### PEACE ENVOYS MEET.

Brought Together on Naval Yacht and Introduced by President.

Oyster Bay, Aug. 6.—At 1:30 o'clock yesterday afternoon the formal reception of the representatives of the belligerent powers by President Roosevelt on behalf of the United States government took place on the cruiser Mayflower. It was a notable demonstration in honor of the distinguished guests, envoys of their countries to the peace conference.

The Mayflower, the finest vessel of her class in the navy, was tastefully decorated for the occasion. The beautiful interior fittings were ornamented with cut flowers and smilax, intertwined with the national colors of Russia and Japan. The colors of the two nations also fluttered from the vessel's masts.

The Japanese and Russian plenipotentiaries left New York the morning on two cruisers for Oyster Bay, where they met the president. The Japanese made the trip on the cruiser Tacoma and the Russian envoys were conveyed to their destination aboard the Chattanooga.

Constantine Nakakoff, of the Russian foreign office, when asked whether Russia would agree to a cession of territory or payment of indemnity, two points on which it is believed that Japan will insist, replied: "I don't think so."

Sato, the Japanese spokesman, asked how prospects looked, said: "Not very bright, but we are hopeful."

Early in the morning the president's naval yacht Sylph and invited guests arrived, and at 1 o'clock President Roosevelt boarded the Mayflower. He was greeted with the presidential salute of 21 guns as he went on board. Baron Komura and Minister Takahira and their suites left the Chattanooga in a launch and proceeded to the Mayflower. As they boarded the vessel a salute of 21 guns was given. The envoys were received on deck by Commander Winslow and escorted to the main cabin, where they were presented to the president by Assistant Secretary Pierce. The same ceremony was then enacted for the Russian plenipotentiaries, Sergius Witte and Ambassador Rosen.

The envoys of the two powers were then presented formally to one another by President Roosevelt, after which all partook of a luncheon.

The Japanese envoys were then conveyed to the dispatch boat Dolphin, on which they sailed for Portsmouth, New Hampshire. Witte and his party remained on the Mayflower, which weighed anchor at the same time as the Dolphin and started on its cruise, conveyed by the cruiser Galveston.

### AUCTIONS OFF LOVERS' GIFTS.

Remembrances from Alice Roosevelt's Admirers Sold at Church Fair.

Washington, Aug. 7.—There are things doing in the St. Hilda society connected with Christ church in Oyster Bay. This little guild is Mrs. Roosevelt's pet charity, and this fact being spread broadcast, treasures and trophies for its fairs are not lacking. Indeed some remarkable objects find their way to the bazaars, and there is a faint suggestion that the first lady of the land, with the practical sense for which she is noted, utilizes many of the useless gifts which come her way to raise money for her church.

"Princess" Alice also receives cartloads of dainty perfumes, photographs and such trifles from her lovelorn admirers, who would doubtless be overcome if they could see some of their votive offerings displayed on the bazaar tables.

### Restrains Pool Selling.

Portland, Aug. 7.—Presiding Circuit Judge Frazer has granted a preliminary order restraining the Multnomah Fair association from selling pools on races at the Irvington track in this city. Immediately the officials of the track announced that for one week there would be no races. Within that time the permanent injunction proceedings will be disposed of and the Multnomah Fair association will know its legal status toward pool selling. Judge Frazer declared that if evidence had been introduced convincing him that the suit was merely a quarrel between gamblers, as was intimated, he would have thrown it out of court.

### Moody Inquires Into Strike.

Washington, Aug. 7.—Attorney General Moody has addressed a letter to the United States district attorneys along the lines of the Great Northern and Northern Pacific roads requesting information regarding the telegraphers' strike and its possible effect upon the transmission of government messages. Moody says he has been informed that for several days message have been interrupted. He says it is the government's duty to keep such channels open to protect its own communication and he is much concerned.

Chicago, Aug. 7.—Edward Burthart, aged 18 years, who was arrested with a gang of three men and two women, charged with having committed wholesale robberies in this city, has confessed to Chief Desmond that the gang robbed 330 houses. ## REACH NO VERDICT

Second Trial of Land Fraud Case Proves Fruitless.

