 22 pages. In a few days the Secretary of State will distribute these pamphlets to the several counties in sufficient quantities so that each voter may have one, free of charge.

## Coming Events.

State Convention, Knights of the Macabees, Portland, March 22.

County Recorders and Auditors, Portland, March 25.

Republican primaries, April 2.

Republican County Conventions, April 7.

Republican Convention, First Congressional District, Salem, April 12.

Republican Convention, second Congressional District, Portland, April 12.

Republican State Convention, Portland, April 14.
