Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building

up the whole system. They cure Hood's Sacsaparilla permanently sured J. G. Hines, Franks, Ill., of sessons, from which he had suffered for some time; and Miss Alvina Wotter, Box 212, Algona, Wis, of pinples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of Howl's than can be published.

Hood's Sarsaparilla promises to cure and keeps the promise.

A Complaining Wife "So you enjoy hearing your wife speak in public?"
"Yes," maswered Mr. Meckton; " is

great comfort to me to hear ber de-ribing faults and difficulties for which cannot possibly be held responsible." -Washington Star,

grants from Kentneky and the then degree. other Western States commenced to and the county seat Liberty.

At the same time another lot of emi-

grants from Virginia and other South-ern States pitched their tents on the south side of the Big Muddy and called their county Jackson and the capital Independence. And so it re-mains to this day. Clay stood for liband Jackson for independence.-

NAGGING

Newport News, Va., July 22, 1903.
Last summer while recovering from illness of fever, I had a severe attack of Inflanmatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of linaments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement any nearer getting well. One day while reading a paper I saw an advertisement of S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was cuttrely cured. I now feel better than for years, and I chaerfully recommend S. S. S. to any one suffering from Rheumatism.