### 30 BALLOTS WITHOUT CHANGE

Proposal to Convict Gesner and Biggs and Clear Williamson Was Defeated by One Juror.

Portland, Aug. 5.—John N. Williamson, Dr. Van Gesner and Marion R. Biggs will have to face trial on August 28 for the third time, on the charge of conspiracy to suborn perjury. After having strived for 45 hours to reach some conclusion, the jury in the Williamson case came into court, and upon its own request was discharged by Judge De Haven. At only one time did the government cause hold the majority vote, that being during the first three ballots, when seven of the jurors voted to acquit, the vote then changing to six for conviction and an equal number for acquittal, where it hung without interruption through 30 ballots. At another time those voting to acquit proposed to their comrades to convict Gesner and Biggs, provided Williamson should be acquitted, but Henry J. Keene would not consent to the agreement, and no change was made in the vote. George Kirk, after having voted for three times to convict, changed his ballot to the other hand and refused to make another decision. According to the story told by several of the jurors, it was apparent early in the course of the deliberations that no verdict could be reached, and the subsequent ballots were taken more as a matter of form than with the expectation that any change would be shown.

The bone of contention seemed to be in regard to the existence of a contract, and in the question of intention on the part of the defendants to do wrong.

### OFFICIALS FILE ON CLAIMS.

Nome People Much Exercised and Threaten Drastic Measures.

Seattle, Aug. 5.—Advices received in this city tonight from Nome by the steamship Ohio state that the people of Nome are up in arms against the government officials and their actions in filing upon valuable mining claims. The Nome Nugget in a long article charges the officials with using illegal methods and taking advantage of their position to possess themselves of many valuable claims which are obtained by relocating. The Nugget prints comparative tables showing the number of claims held by the government officials and their relatives or assistants, and also the number held by the leading mining and business men of Nome and vicinity.

Officers of the Ohio report that the people are greatly exercised over the matter and are talking of drastic measures if the authorities at Washington do not investigate the matter.

### ALASKA FOREST BURNING.

Dense Pall of Smoke Hanging Over Lynn Canal.

Seattle, Aug. 5.—Forest fires are again raging along the southeastern coast of Alaska, and heavy clouds of smoke hang over the waters of Lynn Canal, according to the reports brought to Seattle this afternoon by the steamer City of Seattle, of the Pacific Coast Steamship company's fleet.

Captain Charles O'Brien, master of the Seattle, states that since the short rains which served to extinguish the forest fires which burned in that part of the country a month or more ago, the weather has been hot and dry, and that the fires have started up again, and are as bad as before.

The forests are on fire both on the islands which fill the inside passage and along the mainland, and unless rain falls soon it is feared that the timber loss will be serious.

### River Pirates Arrested.

Vancouver, B. C., Aug. 5.—Harry Young, of Seattle, R. Brechin, of Vancouver, and Harry Kline, of Vancouver, were arrested today charged with being river pirates. Numerous accusations of boat stealing and thefts of nets and outfits from fishermen are made against them. It is also alleged that before daybreak one morning they held up several Japanese fishermen in boats off the Fraser Sand Heads. It is charged that they held pistols at the heads of their victims and made them relinquish boats, gear and everything they had of value.

### Torpedo Boats Make Raid.

Tokio, Aug. 5.—It is officially reported that two Russian torpedo boat destroyers appeared off Chuching, on the northern coast of Corea, at 4:48 o'clock this morning and attacked the Keisbo, a small merchant steamer. The destroyers fired 60 shots, seven of which hit the port side of the engine room and bridge, killing the captain and one boy and wounding two of the crew. The destroyers then ceased firing and steamed toward Vladivostok.

### Dividend on Mrs. Chadwick's Estate.

Cleveland, O., Aug. 5.—Creditors of Mrs. Cassie L. Chadwick will receive a total dividend of about 7 mills on the dollar when the matter is finally settled. Net assets will amount to about \$25,000.

