

FEEDING THE CHICKS.

Best Results Obtained From Dry Grain Ration—Avoid Slops.

The dry grain ration as recommended by so many is strongly exemplified in the several kinds of grain sold under the name of chick food for young chicks, says the Feather. The use of this provides every food necessary for the young chick. This is a mixture of grains, grit, meat and vegetable foods of the most approved character for the sustenance and growth of the young chick.

Where one wishes to provide his own food supply from the products near by or of his own production it is a very easy matter to have finely cracked or broken wheat, oats and corn with a very little millet seed and some fine sand for grit for the early period of the young chick's life. So soon as they are old enough wheat, hulled oats, cracked corn and a little millet seed may be given to them. For a meal of mash food we should always prefer the cooked Johnnycakes, which can be made the same as corn bread. Any kind of meal may be used for this. The best, however, is a mixture of ground meal, finely ground oats, with all the husks or hull sifted out, and some wheat middlings. This mixed with either milk or water, a few of the infertile or clear eggs from under the hen or the incubator stirred in, and a little baking powder added to make it light, is one of the most beneficial foods that can be prepared for the young chicks.

Above all things, never feed any wet or sloppy foods. Do not allow the brooder to become soiled or dampened from water or the scalding milk or wet foods. Keep the interior of the run-way of the brooder perfectly clean, dry and free from the influence of sour or spoiled food of any kind. When the brooder chick foods are made use of there is not so much necessity for grain food. When the chicks are run out upon the grass they can make their own selection of this, and when the weather or other conditions will not permit provide them with some very short cut grass, clover or vegetable tops of some kind. It is always best to cut this into very small particles with a pair of shears. Long pieces of grass or green food of any kind is likely to clog up the crop or passageway from the crop to the gizzard.

One of the most dangerous happenings to the brooder chick is the presence of bowel trouble, from whatever cause it may come. It is the most prevalent danger of all, and more chicks are destroyed through this agency than from all other causes combined. Too much heat, too little heat, dampness, cold and exposure are all prolific causes of this trouble, all of which must be provided against. When wet or sloppy foods are fed they produce the same trouble. Sour food causes indigestion and fermentation in the crop and thus creates the same trouble. Avoid all these dangers and care for the chicks in a good, common sense, everyday fashion and feed them as chicks should be fed and you should succeed with the handling of brooder chicks.

DRIVEN TO DESPERATION.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c, at Benson's Drug Store.

Clover For Poultry.

Clover is not only nitrogenous, but is rich in lime, a substance required by the hens for providing the shells of eggs, and which is in a more soluble form in the food than in the shape of oyster shells or other insoluble substances. It contains nearly thirty times as much lime as does corn in its proportion of flesh forming elements. One of its advantages as food for hens is that it is not only nutritious, but bulky, and aids in the digestion of the grain. It is valuable in supplying those substances which are lacking in grain, and as it is plentiful on all farms and requires but a few moments for its preparation, there is nothing to prevent its use. By allowing a ration of scalded clover to the hens after green food is gone they will keep in better laying condition and the production of eggs will be increased.

SPRAINED ANKLE, STIFF NECK, LAME SHOULDERS.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. It promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by The Modern Pharmacy.

Apoplexy In Poultry.

Apoplexy usually comes from overfeeding on starchy foods and can but rarely be cured. If the bird is very valuable, proceed as follows: Open the large vein under the wing and hold the bird's head under a cold water tap for a minute or two; then, if it shows signs of recovery, feed it sparingly for a few days on soft, light food—giving no hard grain at all—and a dose of five grains of bromide of potassium each day.—Journal of Board of Agriculture.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by The Modern Pharmacy.

Lettuce For Chicks.

Lettuce is good for the little chicks. It is greedily devoured by them and is about as easily obtained in the spring as anything. A small bed planted early will make food for a good many chicks.

Appreciated the Assistance.

The members of Appomattox Post G. A. R. of Cottage Grove fully appreciate the courtesies extended to them on Memorial day.

To the band for its excellent music, those who participated in the parade, those who addressed them at the cemetery and church, to those who furnished the flowers, the M. E. Church that tendered the use of its building and all others who assisted in any manner upon that occasion, the Post desires to acknowledge its obligations to them and to assure them, that the old soldiers of Cottage Grove will ever remember the kindness extended upon that occasion.

CUBAN DIARRHOEA.

U. S. soldiers who served in Cuba during the Spanish war know that this disease is, and that ordinary remedies have little more effect than that much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as well as seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for such a valuable medicine." For sale by The Modern Pharmacy.

The tombstone of a high bred dog in New York reads, "Wrinkles, Pug. He lived like a gentleman." Probably he did. He was at least never known to smoke in the presence of ladies or spit on the sidewalk.

JUST WHAT EVERYONE SHOULD DO.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to a store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room, as I have had several attacks of colic and it has proven to be the best medicine I ever used." Sold by The Modern Pharmacy.

WORST OF ALL EXPERIENCES

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Benson's Pharmacy.

John D. Rockefeller denies that he will give \$10,000,000 to establish a fund for broken down clergymen. Probably Dr. Washington Gladden has convinced John D. that clergymen would rather starve than live on "tainted money."

