This paper is kept on file by THE AMERICAN MINING CONGRESS, Chamber of Commerce Building, Denver, Colo., where our readers will be welcome to the use of the leading papers from the various mining sections of the West, a scientific library and mineral exhibit.

THIS PAPER is kept on file at E. C. Drake's Advertising Agency, 64 and 65 Merchants Exchange, San Francisco, California, where contracts for advertising can be made for it.

WEDNESDAY, NOVEMBER 8, 1905

The editor wants to know if charcoal has ever been burned in this section and if the wood hereabouts is adapted to that purpose.

Cripple Creek is to have another great drainage tunnel, which will make it possible for another 1000 feet to be added to the depth of the mines of the district. This tunnel has been found necessary on account of the great volume of water encountered in many of the deeper shafts. It will probably take about two years to complete.

Chihuahua has recently promulgated a new regulation on the taxing of the metals of producing ores which are of much interest to mining men at large. The principal feature is article one, that the value of metals shall be the basis of all taxes. Silver and gold in bars or bulk shall pay 1 1/2 per cent of their value, and other products are rated proportionately.

In order that the great sufferings and losses of life on the southwestern deserts may be prevented, the states of California and Nevada have provided sums for the erection of sign posts on the deserts, directing to the location of water holes, and wells, which wells are dug and kept in repair by the states. The sum set aside for this purpose is pitifully inadequate but the inrush of travel the building of railroads, and the maps prepared under government supervision are reducing the danger and the likelihood of such suffering to a great degree.

The Northwestern Miller is taking severe exceptions to the Presidential race of ex-Secretary Shaw, dubbing him 6-toed Shaw, and Leslie Maud Shaw, most of their prejudice arising from the rulings he has made that for a time hampered the milling trade. In the shipping of export flour he ruled that all sacks must be branded with an indelible ink. All prejudices are invariably formed on the particular effect they have upon one's own business or likes and dislikes and the impression one gains by such statements must also be judged accordingly.

Circuit Court Convened Monday Morning at Eugene.

The November term of the circuit court convened Monday morning at 9 o'clock with the usual number of lawyers and onlookers present.

The roll of trial jurors was called and the following were excused on account of illness: J. O'Brien of Gate Creek; Paul Hadley, of Jasper; and P. S. Hills, of Jasper.

A grand jury was called as follows: S. M. Moran, foreman; S. V. Robinson, J. W. Key, A. E. Allen, Emmitt Withrow, F. M. Parker, Arthur Tait.

Shelton Jenkins is court bailiff, and Guard Houston trial jury bailiff. J. M. Howe continues in the capacity of grand jury bailiff.

After receiving instructions from Judge Harris, the jury retired to deliberate upon the criminal cases to come up this term.

Drain Notes

The Skelley Lumber Co. is erecting its terminus buildings in South Drain consisting of dry kiln, planing mill and sash and door factory, the railroad switches are being constructed and as the company has contracts on hand for two years work we expect to hear things hum soon.

The enrollment in the Normal is

270 and continues to grow.

Mr. J. W. Neir, the S. P. right of way man made a visit north Monday and Tuesday.

The Normal football team visited Cottage Grove last Saturday. They report a very pleasant trip.

The Normal educational exhibit has been returned from the exposition where it made many friends for the school. The display will be made a part of the regular exhibit of the school.

Miss Grace Trunnell and Mable Wilson visited friends in Yoncola over Saturday.

Mr. C. E. Owens of Lorane was visiting his family several days last week. The children are attending the Normal.

Beckley Bros. of this place shipped several car loads of fine hogs to Portland on Monday.

Rev. Vanden Fleet of Illinois has been located here as the regular M. E. pastor. His family will arrive the last of the week.

Ye old sons and daughters will present "Ye Old District School" in the near future for the benefit of the churches. It is the country school of 50 years ago.

Mr. Carl Hill visited at Rice Hill over Sunday returning Monday. We have often wondered why the young man visits so often in that neck of the woods.

Mrs. J. W. Neir is gaining the reputation of a great fisher. She has caught several fine salmon while her husband has been securing the right of way near Scottsburg for the new railroad, and if he is as successful as Mrs. Neir, we will soon hear the iron horse in the canyon of the Umpqua.

CITY COUNCIL MEETS

Council Raises Liquor License From \$400 to \$600 per Year.

The City Council held its regular meeting Monday night. After the reading and approval of minutes the council commenced the business of the evening, with all the councilmen with the exception of Bartels present.

