The program rendered by the Schubert Co is entirely devoid of waits. Pleasing the people is a trade with this famous organization, and they know tiresome waits are not a part of an enjoyable program. Although their program is bright and entertaining and contains a great deal of pure fun, it is so refined in character and the laughs so wholesome, that it is endorsed and patronized by the most select people everywhere. Hear them Nov. 1.

Mr. E. J. Tierney in advance of Eugene Shafford's "A Human Slave" company, was a caller at the Nugget office this morning. Mr. Tierney reports business as being of capacity nature, and says that the play and production are second to none. Of course, Mr. Tierney is allowably extravagant in his praises of his attractions, but as a matter of fact the Opera House management has received unbiased information that the great rolling mill scene in this drama is one of the best things of the year. Friday night at Opera house.

Wednesday evening an extra northbound freight train, in charge of Conductor Curtis, ran into a pile-driver car that was at work on the bridge in the south end of town. The pile-driver was badly wrecked, as was also the cowcatcher of the freight engine. Frank Thomas, who was at work on the pile-driver, when he saw that a collision could not be avoided, jumped to the ground below, a distance of 30 feet, badly spraining one of his ankles. It appears that the conductor misunderstood the order calling his attention to the pile-driver on the bridge.—Drain Nonpareil.

Call Accepted.

Rev. D. E. Olson of the Eugene Divinity School has accepted the call of the First Christian Church of Cottage Grove, and began services as pastor on last Sunday; two able sermons being delivered, and three new members received on that date.

Vigorous work for the winter is being carefully planned, in which the united effort of the membership and hearty co-operation of all christian people is earnestly hoped for.

An earnest invitation is extended to all to hear the series of of discourses that have been arranged for which thus far have proven both interesting and instructive.

Lurch's

Pres de Soie

Is like taffeta in everything but price

It does a taffeta service in many ways—makes a better wearing petticoat—shows to equal prettiness as a slip skirt and means a superior lining to an over garment, because it won't pull, break or lose its sprightly lustre—there is a guarantee that says it won't. The de Soie is soft and silky, lustrous and serviceable. Its price is one-third that of a taffeta and its dependability three times more certain than silk. Made in 26 inch width and in superb black as well as a primaeval display of color tints.

THE CUTTING QUALITY

of any tool is always a disservice one, but of equal importance is the power of retaining this quality so as not to require too frequent sharpening. By making your purchases of the Griffin & Veatch Co. you always receive your money's worth in the best quality of tools and entery of properly tempered steel that is sure to hold an edge.

The council is having a lively time just now on the setting of saloon licenses. The new ordinance, making still stronger the powers of the council in determining whether the applicant is a proper person to issue a license or not, is then considerable work. There is a strong element at work to get the two saloons now closed opened up, many seem to be in favor of not permitting any saloon in these buildings.

Private Nursing Home.

A competent force of nurses are established in the Scott Christian home on Wall Street, where any cases of sickness can be cared for—under any physician.
