### Parents Attention.

The old method of teaching a child to read by the uninteresting meaningless plan of learning his A B C's has long since been supplanted by the word system. The methods of teaching made have kept pace with the improved methods of teaching school. The old tedious, discouraging method of teaching the fine finger exercises and scales has given place to a method which interests and delights children as well as grown people.

Mrs. Roy Welch has taught music for eight years during which time she went East twice to study. Recently she had the privilege of a year's continuous study under an own pupil of Calvin Gady of Boston, Mass., whose genius has revolutionized the method of teaching music.

Drop a card in the P. O., and Mrs. Welch will call upon you and give you an idea of the method whereby you can begin reading and writing music from the first lesson.

### Resigns Leadership.

Owing to press of business H. H. Berry, who for the past eight months has been the efficient leader of the Cottage Grove Band, decided that he could no longer do himself or the band justice by retaining the leadership.

At a meeting of the band on July 8th he presented his resignation which was accepted.

In recognition of his services and the great assistance he had been to the band a very handsome coin ornament with a suitable inscription was presented to Mr. Berry. A gift which he appreciated very highly.

### A Smooth Tooter.

## Some Logs.

A big drive of three-million feet of logs to come from the McKenzie has been contracted for by Mr. Strong, and is expected in Corvallis the latter part of August. These logs were sent up from Corvallis this week to assist in the logging operations for the local mill.—Times.

### Free Assays

Free Assays will be made for Bohemia prospectors during the next three months, not to exceed two assays per day. Samples must be left and receipts received at the store of Knowles and Getty's. These free assays are for the benefit of the prospector and district and all are solicited to make the benefits as far reaching as possible.

F. J. Harko.

### Was Acquitted.

On Tuesday afternoon Thos Miller was tried before Justice Vaughn on a complaint made by Dave Haskins for throwing rocks through the window of his house with felonious intent.

Attorney Harris came up from Eugene to prosecute the case while Medley and Johnson were counsel for defendant.

A jury comprised of W. H. Abrams, H. A. Thompson, J. Lurch, Green Pitcher, W. S. Bennett and J. S. Milne was received.

The testimony was very conflicting. John Haskins who had the trouble with Miller, stated that the latter was the attacking party while Miller was equally as positive he was attacked. A number of witnesses were called, but there was not sufficient evidence against Miller to justify the jury in finding him guilty and he was discharged.

### Another Row.

On Tuesday evening there was a lively row between two women on the West Side.

Later Eva Larkin swore out a complaint against Frankie Rice for assault and battery.

Officer Underwood made the arrest and brought Frankie before Judge Wheeler on Wednesday morning. She stated Eva had accused her until she could stand it no longer when she doubled up her fist and hit her in the eye, and thought the other woman should be fined too. As there was no charge whatever against the other party the officer could only fine the prisoner, which he proceeded to do in the sum of \$5 and costs. This particular locality seems to be the scene of considerable trouble recently and a few good lines imposed when the occasion requires will likely prove beneficial.

### Oregon Development League.

The Portland Commercial Club has issued a call for a convention of the Oregon Development League, to be held at the Marquam Grand Theater in Portland August 2nd and 3rd. All commercial, agricultural, mining, stock-raising and irrigation interests will be represented; even editors in the state will be invited to attend as a delegate; County Commissioners and Mayors of all towns and cities will also be called upon to name delegates. The Portland Women's Club will look after the comfort of ladies accompanying delegates, and among other entertainments, have arranged for arolley ride on August 2nd, taking the most interesting and beautiful environs of Portland, and on August 3rd ten street cars will be provided for a trip over the entire city.

The Southern Pacific Co will sell tickets at a very low rate of one fare for the round trip, from all points on Oregon Lines to Portland and return, for this occasion, and it is hoped that every section of the state will be well represented at the convention, to work in harmony for the development of Oregon.

### LONDON BRIEFS.

July 20th 1904.

The campers at London are beginning to come in. We have at this time seven camps, numbering 27 people. Notably among these camps is that of Dr. P. J. Bartle recently from Oklahoma, who pitched the first tent of the season. The Dr. is a graduate of an Eastern Medical College and if he could be induced to locate permanently would be a valuable factor in building up the community.

Next comes the Family Brothers, who have been here for nearly one month. The men are old Oregonians who crossed the plains in 1851, hence getting along in years, and have shared some of the hardships of frontier life and hence had their health somewhat impaired and have come here to recruit up. They seem well pleased with the Oregon Mineral Springs and have a good word for the people of the neighborhood and the situation in general.

Mr. T. H. Kennedy and wife, Mrs. E. A. Gottle and daughter, Mrs. W. L. Lester and family, who expects to be joined by her husband, editor of the Eugene Register, in a few days; also Mrs. C. M. Elspass and family.

The people all seem well pleased with their respective camps and think as far as they have tested the water they are satisfied with the results.

Among the sad things of our neighborhood is that our old friend T. M. Gardner had the misfortune to get his left leg broken just above the ankle by a wagon turning over and catching his leg between the wagon frame and tree. He has been in the hospital since the accident he is getting along nicely.

Just at this instant County Clerk, E. L. Lee drove up in front of the London store with his wife and two children. Mr. Lee is looking fine with his bright smiles and kind humor. We welcome our old friends when they visit the Springs.

The good rain and pleasant weather makes us glad we live in Oregon.

Truly yours,  
VERITAS.

### DIVIDE ITEMS.

G. A. Miller returned last week from a visit to Llewellyn.

An Ice Cream Social was given at the school house Saturday night to pay for the school organ. A little over \$13 was realized.