THAT TIRED FEELING.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments due to nervousness and restore the energies and vitality to sound and perfect health. J. J. It is the best medicine ever made for chills and fever." 50c, sold by The Modern Pharmacy.

STARTLING EVIDENCE

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland Bentonville, Va., serves as example. He writes: "I had Bronchitis for years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Benson's Pharmacy. Trial bottles free, regular sizes 50c. and \$1.00.

HEARING RESTORED

Science Prevails Against His Flesh Is Heir To.

All readers of this paper are by this time familiar with the name of Dr. Darrin, and they no doubt read with interest accounts of the many remarkable cures this celebrated physician has performed. We suspect that some have read the testimonials of grateful patients with some suspicion as to their authenticity, therefore we are gratified to be able to present testimonials that must put at rest every possible doubt. There is probably not a better known man in this country than J. F. Amis. He has spent almost a lifetime among the people of this section, and his reputation is such that nobody will stop a moment to investigate his truthfulness. He has received relief at the hands of the great benefactor, Dr. Darrin, and desires to inform the afflicted that they may have the same opportunity. Mr. Amis' testimony is given below:

397 West Seventh Street Eugene, Oregon, June 3d, 1905.

To the Editor:—Noticing in your paper a statement of several persons regarding cures of deafness by Dr. Darrin, in the interest of the afflicted I wish through your paper to add my testimony to the efficiency of the doctor's treatment of my case.

About eight years ago I contracted a severe cold, which settled in my head, resulting in partial deafness of the left ear, so much so that I could not hear my watch tick when pressed it to the ear. Remaining thus until about a month ago, I had the grip with all the aggravating symptoms which attend this malady, ending in deafness of the right ear. I was much alarmed at my condition, and was of course, a source of great annoyance and anxiety to the family, and I began to think of hunting up some specialist to treat me for my disease.

Noticing Dr. Darrin's card in the paper and remembering having done business with the firm of Drs. Darrin of Portland years ago, when I published the Broad Ax in Eugene, I was too glad to call on the doctor at his rooms in the Smeede Hotel and place myself under his treatment, and now I am able to state that after a few days of treatment I am completely cured and can hear through both ears as well as I ever could. I am also being successfully treated for eczema and asthma. This remarkable statement is made without solicitation from the doctor or any one else, with the belief that it would be almost criminal to withhold from the public a knowledge of the fact that those afflicted as I was may find certain relief from deafness by applying to Dr. Darrin at the Smeede Hotel. I am 78 years old.

Respectfully, J. F. AMIS.

PERMANENT CURES.

To the Public:—I am thoroughly well acquainted with Dr. Darrin and his mode of treatment as two of my brothers were cured by him 15 years ago, when the doctor was practicing in Portland. One brother, John Neal, now living in Dundee, Yamhill county, Or, was cured of blood poisoning from a gunshot wound. Another brother, Elmer Neal, living in Vida, Lane county, Or., was cured of catarrh of the stomach, dyspepsia and liver trouble. I am being successfully treated for heart, liver and stomach. Refer to me at Vida, Or. JAMES NEAL.

DEAFNESS AND RINGING EARS.

Mr. and Mrs. J. F. Hogan of Oakland, Douglas county, Or., came to Eugene last week to consult Dr. Darrin at the Hotel Smeede for deafness and terrible ringing noises in the right ear. She was cured of both and went home rejoicing. While in the city they were visiting their friends, Mr. and Mrs. P. V. Coffey, at 195 Lawrence street.—Guard.

Was Mrs. Martin's Sister.

Mrs. J. R. Numemaker who was drowned near Heppner May 30, was a sister of Mrs. U. S. Martin of this place. She visited here with her sister two years ago. Also O. J. Cox whose child was drowned is a brother of Mrs. Martin, together were two children of Mrs. Numemaker's drowned. Mr. Cox lived at this place leaving here some three years ago. Mr. Numemaker is among the largest and most prosperous sheep men of the Heppner district. Mrs. Martin was wired the sad news of the drowning but too late for the burial. Full particulars have not been learned as yet.

FOUND A CURE FOR DYSPEPSIA.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by The Modern Pharmacy.

What it Costs to See the Fair.

Visitors at the Lewis and Clark Exposition will be surprised to find how cheaply the big fair may be seen. The expenses of a trip depend largely, of course, upon the individual who makes the trip. The following is a conservative estimate of the entire cost for a trip to the Exposition and return:

The Trail.

The call comes, strong and insistent, Out of the West. Oh, hark! Follow through hall and sun the trail Blazed by Lewis and Clark!

On with the blanket and saddle, Ride like the devil possessed, Swift on the way by night and day, Hit the trail to the West!

Sting of the wind in our faces, Crushing of hoofs on sand,— Whate'er betide, pause not, but ride Straight to the promised land.

Whiteness of sails on the ocean, Gleaming of gold in the hills, Glory of grain on the harvest swain, Curling of smoke from the mills.

Off with the saddle and blanket, Kindle our hearthfire spark,— Hero's all hail to the westward trail Blazed by Lewis and Clark!
