A Word With the Voters of Oregon

Republican State Central Committee, Portland, Or., May 21.—If the electors of this state will but appreciate the importance of the first gun to be fired off this presidential year, and will avail themselves of an opportunity to show their appreciation of President Roosevelt and his policies, and their appreciation of the doctrine of the republican party of this state as enunciated in the platform adopted by the recent state convention, they will see to it that a full vote is polled on the 6th day of next month. In that event, at least 100,000 votes will be cast, and the majority for Judge Moore, our nominee for supreme judge, will be at least 20 per cent thereof, and the combined majorities of our Congressional nominees will equal 20,000.

All that is necessary for the people of the first district to manifest their appreciation of Hon Binger Hermann's services in congress is for the voters of that district to go to the polls and vote; and the same thing may be said of Hon J. N. Williamson, our nominee in the second district. After the November election nobody East will inquire how Oregon went, but republicans all over the United States, particularly in doubtful states, should an unprecedentedly large republican majority be cast at the coming election, will emphasize the question, "Have you heard from Oregon?"

In 1888 Mr Hermann received a majority of 7,407, the largest majority ever received up to that time, there being but one congressman then. Let the voters of his district see to it that he carries his district this time by a larger majority than he did that memorable election.
 FRANK C. BAKER, Chairman.

COUNTY SUPERINTENDENT.

W. B. Dillard, candidate for county superintendent of schools on the republican ticket, is a native of not only the state of Oregon, but of Lane county, having been born on a farm near Goshen, where he was raised. Meeting with great difficulties in his early youth, yet having the strength of character coupled with the determination to acquire an education, he persisted in his studies in the common schools until the time came when he could go to the State University of Oregon. Here he displayed the same energy until his graduation from that institution of learning with high honors, subsequent to which he has devoted the greater portion of his time to educational matters, for he was one year principal of the high school at Eugene, principal for some time of the Riddle school in Douglas county. During the summer of 1903 he was an instructor at the summer normal school conducted by the Holmes Business College in Portland, also has taught in a number of the districts in the valley.
 Mr Dillard will bring to the office of county school superintendent just such qualifications as are needed for the place, character, learning and energy of early manhood.

In Judge Potter, candidate for circuit judge in this district, Lane county has a man that she should be proud to honor. If the republicans of this county give him that hearty and loyal support that is due him, he will be elected. By no hook or crook can Judge Hamilton overcome in the other counties a majority of 600 for Potter in Lane. Judge Hamilton and Douglas county have been honored with this office sufficiently in the past, the honor should now fall on Judge Potter and Lane county, and in certainty will if the good citizens of this county do their duty at the polls on election day. Do not allow yourselves to be hoodwinked by the democratic cry of Hamilton's economy. This is an age of economy, and it is being practiced now

by every district and county judge in the state, irrespective of party affiliations, by republicans as well as democrats. Is there anyone so foolish as to believe that Judge Potter if elected will be an exception to the rule? He can and will practice economy; he will expedite business; he will bring dignity, ability, honesty and integrity to the office, credit to himself and honor to his county. Vote for Hon E. O. Potter for district judge.

LONDON BRIEFS.

Look out everybody for the grand celebration at Oregon Mineral Springs, London, Ore., July 4th, 1904. The people of London and vicinity are beginning to arrange for a celebration on the 4th of July, arrangements will be made to render a program that will be entertaining and enjoyable for everybody. The hotel is now equipped and in good running order. The grounds are being prepared in good shape for the accommodation of everybody. As evidence of the value of the Oregon Mineral Springs four thousand dollars worth of stock was sold one thousand to each of the following citizens: James McFarland, David McFarland, J. A. Powell and John Sutherland, other sales are expected to follow.

Mr Overholser is engaged in building a new residence just on the east side of the river from the hotel. He is progressing nicely and will soon be ready to move in. This will be a valuable addition to our village. Mr Geer is soon going to survey the town lots. This will be a fine chance for you to locate for the summer on one of these lots, and be near the mineral springs, considering the surroundings and chance for fishing, hunting and general outing you make no mistake if you locate here besides this is a salubrious climate outside of its mineral water virtues, and is healthful in mountain scenery.

The grain fields are green and the gardens and vegetation of all kinds are growing rapidly since the late rains.
 H. Miller the stage driver is in good humor now as the roads are getting fine and makes his appearance at London each day except Sunday at 10 a m and 2 p m on his way to and from Blackbutte. High is a faithful, trusty driver and it seems as if the public is catching on as his stage is often packed with passengers.
