The Chattanooga Medicine Company The Chattanooga Medicine Company, with Inboratories and general offices at Chattanooga, Tennessee, and branch homem at St Louis, Mo., and San Francisco, Cal., has become one of the largest proprietary medicine concerns in the world. In the growth of this great business two factors have been dominant: The merit of its products—Wine of Cardui and Thedford's Black Draught—has been widely recognized and the original advartising methods adopted larve excited great comment. The publicity for these medicines does not consist of the catch phrase and extravagant statement, too often employed in advartising today, but instead the plain story of experience with the medicines given in the plain language of the pe pls themselves. The following letter is a fair sample of the thousands of Wine of Cardoi testimonals published during the past twenty years. ith laboratories and general offices a
