### Woodmen Have Installation.

Friday night the local lodge of the Woodmen installed the new officers F. C. Coffman, Consul; L. W. Baker, Advisor; Lieutenant; D. H. Ribble, Escort; F. M. Ernest, Banker; C. H. VanDenburg, clerk, which makes 9th year of continuous service in that service for him. E. F. Adams, Watchman; F. J. Bartels, Sentry and Dr. C. T. Hockett, Camp physician. One new member namely Frank Winzenreis, of Sagnaw was taken into the order, which gives this camp a total membership of 107 of whom 32 were present at the installation and Mr. Winzenreis, thinks he was very much present at the initiation. After the exercises an impromptu banquet was furnished by the club members, consisting of stewed fresh oysters, boiled ham, sandwiches, cake, coffee, fruit and cigars. F. M. Ernest was head oyster cook, and Chas. Van Denburg presided over the coffee urn, which post he always fills, on account of his special adaptability in that line. The boys furnished the best of everything and lots of it, so that they had to divvy up the things afterwards to clean up.

J. M. Isham and Dr. Hockett were awarded first honors as the Prima Donas of the musical part of the evening, which was greatly enjoyed, every man lending his voice to the singing of the Woodman as well as college and fraternal songs. The Woodmen can't be beat for fraternity and good times.

### Ten Million Dollar Corporation Formed

Seattle, Wash., Jan. 6.—A \$10,000,000 corporation, which proposes to organize and maintain a general wireless telegraph business, has been formed with headquarters in Seattle by San Francisco men. The corporation is known as the United States Wireless Printing Telegraph company. The articles of incorporation empower it to create, obtain, operate or dispose of devices now known or hereafter to be known for the transmission of verbal or pictorial messages.

The incorporators are: W. D. Valentine, J. M. Duke, W. B. Kellogg, S. L. Phillips, John H. Marble and J. D. Lederman of San Francisco and A. F. McLainie of Tacoma, formerly vice president of the National Bank of Commerce at Tacoma. The articles were filed in the office of the county auditor today.

### Mosby Creek.

Sherman Spang returned from Dorena Monday after a few days visit with his sister, Mrs. J. B. Mosby.

Sam Lewis was a visitor at Cottage Grove Wednesday.

Mrs. Walt Baker returned to her home after a few days visit at Cottage Grove.

Uncle John Shelton of Coast Fork is working for Walter Baker.

Oscar Lee went to Leona Wednesday.

Tom and Will Rawlings went to the city Monday.

Will Johnson returned from Bohemia the last of the week.

BUCKHORN.

The Pacific States Telephone Co's linemen are now in town, and going north about two miles a day with the two new wires that they are stringing through to Portland. It will not be long before we will have much better Portland service, and a good many more local phones. The new switchboard for the local office is mighty slow coming, but Dave Griggs hopes it will get here in a couple of years at least.

### A New Furniture Store.

John Cochran, who was going into the Bazaar business with W. C. Conner, failed to complete the arrangements and is now going to Portland to buy a complete line of house furnishings and furniture and will open up a new store in the building recently sold by him to the Wynne Hardware Company. He will conduct an undertaking establishment in addition to the regular furniture business.

### Million for Malheur

Washington, D. C. Jan. 6.—Oregon is practically assured another reclamation project, although not on such a scale as at first contemplated. Officials of the interior department are working on the Malheur project details, and while official announcement has not been made, the completion of work on the final lines is almost certain.

As adopted, eliminating road lands and acreage affected by the Corvallis & Eastern right of way, the Malheur project will embrace about 20,000 acres and cost approximately \$1,000,000, which sum it is understood is ready for immediate use. After eliminating the lands named, and executing the work as modified, engineers believe that the cost per acre will be but slightly above the last estimate of the bureau.

Until all estimates are finished the cost cannot be stated with any certainty, but it is not expected to go beyond \$43 and at the highest \$45. It is regarded fortunate that the alterations made do not involve any material increase in the cost of the work.

The attitude of the interior department is felt to be the result of the persistent work of Senators Fulton and Gearin. They have urged its completion on the lines indicated if nothing better were possible, and the fact that they were united and so persistent overcame the feeling of antipathy that had been aroused against the project.

Unless unforeseen difficulties intervene, the work should be commenced soon in earnest.

