Weekly Journal (Portland) \$2.00

THIS PAPER is kept on file at E. C. Drake's Advertising Agency, 41 and 43 Merchants Exchange, San Francisco, California, where contracts for advertising can be made for it.

WEDNESDAY, AUGUST 30, 1905

This week is Seattle week at the fair, and large delegations are on hand to celebrate the week.

Portland's city council has had to recind the measure recently proposed to tax farmers a yearly license to peddle their goods about the city, or to pay a per diem fee for market privileges. Why farmers near Portland should not charge for the use of a public market privilege or pay a license for peddling, is not clear. Other cities seem to think just that they should pay as well as anybody else for such things.

The Peace Conference is at a standstill, as neither side will recede from their positions. The Japanese Cabinet Officers and the Emperor have met in council at Tokio and it is thought that the result of this meeting will either bring peace or renew hostilities. President Roosevelt is doing all in his power to bring about a peace settlement, but it begins to look very much as though the difficulty would have to be fought to a finish.

The annual State W. C. T. U. Convention will be held at The Dalles, Oct. 3rd to 6th. Lane Co. Convention will be held at Creswell Sept. 5th and 6th. Local Co. and State Dues must be paid at once if we want to be represented. State President Mrs. Lucia H. Addom expects to attend Co. Convention. A called meeting of the Local Union will be held next Friday Sept. 7th to elect officers for the year and elect Delegates to the State and Co. Convention. An open air mother's meeting will be held just after business session. The Bible Class will meet the same afternoon. Sept. 1st at 2.30 P. M. the other meetings to follow, will all be held at the home of Mrs. Katie Perkins. (Please bring reports) and all members urged to attend. All mothers invited. Every body welcome.

Pres. Mrs. L. A. Baker  
Treas. Mrs. Lillie Orpud  
Sec. Mrs. Mary L. Randolph

### Injury Caused Death.

Frank Dixon, a young logger, employed for some time past in Button & Renninger's camp on the upper Mohawk, died at the Eugene hospital Monday at 11 o'clock as a result of injuries received Friday.

The young man was struck on the head by a falling limb of a tree and rendered unconscious. He remained in that condition to the last.

No one seems to know anything about the unfortunate man. He never told his fellow workmen where he came from nor where his relatives are. Undertaken Gordon, who has the body at his morgue, will hold it a day or two in hopes that in some manner the news of his death may reach his relatives. Funeral arrangements have not yet been made.

### General Summary.

The past week was cooler than the previous one in the western section, while in the eastern section the nights were cool, with moderately warm days. A few small showers occurred in the northwest Sunday and Monday, but they were insufficient to wet the ground to any great depth, and rain is still needed everywhere for late crops and for pastures.

The grain harvest is drawing to a close and threshing is well along. Fall wheat and barley continue to yield well, but the berry of spring wheat and oats shriveled during the late hot weather and the yields are disappointing. Pasturage is getting very short and stock is losing flesh. Corn and hops are making satisfactory advancement. Late potatoes are at a standstill and need rain badly.

Apples are generally smaller in size than usual and the crops prom-

ises to be below the average in quantity. Prunes are beginning to ripen.

### Epworth Forum.

The Epworth Forum met at the beautiful home of Mr. and Mrs. J. I. Jones on Wall street Monday evening, where a goodly number of members participated in the evening program, it being one of the best yet rendered by this society since its organization. As soon as the meeting was called to order, Miss Sophie Osberg was appointed secretary pro tem, as the secretary, Miss Winona Gunn had left the city.

Minutes of previous meeting were then read and approved, after which Mr. Brown introduced the newly elected president, Mr. Waehle, who delivered an inaugural address. The program was then successfully carried out, one of the main features being several selections upon the piano by Miss Evans who is visiting with Mr. and Mrs. Jones.

After the program, the election of a secretary to fill the vacancy caused by the removal from the city of Miss Gunn, was taken up, and it was ordered that Miss Sophie Osberg be declared secretary for the term ending December 31, 1905, after which adjournment took place.