The mayor made a little address on the advisability of raising the saloon license to \$800.

A petition was presented asking for the establishment of an arc light at the corner of 3rd and Platte streets, which was signed by a large proportion of the citizens residing in that locality. The light would hang on the corner by the new Graham hotel and would take the place of two of the ordinary lights, and possibly three. Mr. Graham made a proposition to pay himself the additional cost above the cost of the regular lamps dispensed with, when the council objected to be ginning to place arc lights on the side streets at their expense. It is altogether probable that with Mr. Graham's proposition in view the council will order such a light installed.

Andy Graham made application for the removal of his saloon from the present building to the west room of the Imperial Hotel building, formerly used as the dining room of the hotel, and agreed to make the rooms in accordance with the council's wishes. The application was laid on the table until the adjourned meeting that the council might look over the premises.

Henry Aiger of Eugene, a former bartender of W. Waddell made application for a saloon license for the Red Front saloon for the balance of the license year, presenting recommendation from Mr. Waddell, and bond. The application was laid on the table.

Mr. Ware's application for saloon license was withdrawn, and his papers returned to him.

The street and water committee reported that they thought the city should stand the expense of relaying and connecting the pipe which formerly connected the properties of Messrs. McGilvray and Wm. C. Conner to the water main, the property owners paying for the additional pipe and ditches necessary. The council accepted the report and ordered the work done.

Ordinance No. 121, repealing the former license fee of \$400 and creating a new fee of \$800 was passed on its 1, 2, and third reading and was signed by the recorder and mayor.

Councilman VanDenburg advised the establishment of fire limits within the city, restricting the building of wooden buildings, etc. The council all concurred, and a committee was appointed consisting of Councilmen VanDenburg, Vesich and Johnson to define such limits,

etc. Mr. Lea asked for a warrant for \$500 on his street contracts. As the work is practically completed and \$900 is still due Mr. Lea, the warrant was ordered drawn, the balance to be paid when the streets are completed and inspected.

Mr. Lea also asked for \$2000 on his water contract, but owing to the fact that no report was ready by the commissioner, and that \$2000 would make the total payments \$7000 on the contract or practically half of the total expense, while only half the work has been performed, the council only granted \$1000 to be paid.

The following bills were presented and passed upon by the finance committee, the council ordering warrants drawn to cover same:
G. Pitcher, salary.....\$ 60 00
R F Martin, right of way.... 29 00
J E Young, salary..... 8 33
I. Taylor, services..... 12 00
W S Bennett, street work... 50 50
C G Elec. Co, lights.....194 80
R Martin, special watchman. 6 00
H H Gregory, gravel..... 26 60
Griffin & Veatch, hardware... 8 60
F V Wheeler, care of reser. 4 00
New Era Drug Store, record book..... 3 75
H E Underwood, salary, etc 68 65
A Nelson, flash lamp..... 4 35

The bills of Dr. Hockett \$5.50, Corpron \$2.3, Polts & Powell \$2. Benson \$10.65 and Private Nursing Hospital \$60; for the care of the Hayes children were presented, and referred for payment to the county court as it is understood that in a recent ruling at Eugene the county had to pay for the care of several such cases at Eugene, and the council here think the county should stand this expense as well.

Dr. Hockett made a report that the goods destroyed last Friday on the supposition that they were the household goods of Mr. Doolittle's family from Oklahoma, and had been open to infection from diphtheria was found to be an error that the goods had been sent from Seattle by Mr. Doolittle's sister to help them out. Just what action will be taken is a question. Dr. Hockett was informed by the R. R. Agent that the goods were from Oklahoma, and Mr. Doolittle's consent was obtained to burn them, as also was the consent of Mr. Miller to burn three mattresses, next the goods. One or two merchants are thinking of having a sale of sanitary crackers, on account of the fumigation of the car.

Meeting adjourned to meet on the 13th.

Governor Passes Through Town.

On the Monday noon train were Governor Chamberlain, Attorney Gen. Finzer and Game Warden Baker, all returning from Klamath Falls, where the Governor went to look over government reclamation works. In going the party went to Thrall, California, which is about 40 miles south of Ashland, from there took a private road 32 miles to Kemo on Lake Klamath, and the balance of the way by steamer. The party all had a royal good time and at every point they visited a banquet was ready for them. This is the first time that a governor of the state has ever visited the section, so the people were doubly anxious to do things up brown. They drove to Merrill with 8 teams and had a great celebration. On the return trip a stage was used to Pokegami, where the railroad begins, but on arriving there the engine broke down and a little dumpy lumber engine was engaged, hitched on to a box car and the ticket agent acting as conductor took the party back to Thrall.

