**SPECIAL MEETING
COMMERCIAL CLUB**

Called by the President to Consider Freight Rates—Committee appointed to act.

On Monday night the Commercial Club of Cottage Grove held a special meeting for the purpose of discussing the conditions which are to a considerable extent affecting the business interests of Cottage Grove as well as many other portions of the state.

President Campbell in explaining the reason for the meeting, stated: "That it was felt by a large number of the people that the railroad rates, both local and on lumber were excessive. That the restoration on lumber rates made by the Southern Pacific last spring had not been of the benefit that had been hoped at the time. That while it did restore rates upon lumber to certain points, it did not cover all former points and there was no change on the rates on piling, and the Pacific Timber Company as well as others, had made a specialty of that business."

Hon. I. H. Bingham, F. B. Phillips and others, took part in the discussion. It was by motion ordered, that a committee consisting of president E. K. Campbell, F. B. Phillips, I. H. Bingham and Wm. B. Root be appointed to draft suitable resolutions in which shall be set forth the present local and other railroad rates and the changes which should be made, and a copy of the resolutions be furnished the Commercial bodies of other cities, as well as members of the legislature soon to convene, with a view of securing some favorable legislation upon local and other freight rates. It was by motion decided to invite all business men and those interested, although not members of the club to meet with the club at its regular meeting next Monday night.

The Weather Calendar.

The Chattanooga Medicine Co., the manufacturers of Wine of Cardui and Theford's Black Draught have just issued the 1905 edition of their Cardui Weather Chart and Calendar. This Calendar with its 13 sheets 13x20 inches in size makes a bright ornament for the wall and is a useful acquisition in any home or office on account of its displayed weather predictions. The prominent numbers can be read across a large room as can the colored signal flags showing the weather conditions for each day. These weather signals illustrate the forecasts of Prof. Andrew J. DeVoe who achieved great prominence by his accurate predictions of the great Galveston, St. Louis and Minnesota storms and cyclones. So great is the popularity of these predictions that they are printed in 2,500,000 of these calendars and in 18,000,000 of the Ladies' Birthday Almanacs which are issued by the Chattanooga Medicine Co., each year. We understand that a copy of this weather chart and calendar may be secured by sending 10c in stamps to the Chattanooga Medicine Company, Chattanooga, Tenn. Any of our readers who have not secured a copy of the Ladies' Birthday Almanac can get one by sending their address to "Ladies' Birthday Almanac" Chattanooga, Tenn., or by calling on their druggist.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food, digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweats. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 37c; regular size, 75c. At all druggists. German Hemenway.

Frank D. Wheeler, overseer and treasurer of the Crystal Consolidated Mining Co., returned Wednesday from Bohemia, where he went to overlook operations at the mines.

Sister, Thou wast mild and lovely, Your kind words we will miss, Thou, no more—at the door will greet us, Thou hast gone to a better world than this.

We bow with your dear children In sorrow and grief, But we ask the Lord sustain us, And give our hearts relief.