Refreshments were served by the esteemed hostess, after which all departed for their homes to meet in two weeks.

### Condensed Fruit Laws of Oregon.

To protect the fruit and hop industry, it is unlawful for any person to throw any cuttings or prunings from fruit trees, nursery stock, ornamental trees or hop vines into the public highway, or into any water course of any kind, but shall destroy cuttings or prunings with fire within thirty days from time cuttings or prunings are made.

Any person owning or operating any nursery, fruit orchard, hop yard, flower garden or ornamental trees infected with any kind of insect pests or disease, must spray or destroy the same in such a manner as the fruit inspector may direct.

It shall be unlawful for any person to sell Paris green, arsenic, London purple, sulphur or any spray material in quantities exceeding one pound without providing with each package sold a certificate, signed by the seller guaranteeing the quality and per cent of purity of such material.

Any person who sells or imports any infected or diseased fruit of any kind or packs or delivers for shipment to any point in the state or without the state, is guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than \$25 or not more than \$100.

All trees, plants, cuttings, grafts, buds or scions imported into the state shall be inspected upon arrival and if found infested with any injurious insects or disease which cannot be destroyed by the remedies required in rules 7 and 8 of the horticultural regulations, shall be proceeded against as a nuisance.—Ex.

### Holmes Arrested at Washington

Washington, Aug. 28.—Edwin S. Holmes, Jr., former associate statistician of the department of agriculture, surrendered to the United States marshal this morning in response to an indictment charging conspiracy in connection with the premature publication of government crop reports.

Holmes was indicted with Frederick A. Peekham and Moses Hass of New York. The two latter had already been arrested. District Attorney Beach went before Justice Stafford Saturday and Holmes' bond was fixed at \$10,000. It was expected that Holmes would appear in answer to the indictment that day, but he failed to show up until this morning.

Mrs. Andy Graham has been down to Boswell Springs for a day or so.

Mr. R. O. Brady of Creswell was in town Tuesday arranging matters for the hop picking season to commence on Sept. 5th on the R. R. Hayes place.

A great many people of the town are away on their vacations, camping, travellings or visiting the fair, so that the town seems usually quiet these days.

J. B. Stewart shipped a bear he recently caught down to the Park Commissioners at Portland for the Park Zoo. Quite a crowd was on hand to see it shipped off Tuesday.

Eron Munson has located his wife and two little daughters, who recently disappeared from their home here, at the Rheinfaiz hotel, Portland. There have been several dis-agreements between them, and it is understood that now that Mr. Munson has found them again, a satisfactory arrangement to both parties has been made for a separation.

# MYSTERIOUS POWER

A Wonderful Remedy for a Wonderful Age.

Electricity is the wonder of the age, and the most beautiful in the annals of perfection. It penetrates the secret ambush of disease and exterminates it, root and branch forever. It removes the wretched symptoms of long-continued ailments and averts their dreadful effects. It cures many of the most insidious and relapsing pains that every known remedy has failed to cure. It has been established by the testimony of many hundreds who have been cured by Dr. Darrin, standing at the bedside of the patient, that the following cards from patients in his vicinity:

Mr. Editor.—For the benefit of others as well as Dr. Darrin, I wish to say I have been afflicted for many years with catarrh, which extended to my bronchial tubes, lungs, stomach and bowels. Cough and lung troubles, constipation, indigestion and other complications had reduced me so low that I was unable to work. Dr. Darrin has so far relieved me that I think a few more treatments will be all I need. I most earnestly commend Dr. Darrin and will answer all questions at my home, six miles southwest of Eugene.

—Hester Darrin.

Mr. Editor.—For a long time I have been troubled with inflammation of the bladder, symptoms of diabetes, a tendency to remove the bladder many times a day and night. Dr. Darrin has cured me, much to my comfort and joy. My husband has been cured under Dr. Darrin's treatment of kidney, liver and stomach trouble. Write to me at 15 West Eighth Street, Eugene.

