The Pyle company supplies illumi-nation for railroad coaches. This illuminant is forced into small retorts, which, when attached under the floor of a car, will supply it with light for months. In order to make this possible the retorts are subjected to an extremely high pressure. It was such a tank that caused the first explosion. While workmen and wreckage filled the air, other retorts exploded in such rapid succession that it was almost impossible to distinguish the separate deonations. There were nine such ex-plosions in all, and these left the plant in flames. The fire kept the department busy for several hours. The total loss to property is \$75,000.

Great Throng in Attendance at National Grange.

Portland, Nov. 19 .- Yesterday's at endance at the National Grange convention went up to nearly 3,000. To-day bids fair to bring the largest num-bers, owing to the fact that the three final degrees will be conferred this afternoon at the Empire theater. The sessions are growing more enthusiastic and much business is being transacted at every session.

There was no evening session last night, the various committees needing the time for their reports. The Armory hall was thrown open after 5 o'clock to the general public, and the visitors held impromptn receptions among themselves. Many speeches were made and songs were sung, the occasion being one of the most enjoyable of the in formal gatherings so far during the

week. Yesterday's business began with the annual address of G. W. F. Gaunt, of New Jersey, assistant steward of the National Grange. Others addressing the meeting were: B. C. Patterson, of Connecticut, and the state managerfrom New York, Washington, Missouri, Delaware, Colorado and Vermont, who made reports upon the condition of their respective charges.