### HUNT SUCCEEDS DE HAVEN.

Montana Judge Will Hear Remaining Land Fraud Cases.

Portland, Aug. 4.—Judge William H. Hunt, of the Federal court for the district of Montana, will reach Portland August 28 to take up the land fraud trials where they will be relinquished by Judge J. J. De Haven, who will leave Portland on Saturday for San Francisco and remain there engaged with the business that has arisen in his district. A recess of the Oregon District court will then be taken from the conclusion of the final details incident to the closing of the second trial of Williamson, Gesner and Biggs, until August 28. United States District Attorney Heney will leave for San Francisco tonight, to be gone for a couple of weeks, and upon his return a Federal grand jury will be called to probe further into the irregularities of the land entries of the state and the many and various abuses growing out of the non-observance of the law.

Judge De Haven has found that it will be necessary for him to go to San Francisco at once to attend to business which has arisen in his court in that city. At first it was thought that another judge could be shifted to that district, and Judge De Haven could finish the duty undertaken by him of hearing to the end the land cases now pending. This was found not to be possible, however, by Judge Gilbert, of the Circuit court, and after some negotiations Judge Hunt has been assigned to the Portland court for the remainder of the land cases.

### QUARANTINED ON ALL SIDES

Militia and Armed Poses Block All Travel Through South.

New Orleans, Aug. 4.—The excitement in the country districts seems to have grown more acute with the discovery of cases at various points. In this connection the doctors are disposed to question whether all the cases that appear can properly be traced to New Orleans.

A whole train load of passengers on the Iron Mountain road has been held up in Concordia Parish, removed from any habitation, for some time. The passengers have been loud in their telegraphic protests to the Railroad commission, declaring that they have had neither food nor water, and that nothing has been done to relieve them from a distressing situation. Efforts are being made to move the train.

Monroe, La., with fever on three sides of her, has put militia and armed citizens on every road leading into her limits. New Iberia, La., has decided to guard against infection by the use of rifles. Many of the smaller towns are passing mosquito ordinances.

Alexandria has completely bottled herself up, but in order to save herself and the parish from starvation she has permitted the running of a train, thoroughly fumigated, three times a week to bring in provisions and other supplies.

### DISCHARGE LIKELY.

Second Jury in Land Fraud Cases Seems Likely to Disagree.

Portland, Aug. 4.—After 33 hours of argument and ineffectual endeavor to agree upon a verdict, the twelve weary men of the Williamson-Gesner-Biggs jury went to what rest could be gained in the crowded and stuffy jury room last night at 11 o'clock. Seven of the men, so it is rumored, hold that the defendants have not been proved to have committed the crime charged in the indictment and wish to return a verdict in accordance with their belief. Five men hold the opposite, that crime has been proved by the evidence of the government, and wish to return a verdict of guilty. One other story has it that the jury is evenly divided, six men wishing to convict and six to acquit. Whether or not either of these stories is true, the fact remains that there is a serious disagreement, and as time has passed, the conviction has grown around the Federal building that there will be no verdict returned.

### Tear Off American Coats.

Victoria, B. C., Aug. 4.—Advices from Canton state that, when a delegate of the Chinese boycott movement against America was explaining to students in Canton schools the nature of the agitation, he pointed out that many students wore tunics made of American cloth. These were at once torn from the backs of the students. Various vernacular Chinese papers have given notice that no American business notices or any news regarding Americans was to be published in their papers after July 18.

### Will Seek Out Fraud.

Chicago, Aug. 4.—Three large insurance companies of New York are to be investigated by the Insurance commissions of Tennessee, Kentucky, Wisconsin and Minnesota, as a result of a meeting of eight state insurance commissioners held here today. Another result of the conference is to be the interstate investigation of all large insurance companies, so that alleged misapplication of funds and mismanagement may become a thing of the past.

### Only Fag Ends of Strike Remain.

Chicago, Aug. 4.—Police have been removed from the wagons of many firms that have been strikebound for four months. Correspondingly many union drivers were restored to their old places. The Employers' association, following the determination of the Lumbermen's association to reinstate union teamsters in a body, has decided to lift the ban placed on all strikers a week ago.

