

**UNABLE TO LEAVE**

**Dr. Darrin will Remain in Eugene Until Nov. 12.**

The crowds of sufferers still continue to throng Dr. Darrin's office at the Hotel Smeed in order to obtain relief, and he is kept so busy that it has been impossible for him to close up his practice to get away the 1st of October as he intended. The following are a few references from the cured, testifying to his successful methods of treatment:

Judge J. J. Whitney, Albany, deafness and ringing noises in the ear, cured.  
J. D. Van Osdol's daughter, corner Commercial and Mission Sts., Salem, Or., discharging ears and deafness, cured.  
Mrs. H. J. Allen, 179 Hamilton Ave., Portland, catarrh of the stomach and bowels, hemorrhages, etc., bed-fast, cured.

F. P. Sawtell, Independence, Wash., dyspepsia and kidney complaint, pronounced Bright's disease by some physicians, restored.  
E. L. Williams, firm of Williams & Groat, 6 North Front street, Portland, deafness and ringing noises in the ears for years, cured.

G. F. Merriman, postmaster at Medford, Ore., writes his wife was cured of catarrh, bronchitis, and asthma symptoms 2 years ago.

A. B. Jones, Athena, Ore., neuralgia in the eyes for 15 years, cured 8 years ago.

Miss Nettie Durfee, Shaw, Or., deafness and granulated eyes, restored. Her father, C. R. Durfee, deafness 23 years cured.

Mrs. Beulah R. Ross, Salem, Or., stomach and heart trouble, disease peculiar to her sex; dispirited of ever getting cured; restored to perfect health.

Mrs. L. McPherson, Salem, Or., rheumatic neuralgia in the chest, indigestion, constipation, ulceration and hardening of the womb and painful menstruation, cured.

To the Editor:—For ten years I have been troubled with granulated eyelids and catarrhal conjunctivitis. No much trouble did my eyes give me I had to wear glasses. Dr. Darrin examined my eyes and told me I did not need glasses and in one month he cured me. My address is Eugene, Oregon. I can be referred to any time.

V. J. BERTZEN.

also genito-urinary and skin diseases in either sex, such as blood taints, seminal weakness and lost vigor, varicoele and stricture.

Circulars and question blanks sent free to any address and correspondence solicited. Many cases can receive home treatment after one visit to the doctor's office. Batteries and belts furnished with full instructions for their use. Eyes tested and proper glasses fitted. Charges are only \$10 a month for all who have heretofore applied and not taken treatment, or who may apply before Nov. 12.

There never has been a more active demand for market turkeys than during the past ten years, and there is no reason why this should not increase very materially in the next few years as a result of the growth of population. The census of 1900 shows that, with a little over 5,000,000 farms in the United States, not much over 6,500,000 turkeys were produced. Among the states Texas is in the lead, having produced almost 650,000 turkeys. Following Texas come Missouri, Illinois, Iowa, Ohio and Indiana in the order named. The state of Rhode Island produced less than 5,000 turkeys. It may be remarked, however, that if all the turkeys were of such good quality as those produced in Rhode Island their value would be nearly doubled, and they would return correspondingly greater profits.

**Peach Diseases and Rainy Weather.**

Seven years' study of the prevalence and injures of the fruit spot or scab fungus at the Ohio experiment station confirms the popular opinion that this fungus is influenced in its development by the amount of rainy weather during the late summer and early fall. It is judged that these losses may be largely or entirely prevented by spraying the trees when in foliage.

For scab prevention, in addition to one spraying before blossoming with some effective fungicide, recent observations indicate the need of two applications of weak Bordeaux mixture upon the trees in foliage, the earlier of these to be made in northern Ohio about June 15 and the second three to four weeks later.

**Fruit Troubles.**

The apple is attacked by at least six different species of fungi. Some of them utterly destroy, as the bitter rot and the ripe rot. Others disfigure, as the apple scab, which opens the road for the rots. All of them are avoided by early, frequent and judicious spraying. Among the worst of peach diseases is the yellow, the nature of which is not understood and the remedy not forthcoming. The same is true of the little peach. All that can be done is to educate the eye to detect the first symptoms and the will to destroy every affected tree.

**SOME SEASONABLE ADVICE.**  
It may be a piece of superfluous advice to urge people at this season of the year to buy in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before what is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by The Modern Pharmacy.

**A JUDICIOUS INQUIRY.**  
A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by The Modern Pharmacy.

**HOW TO CURE CORNS AND BUNIONS.**  
First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm three times daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism Pain Balm is unexcelled. For sale by The Modern Pharmacy.