The governor was much pleased with his trip and expects great things of that section when the government works are completed. Mr. Humphrey, manager of the reclamation works tendered the governor and his party a "Tent Banquet" which left nothing to be desired. Mr. Baker cannot say anything too good of Klamath people, their energy or their foresight. The warden only bagged 599 ducks that were being shipped into California over the state line while he was there.

The Governor and Gen. Finzer were both glad to have such a fine day for their trip home and were sorry that there were not more representative citizens of the town at the train to shake hands with them. They hoped to get a look at Game Warden Baker's pheasants as they passed through, as they had heard much of their beauty.

Football at Eugene.

Saturday will be the great football game day at Eugene when the University plays Corvallis Agricultural College. A great game is expected and large crowds will be on hand to witness it. Special trains will be run for the accommodation of all visitors.

J. W. Bennett was a visitor in Eugene on Thursday.

In Our Societies' Realm

Epworth Forum.

The main feature of the Epworth Forum which was held Monday evening was that of a debate, viz: Resolved, that education lessens crime. A very interesting and instructive response was given by the participants and after all was said the judges retired to another room who finally decided that the negative side had put up the best and most points and therefore decided in their favor.

While the judges were out impromptu speeches were given, many of which were instructive as well as entertaining. Roll call was responded to by various short anecdotes and as a whole the evening spent by the members and friends of the Epworth Forum was a great success and one of the best ever yet given by this worthy society.

For the meeting to be held in two weeks a spelling match is anticipated.

Last Friday evening the ladies of the Commercial Club gave a unique entertainment in the form of a "hunting party." The club rooms were tastefully decorated with pine boughs and autumn leaves behind which were concealed animals of every description and after a ride in the train (which consisted of moving from one table to another and guessing geographical conundrums) the guests went about hunting the animals. Before returning, twenty minutes were allowed for refreshments which consisted of delicious coffee and dainty sandwiches. Prizes were awarded to those finding the greatest number of animals and answering correctly the largest number of geographical questions. Chas. Bruneau received the former prize and David Griggs the latter. Everyone had a jolly time and the ladies who planned the evening's fun should be congratulated upon the success of their efforts.

Mr. W. B. Dennis is giving out very neat little souvenirs of the work of his new furnace in the shape of miniature flasks of mercury, labeled "B. B. mine Black-butte, Oregon."

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. Sold by The Modern Pharmacy.

A FAMOUS REMEDY

"I cured MY cough with German Syrup!" He wrote to Dr. G. G. Green: "An' as true as I tell you, doctor dear, I'm feelin' finer than ever I've been!"

The poor consumptive should not be the victim of experiment, as he often is, but the moment the dread disease manifests its presence he should be given Bo-schee's German Syrup—a pure, non-alcoholic medicine that is made specially for the cure of consumption, and has a worldwide fame as a certain remedy for catarrhs, colds, coughs, croup, sore throat and all bronchial affections in old and young. It is sold in all civilized countries, and has been famous as a consumption cure for almost half a century. Trial bottle, 25c. Big bottle, 75c. At all druggists throughout the world. Benson's Pharmacy

Cottage Grove Flour Mills

MANUFACTURERS OF

Flour and Feed

Remember that the Cottage Grove Flour is sold on its merits, at lowest living prices. We use 25 per cent hard wheat in our Pride of Oregon brand. This Flour will produce more bread per sack than the cheap varieties now offered. Try it once and be convinced, and at the same time encourage a home enterprise.

THE EXACT THING REQUIRED FOR CONSTIPATION.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says R. S. Webster & Co., Udora, Ontario, Canada. For sale by The Modern Pharmacy.

HERB W. EDWARDS INJURED.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knee. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared." For Sale by The Modern Pharmacy.

WHEN YOU HAVE A BAD COLD.

You want a remedy that will not only give quick relief but effect a permanent cure. You want a remedy that will relieve the lungs and keep expectoration easy. You want a remedy that will counteract any tendency toward pneumonia. You want a remedy that is pleasant and safe to take. Chamberlain's Cough Remedy meets all of these requirements and

for the speedy and permanent cure of bad colds stands without a peer. For sale by The Modern Pharmacy.

NO POISON IN CHAMBERLAIN'S COUGH REMEDY.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by The Modern Pharmacy.

Dr. C. T. Hockett went down to Eugene to attend the Medical Society meeting.
