In last week's issue, it was an-  
nounced that T. M. Hunt, of this city

(Continued from first page.)

called upon, stated he was with the  
people in every movement which  
was to the interest of the city and  
explained at some length the rates  
as they now existed.

Hon. Robert Veatch thought we  
were facing a serious condition. It  
was not the lumber interest alone  
affected by these conditions. That  
with an experience of twelve years  
in the Oregon legislation, he realized  
how difficult it was to secure legisla-  
tion but by persistent effort every-  
thing was possible.

Mr. Johnson, of Drain, said that  
all realized the necessity of some-  
thing being done to bring about the  
proper development of this section  
and Drain was ready to co-operate  
in every way possible.

Prof. Wann told a good story and  
then stated he was ready to assist  
the committee in every way possi-  
ble.

Mr. Wimperly also responded to  
a call and was heartily in favor of  
earnest work to bring about better  
conditions.

Prof. Damster told of the oppor-  
tunities of horticulture at Drain.  
That the people there were just re-  
alizing what can be done in that  
locality in the raising of fruits. His  
principal reason for being present  
and addressing the club, was to ask  
its assistance for the preservation of  
the State Normal School located at  
Drain. The people had taxed them-  
selves heavily to assist in the main-  
tenance of the school. As there was  
talk of the coming session of the  
legislature of economizing by the  
cutting of school appropriations, it  
was desirable to have the support  
of all to prevent such action. He  
introduced a preamble and resolu-  
tions which were received by the  
club and the following resolutions  
were adopted by the club: There-  
fore, be it

Resolved, 1. That the members  
of this club, collectively and individ-  
ually pledge their earnest efforts to  
secure at the hands of the legisla-  
tive assembly proper recognition  
for that school.

2. That we hereby call upon our  
senator and representative and that  
they made honorable, earnest ef-  
fort to this end.

3. That we ask for a favorable  
consideration of the claims of these  
resolutions as herein set forth by all  
similar organizations to whom they  
may be presented and by the com-  
mittee of ways and means of the  
legislative assembly.

The resolution presented by the  
committee concerning freight rates  
were adopted. Hon. I. H. Bing-  
ham made a strong speech, wherein  
he explained what his position  
would be in the legislature. That  
he recognized the rights of the rail-  
roads; We want them to assist in  
the upbuilding of the country, but  
at the same time he realized the  
rights of the people, would do all  
in his power during the coming  
session of the legislature to serve  
the people.

Harry Brehaut and Prof. A. B.  
Briggs were elected members of the  
club.

On motion adjourned to meet  
Thursday night.

**Flag Presentation.**

The voting for the beautiful silk  
flag and the gooseing for the \$100,  
prize has begun in earnest.

The votes after this week for the  
various societies will be announced  
in the Nugget. So far they have not  
been counted but many voters are being  
cast. Among those so far remem-  
bered are: The G. A. R., K. of P.,  
M. W. A., Methodists, W. O. W.,  
Mason's E. S. School, West side  
School and Public School. Many are  
guessing the number of votes that  
will be cast for the society but fail  
to sign their names. This must be  
done if you want to win a prize.

**"The Two Little Walls."**

This play is one of the most success-  
ful ever written and staged by Lin-  
coln J. Carter and will be seen at  
the opera house on Monday Jan. 9th.  
It is without doubt one of the most  
stirring plays that will be seen in this  
city this season. The story itself is  
full of strong heart interest. The  
villain, in order to win the love of  
another man's wife, breaks up the  
home and kidnaps one of the children.  
The mother is reduced to abject pov-  
erty, but in her direst need, refuses  
aid from the man who brought  
trouble at the door of her home by  
his base plotting. The piece is full  
of pathos and tears but is not with-  
out some good comedy.

Bert A. Richmond is in Portland  
on business.

Mr. D. L. Woods is building an ad-  
dition to his residence in Carrin Park.

T. C. Keizer, an old resident of  
Sharp's creek, was in the city Mon-  
day.

Master Charles Hard, spent several  
days in the city visiting his father.  
He returned to his home in Portland  
Monday and will resume his studies.

Medley & Milne, the real estate  
firm on Monday removed their office  
from the corner of Third and Main  
Streets to the opera house building.

The Woodmen of the World lodge  
at their regular meeting Saturday  
evening will enjoy a smoker and gen-  
eral good time. All Woodmen are  
invited.

The prize essays on Cottage Grove,  
Lane County and Bohemia are now  
in the hands of the committee of the  
Commercial Club. It is expected the  
awards will be made by Friday  
night.

Mr. and Mrs. W. W. Thackrah, of  
Roseburg, returned to their home  
last Monday after having spent two  
weeks on their farm home near  
Hebron, about eight miles from Cot-  
tage Grove. Mr. Thackrah is the  
chief clerk in the U. S. Land Office at  
Roseburg.

Mahara's famous colored minstrel  
are billed for this city on the 25th  
instant. It was originally planned  
for them to come here on the 25th of  
December, but an especially good  
business in California has kept them  
there until the present arrangement  
was made.

President Campbell of the Oregon  
State University and professor Hyde  
in charge of the mining department  
of that institution have been invited  
to be in attendance and serve on the  
committee of awards and will be  
present if their duties will permit.  
These prizes to be awarded are those  
offered by E. J. Hard.

**Shot in the Arm.**

Sam Bellis, a laborer with an extra  
S. P. gang near Comstock, on last  
Sunday accidentally discharged a  
shotgun in such a manner as to get  
the full charge of bird shot through  
his left arm. He was brought to  
Cottage Grove, where the company's  
surgeon, Dr. C. T. Hockett, and Dr. B.  
R. Job dressed the wound, and the  
patient was sent to the Good Samar-  
itan Hospital on Sunday night's  
train. Dr. Hockett states that it  
may be necessary to amputate the  
arm.

**CLIMATIC CURES.**

The influence of climatic conditions  
in the cure of consumption is very much  
overdrawn. The poor patient, and the  
rich patient, too, can do much better at  
home by proper attention to food diges-  
tion, and a regular use of German  
Syrup. Free expectation in the  
morning is made certain by German  
Syrup, so is a good night's rest and the  
absence of that weakening cough and  
debilitating night sweats. Restless  
nights and the exhaustion due to  
coughing, the greatest danger and dread  
of the consumptive, can be prevented or  
stopped by taking German Syrup liber-  
ally and regularly. Should you be able  
to go to a warmer climate, you will find  
that of the thousands of consumptives  
there, the few who are benefited and  
regain strength are those who use Ger-  
man Syrup. Trial bottles, 75c; regular  
size, 75c. At all druggists. German

was operating a mine at that place  
at the time of his death. He was for-  
merly one of the owners and man-  
ager of the Annie mine in Bohemia,  
now known as the Noonday. He  
was about 50 years of age.

**CURED LUMBAGO.**

A. B. Cannon, Chicago, writes  
March 4, 1905: "Having been trou-  
bled with Lumbago, at different times  
and tried one physician after another,  
then different ointments and rub-  
ments, gave it up altogether. So I  
tried once more, and got a bottle of  
Ballard's Snow Liniment, which  
gave me almost instant relief. I can  
cheerfully recommend it, and will