—Mrs. W. Murray.

DR. DARRIN'S PLAN OF TREATMENT.—Dr. Darrin can be consulted from the Saturday Evening Oregonian until October 1, from 10 o'clock to 12 daily, evenings, 7 to 9, Sunday 2 to 4. The doctor makes a speciality of all diseases of the eye, ear, nose and throat, catarrh, deafness, bronchitis, laryngitis, heart, liver, bladder and kidney diseases, or those originating from syphilis and rheumatism. Menstrual troubles and all diseases of either sex, such as hemorrhoids, spinal weakness and loss of vitality, gonorrhoea and stricture. Questions and question blanks sent to my address and correspondence solicited. Many cases can be treated home treatment after one visit to the doctor's office. Batteries and belts furnished with full directions for their use.

### YELLOW FEVER

### SITUATION

New Orleans, Aug. 25. There were reported today 6 deaths and 30 new cases of fever.

J. H. Smith is a citizen of our and freeholder as he styles himself. Has brought charges against the Mayor, W. H. King, and Councilman Peterson of the Council of St. John claiming that they have in violation of their public duties, entered into a conspiracy with other persons to disrupt the Common Council, disfranchise the citizens and impose upon the city other undesirable officials for the purpose of permitting the applicants for liquor to exploit the city to their own advantage.

That he is informed and believes and therefore charges one—Peterson a member of the council, with basely entering into illegal and clandestine negotiations with a certain liquor dealer to obtain for him, for a valuable consideration, a license to sell liquor to the city of St. John.

That he is informed and believes and therefore charges that said W. H. King has on divers occasions, made offers and publicly announced his willingness to pay large sums of money to certain members of this Council in consideration of their withdrawing from its membership and resigning their said offices, that said offers and announcements are of a character involving moral turpitude and were lawfully made by the said King for the purpose of corrupting the City Council and bringing the members thereof into public infamy and disgrace.

That he therefore prays that the said—Peterson and the said W. H. King be suspended from participation in the deliberations of the honorable body; that they and each of them be required to stand trial before this honorable body upon the charges herein made and that if found guilty of such charges that they and each of them permanently removed from their respective offices in accordance with the provisions of the charter in such case made and provided.

It seems that the city voted to have no saloons, but the council permits them and consequently the rumper. The whole town is much worked up and is anxious to have things quieted down.

Mr. A. Peterson of Bonita was in town Tuesday.

Everybody is very grateful to the So. Pacific for reducing the round trip rate to Portland, as the \$1.05 reduction is quite an item and allows many that much more for their expenses at the Fair, and also shows that the railroad at times is willing to make concessions without being asked for them.

BEWARE OF IMITATIONS.  
THE GENUINE PREPARED ONLY BY  
WALLARD-SNOW LINIMENT CO  
ST. LOUIS, MO.  
Sold and recommended by Modern Pharmacies

Portland's new consolidated Railway system is going to float 10,000,000 bond issue, to provide for taking up old mortgages, new improvements, changes, and the acquiring of summer resorts, etc.

The port of Portland is doing more business each day, and great increases are not only being looked for, but making themselves felt all the time. Many new ships are loading for the far East.

John M. Kay, who was elected superintendent of the City Schools for the coming year, has telegraphed his resignation to the School Board. What action the board will take has not been decided, awaiting further particulars.

FORCED TO STARVE.  
B. E. Leek, of Concord, Ky., says: "For 30 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At Benson's Pharmacy. Only 25c.

PUBLIC IS AROUSED  
A TOUCHING STORY  
The public is aroused to a knowledge of the curative merits of that great medical tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 516, St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from using best doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured. Never fails to relieve and cure a cough or cold. At Benson's Pharmacy, 50c and \$1 guaranteed. Trial bottle free."
