**Diploma, Found.**  
The lost diploma of Miss Shiveley has been found and was received by that lady on Sunday last.  
It is regularly signed by the faculty of 1899 of the Monmouth Normal School and countersigned by Governor Geer and other officials thus settling at rest the question of a diploma having been issued to her, if there had been any doubt before.  
It is to be regretted, on account of all concerned, that this document was not in evidence at an earlier date as it would doubtless have saved serious complications which have arisen.  
Miss Shiveley and her friends assert that her right to teach in the High School as per agreement at the beginning of school will be insisted upon and carried to the highest tribunal.  
The school board are equally positive of their position and state the quota of teachers is filled and they cannot recede a point from their present position.  
From the present outlook, neither the people or press can change affairs in the slightest degree and the courts will be called upon to settle the merits of the case.

**Grand Rally.**  
Of the patriotic masses Col. John Sobieski of Los Angeles, Calif., a soldier and statesman and one of the most popular stump speakers in the field will address the citizens upon the living issues of the day.  
Col. Sobieski is the rightful heir to the throne of Poland if it had not been dismembered by Austria, Russia and Germany, being sixth in direct line of descent from John Sobieski III who prevented Europe from being overrun by the Mohammedans in the 17th century. All who admire earnestness, eloquence, wit and humor should not fail to come. Let there be a grand rally. Remember the date, Oct 25th, 7:30 p.m. at the Opera House. No admission but a collection taken at the close.

**CLIMATIC CURES.**  
The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that wakening cough and debilitating night sweats. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists. German Hemenway.

**AS USUS COURT INCIDENTS.**  
Sensational incidents are not uncommon in the closing stages of famous criminal trials. One of the most remarkable occurred in Melbourne on the last day of the trial of Ned Kelly, known as the "ironclad bushranger of Australia." A knife dropped from a gallery overhead and fell at the feet of the desperado in the dock. He had every temptation to grasp it and put an end to his existence, for there was not the slightest chance of his escaping the gallows. But it was promptly picked up by a bailiff, and his owner was arrested and brought before the judge. He pleaded that the occurrence was purely accidental, and the explanation was accepted by the court.

**Procrastination.**  
"One of the greatest evils in life," said the elderly woman, "is procrastination."  
"I think so, too," replied the young married woman. "I don't see the sense of putting off your golden wedding anniversary till you are sixty or seventy years old."