## OREGON STATE ITEMS OF INTEREST

### NEW MINING TOWN.

Borealis Falls Established at End of Calapooia Road.

Brownsville—Borealis Falls is the name of a new mining town which has just sprung into existence on the Calapooia side of the Blue river mining district, 40 miles southeast of Brownsville. The camp consists at present of four loghouses and boasts a population of 13 souls, but this will be added to soon by the addition of at least ten more people. The town is located practically in the heart of the district, on the south bank of the Calapooia river, near the falls of the Calapooia, and is an ideal site for a modern mining town. The site is at the end of the Calapooia river wagon road, now building into the district from Brownsville, from which joint roads will branch off to the many mines of the district. This road is now under construction by Linn county, and when finished will give access to the district by a direct route of considerably less distance than any other. Already the road is completed 28 miles above Brownsville, and the county is lending every effort to complete it this year. A small portion of the road passes through a section of Lane county, and this will be built by the citizens of Linn county and mineowners.

The commissioners will serve without expense to the state, and will report to the next legislature.

### S. P. Puts Out Rangers.

Grants Pass—To prevent the outbreak of forest fires in its timber domain, the Southern Pacific company has put out a number of rangers in addition to those appointed by the government. By reason of the unusual dryness fires will spread easily in the timber this year, and extra precautions are being taken. Violators of forest reserve rules and careless hunters and campers who leave camp fires burning will be more severely dealt with this summer, that the ravages of past seasons may not be repeated.

### Take Out \$860 in Five Days.

Sumpter—Another clean-up from the Belmont group, Greenhorn district, has been placed on display here. It represented in value \$860 and resulted from five days' operation of the small mill on the property. The ore from which the clean-up was made was taken from the upper workings on the rich ledge opened up some time ago and which has made such a wonderful output since that time. A shaft is now being sunk on this ore body, and the output is expected to be much larger when a depth has been reached.

### Chinook Running in Wallowa.

Astoria—Fish Warden Van Dusen has received a letter from A. D. Allen, superintendent of the new state hatchery on the Wallowa river, stating that the chinook salmon are now running there and large numbers are already in the racks. Work on the construction of the new hatchery is well under way, and the plant will be ready for the taking of eggs the latter part of the coming month. The plant will have a capacity of 15,000,000.

This ditch system is to be used as part of the project and the agreement to sell includes also certain color of right to land now under water and which are to be drained and used for irrigation purposes.

The secretary has also approved the purchase of certain rights and property of the Jesse D. Carr Land and Live-stock company from S. L. Akins. This purchase involves a large area of land for the Clear lake reservoir site, also rights of way for ditches to be constructed by the United States over these lands and certain color of right to lands now under water which will be drained and irrigated.

The former purchase is to be made for \$100,000, less certain deductions stipulated in the agreement, and the latter for \$197,500.

### SLUMP IN CHITTAM BARK.

Product Goes from 20 Cents Down to 3 Cents a Pound.

Albany—This is an off year with the chittam bark people. For the last two years a great amount of money has been put in circulation through the medium of this medicinal bark, hundreds of people spending their outing in the woods peeling the bark. The price of the commodity soared up past the 20-cent mark, and those who were fortunate enough to secure a valuable belt of chittam timber netted a neat income. Little boys who had never earned a dollar in their life lined their pockets last year and the year before at the rate of from \$3 to \$7 per day.

As the result of the great increase in price, many tons of the cascara, or chittam, bark were gathered and sacked, only to lie in some warehouse unsold. This overproduction caused a slump in the market, and this year the bark is going for 3 to 3½ cents per pound.

### Forest Fire in Clackamas.

Oregon City—A forest fire, one-half mile in width and already having covered an area one mile in length, is raging at the head of Canyon creek, in the foothills east of Wilhoit, this county, and in the vicinity of James. Only underbrush and second growth timber are being consumed, the flames not having reached any of the valuable heavy timber.
