Weekly Journal (Portland) \$2.00

WEDNESDAY, JUNE 21, 1905

Occasionally we hear some one say they do not believe they will visit the Exposition at Portland. It will be a mistake for any one to fail to see the Exposition if they can possibly arrange to go. Such an occasion is seldom offered the people of the western coast to see so much, for so small a sum of money and so little loss of time. Go and see the Exposition some time during the summer.

Every month there comes to the Nugget, "Our Dumb Animals," a paper published in Boston. It has for a motto, "We speak for those that cannot speak for themselves." As its name suggests it stands for the prevention of cruelty to animals and the wanton destruction of any living thing, especially our birds. If all the children could have this paper to read a few years, there certainly would be less harmless birds and animals killed, and they would learn the domestic animals are among their best friends and would treat them accordingly. A note in the paper states that teachers can have "Our Dumb Animals" for 25 cents per year. Its a good paper for older people to read as well as children.

The sale of the \$2000 water bonds by the city last week at a small sum above their face value seems to be very satisfactory to the people. As there are already \$15000 water bonds outstanding it was not expected there would be as great a bonus offered as it there were the first.

The selling of these bonds at the price, after a thorough investigation by the purchasers or their representatives shows that Cottage Grove has a good standing in financial circles.

With the city's growth and the increasing need of a greater water supply, it was important that something should be done and the city council did a good thing when it decided to submit the matter to the people and they in turn acted wisely when they voted for the issuance of bonds.

The parties who have secured these bonds have certainly made a good investment, as with the usual resources a community have, this city has besides, a lumber industry which will last for many years, and while Bohemia is thirty five miles away, yet owing to its location it is practically a part of this city as this is and will be the supply point and the home of those who operate there.

It is also certain that the increased use of water will more than pay the interest on the new bonds which will prevent an extra taxation.

Masons Install Grand Officers.

One of the main features of the closing session of the Masonic grand lodge was the installation of officers. The executives had been elected during the session and they were seated as follows: W. H. Flanagan, of Grants Pass, grand master; Dr. W. T. Williamson, of Portland, deputy grand master; Lot L. Pierce, Salem, senior grand warden; Ed. Kiddle, La Grande, junior grand warden; W. A. Cleland, Portland, grand treasurer; J. F. Robinson, Eugene, grand secretary.

Members of the board of trustees of the educational fund were re-elected. They are: John B. Cleland, of Portland, J. M. Hodson, of Portland, and M. S. Woodcock, of Corvallis. After the installation Grand Master Flanagan made public the names of the appointive officers, which are as appended: Rev. J. R. N. Bell, of Baker City, grand, chaplain; Morris B. Cox, of Portland, senior grand deacon; O. S. Heilborn, Astoria, junior grand deacon; Alex. Kuntz, of Portland, grand marshal. Charles Augustus Johns, Baker City, grand orator; James F. Stith, Kerby, senior grand

steward; T. M. Baldwin, Prineville, junior grand steward; Simon Caro, Roseburg, grand standard bearer; P. H. Harth, Grants Pass, grand swordbearer, and D. G. Tomasina, of Portland, grand tyler.

It was decided to hold the next session of the grand lodge in Portland during June, 1906. The question of purchasing ground on which to erect a Masonic Temple was left to the board of trustees of the educational fund, to report on at the 1906 session. The board was empowered to buy the site if it was deemed necessary, but the building was not to be contracted for until it had been considered by the grand lodge. That the order is strong in Oregon is evident from the tenor of the reports submitted yesterday, which showed there were 109 lodges in the state, with a total membership of 7500, and this has increased more than 50 per cent during the past five years. There have been no deaths in the grand lodge in the year just closed, and few proportionately in the membership.

The steel range given away by the Wynne hardware company will be disposed of July 1st. Better have some tickets and stand a chance of securing it.

HUGE TASK.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion, and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Benson's Pharmacy. Price 50c."

A Sensible Move.

Have Tom Awbrey write you up a policy on your home and furniture in the Oregon Fire Relief Association, or your stock of goods in the Etna Insurance Company.

A BAD SCARE.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, constiveness, etc. Guaranteed at Benson's Pharmacy, only 25c. Try them.

"Are you going to send your boy to college?"

"I don't see the use," answered Farmer Cornstossel. "The first thing a college professor does when he gets a bright idea is to publish it. I'd rather subscribe to the newspaper."—Washington Star.

Mrs. Waunta Coyne—"The parrot talks all the time." Mr. Coyne—"Yes, but he never asks for money."

NO SECRET ABOUT IT.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Benson's Pharmacy.

DYING OF FAMINE

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Benson's drug store, price 50c and \$1 a bottle. Trial bottle free."

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

"The time-worn injunction, 'Never put off 'til to-morrow what you can do to-day,' is now generally presented in this form: 'Do it to-day!' That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some relief remedy for it to-day—and let that remedy be Dr. Bosche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists."

LOOKS LIKE A MIRACLE

Mr. John C. Newton of Baker City Relates How He Was Cured—Dr. Darrin to Remain Until Oct. 1.

Eugene Register.

It is with pleasure we print the following card, coming as it does from Mr. Newton. He is so well known in Baker City that his word cannot be controverted. It seems that the uses to which electricity is being applied are not alone confined to the arts, but it is destined to do what medical and surgical skill has failed to accomplish.

One reason for Dr. Darrin's success is that he does not take all cases that apply for treatment. If he deems their case incurable after thorough examination, he so informs his patient, and his examinations are free of charge.

Mr. Editor, Sir:—For eight years prior to calling on Dr. Darrin I had been totally deaf in my right ear. Dr. Darrin cured me so I can hear perfectly and as well as ever in my life. I can hear a clock tick across the room, or a low conversation. The cure was performed January 24th. I most urgently recommend his new cure by electricity to all. I reside below the public schoolhouse, Baker City, and will gladly talk with any one.

JOHN C. NEWTON.
Dr. Darrin can be consulted free at his office in the Smeede Hotel, Eugene until October 1.

A Shining Example

The Peerless Shoe is the acme of the shoe development of recent years. It is made so carefully that all will appreciate its comfort and its durability.

YOU CAN'T MAKE A MISTAKE IF YOU BUY THIS SHOE....

So many have found it just what they wanted and have been so well pleased at its price.
