Honest Mining.

Throughout the length and breadth of the land wherever there is a paper or journal which represents the mining industry and especially of mining stocks, there seems to be a united effort in demanding the management of corporations shall be honest with the shareholders. By sad experience in the past it has been learned that one dishonest corporation or management will do much harm to legitimate mining enterprises.

In line with this idea is the following taken from the Daily Mining Record is given:

"The prime factors in the success of a mining company are honesty and capability of the management."

It might be suggested that even these without a good property cannot obtain success.

Honest management having also a plentiful supply of enterprise would set about to obtain other properties if the first venture proved a failure.

A good property without honest management does not always insure profits to shareholders. Give us honest and capable management and we will take our chances on the property.

Honest men will not present a proposition to the public unless they themselves are honestly convinced that it is promising.

They will use honest judgment in investigating the proposition.

All the public wants is a fair run for its money.

If the promising proposition does not pan out, why the promoters are not to blame.

They used honest judgment; honestly expended the money in a search for ore and nothing more could be asked.

The strictest investigation should be made regarding the character of the management.

Clean promoters court such investigation. The unscrupulous shun it.

If a man has cheated once, but little reliance should be placed in him.

Dishonest men get the public confidence by questionable means. Do not be hoodwinked.

Investigate character and standing. Do not invest until you get satisfaction.

Treatment of Ores.

We print on first page of this issue an article on the increased use of cyanide in Cripple Creek. This method of treatment of ores has been constantly improved upon for years, and no doubt will still be improved in the years to come.

Possibly it may prove of great benefit in the treatment of some of the low grades ores of the Bohemia district.

One thing is certain. It has been used and is still being successfully introduced into many places, where other methods have failed.

It is well for our mining men to keep posted upon the work of other localities, so they may take advantage of successes and avoid failures.

IT IS A MATTER OF HEALTH

PROPER TREATMENT OF PNEUMONIA. Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by New Era Drug Store.

WANTED. Special representative in this county and adjoining territories, to represent and advertise an old established wealthy business house of solid financial standing. Salary \$25 weekly, with expenses paid each Monday by check direct from headquarters. Expenses advanced and horse and buggy furnished when necessary; position permanent. Address: The Columbia, 629 Monon Bld., Chicago, Ill.

TRAGEDY AVERTED. "Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Morgan & Brehaut Druggist, Price 50c and \$1.00. Trial bottles free.

Slilage should be fed from the top of the silo and not dug out from the bottom. One man who tried the latter method got caught in the hole as the silage settled down on him, and there was a big funeral.

INFLAMMATORY RHEUMATISM CURED. William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to Morgan & Brehaut for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by New Era Drug Store.

GIVES HEALTH, VIGOR AND TONE. Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life is imparted to the system. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c. New Era Drug Store.

The all too common tragedy of the road between the wealthy farmer and the ugly bull at the head of his herd is constantly going on. The Bible says, "Put not your trust in prices," but it is safer to trust a price than a well-mannered bull any time.

A FAVORITE REMEDY FOR BABIES. Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures all colds and coughs and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by New Era Drug Store.

In spite of rapidly multiplying electric roads and the automobile, displacing as they do, the horse in some lines, the fact remains that in spite of these the good horse has a brighter future before him than ever before. The love of a good horse will never grow less in this country, and there is no safer or more certainly profitable business on the farm today than producing the right kind of horses. The foreign demand for American horses is growing rapidly, for the horse can be raised here cheaper than anywhere else.

Don't think that every sad eyed woman you meet has loved and lost. She may have loved and got him—LYRE.

MORE RIOTS. Disturbances of strikers are not nearly so grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all round medicine for run down systems. It dispels Nervousness, rheumatism and Neuralgia, and expels Malaria germs. Only 50c, and satisfaction guaranteed by Morgan & Brehaut Druggist.

NOTICE TO TAXPAYERS. Sheriff's Office, Eugene, Oregon, February 16, 1904. Only the taxes for 1903 will be collected during the year 1904. At the last special session of the Oregon legislature the tax law made in 1901 was re-enacted and said law will be in force for the collection of 1903 taxes, and in substance it is as follows, to-wit:

1. If you pay your taxes in full on or before March 15th you will be allowed a rebate of three per cent.

2. If you pay your taxes between March 15th and up to and including the first Monday in April, there will not be any rebate and neither will there be any penalty or interest added.

3. If at least one-half of your taxes are not paid on or before the first Monday in April, they will become delinquent, when there will be added a penalty of ten per cent, and the tax will also draw interest at the rate of twelve per cent per annum in addition to the penalty.

4. If you pay one-half of your taxes on or before the first Monday in April, then the remaining half may run up to and including the first Monday in October following; but if the last half of tax due is not paid by the first Monday in October, it becomes delinquent, and there will be added to such balance, a penalty of ten per cent, and in addition, such balance will bear interest at the rate of twelve per cent per annum from the first Monday in April until paid.

5. On all personal property taxes, if one-half is not paid on or before the first Monday in April, the laws compel the sheriff to levy upon and collect the same after May 1st, hence to prevent a levy upon personal property after May 1st it will be necessary for one-half to be paid as above stated.

The law compels the sheriff to sell all lands on which taxes have not been paid and that such sales shall not be held later than March 1st of the year succeeding the year in which the tax levy is made.

The 1903 assessment rolls will be opened for the collection of taxes thereon February 23, 1904.

I remain very respectfully yours, FRED FOX, Sheriff and Tax Collector.

CLIMATIC CURES. The influence of climatic conditions in the cure of consumption is very much overrated. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest, and the absence of that weakening cough and debilitating night sweats. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup.
