### Eugene Bankrupt Sale.

F. E. Dunn has purchased from the creditors at 50c on the dollar, the Dry goods, Clothing, Furnishing goods and Shoe stock of the Magnet Clothing Co., and the entire stock will be closed out at the present location, No. 61 East 9th street, for less than original wholesale cost. Fixtures for sale when the stock is closed out.

Mr. L. W. Baker has become a partner with J. S. Milne in the real estate business. The firm's name will be Milne & Baker, with their office in the Opera House building.

Arthur Mattoon, of Kiddle, has accepted a position in the general merchandise store of Ben Lurch in this city, taking the vacancy made by the resignation of Wm. Baker, who will devote his time to the real estate and insurance business.

It is announced that the Pacific Timber Company will on the first of March, remove their stock of general merchandise from the lower floor of the Odd Fellows Hall to the Eakin & Bristow corner opposite the present location. The offices of the company will also be removed from the warehouse property to the new location.

Mr. and Mrs. G. W. Whitsett, of Bend, formerly of this place, departed for their home last Saturday. Mr. Whitsett came in to accompany his wife, who has been spending some time here on account of her health. He reports Bend enjoying good times and making rapid development. Bend is located in Crook county near the scene of the extensive operations on the irrigating ditch and on the line of the Columbia Southern Railway, now building toward the south from Shaniko.

Mr. Ira L. Harding, this week received from Messrs. Walton and Clark, whose ranch is near Maysville, California, a box containing about a hundred pounds of choice oranges, with a few fine lemons.

There were three varieties of oranges, the Navels were remarkably large, the sweet seedlings and blood oranges were smaller but fine in flavor and very sweet. The lemons were also large but as sour as the oranges were sweet. The Nugget office received samples of each which were duly appreciated.

### Commercial Club Entertainment.

On Saturday night Woodman Hall was well filled with the members of the Commercial Club and their families, also many of their friends.

It was the occasion of C. B. Newton's appearance under the auspices of the club. Mr. Newton came highly recommended as an impersonator of character and recitationist and notwithstanding he was very much indisposed, so much so that he had to cancel his engagement at Eugene the night before, he fully sustained the reputation which preceded him and it was generally admitted by those present to be the best of its kind ever presented in this city.

The evening's entertainment began with a piano recital by Mrs. Roy Welch which was as always by this lady, pleasingly rendered.

Following which president Catapbell introduced Mr. Newton, who for some time held the attention of the audience with recitations, stories and a short description of foreign lands. During the intermission Miss Maud Blair, with Mrs. Welch as accompanist, entertained with a song. The remarkable strength and tones of the young lady's contralto voice was a great surprise to those who had not listened to her singing before as well as enjoyable to those who have had that pleasure.

The second part of the entertainment by Mr. Newton was in the character line. His representation of the rather ancient lady who has considerable to say was perfect, as was that of the rather foolish boy who had been led into a foot ball game. The recitation of "That old Sweet heart of Mine" was as well received as any of those given during the evening. Mr. H. C. Matheson very kindly loaned his fine piano for the occasion.

### Arsenic Was Found.

It has been stated in several papers that no poison was found in the tests made in the case of Nelson Elsea who was found dead at his home near Comstock.

The first tests made were of the coffee which was thought to contain strychnine, but none was discovered there, a portion of the contents of the stomach was sent to Dr. L. Victoria Hampton of Portland and Dr. Schlot of this city has received a letter from the doctor stating that by analysis, arsenic was found in the stomach's contents.

### District Convention.

On Tuesday's trains the delegates to the district convention of the Women of Wood, left began to arrive.

There were not so many in attendance as had been expected, which was caused by the recent cold weather, as many from toward the coast and others away from the railroads did not care to stage the great distances.

There are, however, between sixty and seventy-five delegates, enough at least, to make an interesting session. The convention will complete its work tonight.

### More Indictments.

The Federal Grand Jury has adjourned.

Following are the indictments as returned by it:

The Blue Mountain indictment. — John H. Mitchell, Senator of Oregon; Binger Hermann, Representative in Congress; John N. Williamson, Representative in Congress; Franklin P. Mays, State Senator and Portland attorney; W. N. Jones; George Sorenson, ex-Deputy Sheriff and timber dealer. It is alleged that the defendants conspired to defraud the United States of land to be obtained in exchange for school lands fraudulently obtained from the state, and to be included in the proposed Blue Mountain Reserve.

The Conspiracy indictment. — John H. Hall, ex-United States Attorney; Henry Ford, private detective; Harry L. Rees, ex-Major in United States Army; A. P. Cayler, a Portland grain merchant; John Cordano, a deputy sheriff; J. H. Hitehings, a Portland lawyer; John Northrop, juror in the Sorenson case; Charles Lord, a Portland attorney. It is alleged that the defendants conspired together to form a plot which would cause the removal of District Attorney Henry from office by blackening his character before the public and proving him to be a man of low morals. The conspiracy was to bring witnesses who would swear to improper relations between Mr. Heney and Marie Ware.

The Ocean Park (Cal.) Journal, will send the "Queen of Ocean Park" to the Lewis and Clarke Exposition. The paper pays all the expenses of the queen, who is elected by popular vote.

HAS NO SUBSTITUTE

### Claims He is Innocent.

W. H. Miller who has a home-stand near Comstock was arrested Saturday and taken to Roseburg. He was charged with having poisoned Nelson Elsea, who lived on an adjoining farm. The widow of Elsea swore to the complaint.

Mr. Elsea was found dead in his home on the 20th of January and was buried in Cottage Grove cemetery.

It was thought by some that he had been poisoned and several parties were suspected. Mr. Miller in his examination gave a straightforward story and denied having made threats to kill Elsea. His brother had contested the claim of Elsea's, and some trouble had arisen in consequence.

It is not generally thought Elsea was poisoned but that he died from heart trouble.

### Morris Mortimer Jackson.

Morris M. Jackson, son of Mr. and Mrs. T. J. Jackson, died at the family residence in this city Sunday, February 12, 1904, aged 30 years, 8 months and 19 days, of consumption. He leaves a wife and two children, his parents, three sisters and one brother, the latter namely, Mrs. Willis Blackburn, of Oregon City, Mrs. Fred Sanders, of Albany, Rosebud and Ivan of Cottage Grove.

Deceased was born in Lincoln county, Oregon, in 1874. The funeral was held from the residence Monday afternoon, with interment in the Walker Cemetery.

### BORN.

BORN—To the wife of Clifford Powers, Saturday, February 11, 1905, a girl.

BORN—At Salem Oregon, on Sunday morning, February 12, 1905, to the wife of O. O. McClelland, a son.

Mrs. W. H. Abrams, mother of Mrs. McClelland, has gone to Salem.

### CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food, digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest, and the absence of that weakening cough and debilitating night sweats. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or at least by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 50c. At all druggists. German Home remedy.

### All kinds of engraving at H. C. Maden's.

### FRAUD EXPOSED.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & Co., Chicago, Ill., and Windsor, Canada. For sale by Benson's Pharmacy.