In connection with the Umatilla project in Oregon, the secretary of the interior has withdrawn from any form of disposition whatever, under the public land laws, Willamette meridian, 720 acres in township 5, range 29, and 720 acres in township 5, range 29. These lands are to be used in connection with the Cold Springs reservoir site.

All persons who have made entry of lands within this withdrawal and who have not acquired vested rights thereto, have been notified of the appropriation of their lands for irrigation purposes, and that their entries will be cancelled and their improvements paid for by the government as provided in section 8 and 9 of the circular of June 6, 1905, unless sufficient cause is shown within 60 days from date of such notice.

Recently Commissioner Leup of the Indian office detailed Inspector McLaughlin of the Indian service to make an effort to secure an agreement from Indians occupying Lemhi reservation in Idaho to remove to Fort Hall reservation and accept lands in severalty with the main branch of the tribe of Banocks on that reserve.

Word was received by the Indian office today from McLaughlin that the Indians had reached an agreement to remove, and had signed the request to have their wishes carried into effect. The removal of these Indians, numbering about 500 will Lemhi county, where their presence has been a source of considerable annoyance.—Telegram.

## The High School

### Seniors.

Examinations come the last two days of this week. The class is taking books home lately. "Cur est".

First Senior—"Come over tonight and we will study Latin."

Second Senior—"His! Talk lower. Don't let her hear you."

We have a class poet. Watch for some of his works. One of them adorned our notes last week.

The basket ball team was defeated at Eugene last Friday. Well, it is a sad tale to relate. But we suppose the Fales decreed that beforehand, as well as they did for us to play a part of the U. of O.

We have had no visitors of late. Rouse up ye parents and ye fellow citizens—but please don't come till after exams.

Professor Strange is giving us lessons in Physics non facile and some of us are having some trouble.

The pupils after this will leave their MSS in their desks when they go to general assembly on Friday morning.

### DIED

FINNERTY—Charles Finnerty died at Eugene hospital, Eugene, Ore., Jan. 6, 1906.

Charles Finnerty was born in Kankakee Co. Illinois, Sept. 13, 1874 and died at Eugene, of blood poisoning caused by crushed pelvis bone, at the age of 31 years, 3 months and 24 days.

Deceased moved to Oregon with his parents in the year of 1864 at the age of ten years. Has since resided almost continuously in the vicinity of Cottage Grove. Mr. Finnerty united with the Christian Church ten years ago. He was a faithful member till death and was married to Miss Minnie McKibben of this city, who still survives him, on Feb. 12, 1902.

It will be remembered that Mr. Finnerty was dangerously injured by falling rock at the Champan mines in the district of Bohemia, on the 26th of May, 1905. He has ever since been confined to his bed a helpless invalid. During his long months of severe suffering Mr. Finnerty was ever patient and hopeful.

He leaves besides his wife, a father, mother, two brothers and one sister and a host of friends to mourn his loss.

### Anna Schaefer.

Anna Schaefer, aged 29, daughter of Lewis Schaefer, near Comstock, was taken sick at Woodburn, where she has been working in a hotel, and was taken to Salem, where she died Jan. 2nd at 2 p. m., just a few days after being taken there. She was buried in the I. O. O. F. cemetery at Cottage Grove Friday Jan. 5th.

### Elisha Geer.

Elisha Geer, one of the oldest men of this vicinity, died at the home of his son, Levi Geer on Tuesday night, about 1 o'clock. Mr. Geer was born in 1816 in Minnesota, making him 89 years old at the time of his death. He has not been very well for some time but the principal cause of his death was old age, and at his death bed were his oldest sons, Elisha and Levi. In the boyhood of Mr. Geer his parents moved to Indiana, and later to Illinois; from which state Mr. Geer and his family moved in 1864 to this place, and in 1865 purchased the farm where Levi, his son, now resides. In 1880 he moved into Idaho, living at Moscow, where his wife and two daughters died and were buried. In 1895 he returned here to be with his children, but his last request was to be buried with his wife and children in Moscow, so the eldest son took him there for interment. Five children survive him, four boys, Elisha and Levi living here, one son in Idaho, another son and a daughter living in Canada. He lived a long life of usefulness and has now passed to the great hereafter, where the weary shall be at rest.

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to Chamberlain's Cough Remedy."

The time-worn infirmity, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for IT TO-DAY—and let that remedy be Dr. Chamberlain's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, Chamberlain's Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all drug stores.

### CHAMBERLAIN'S COUGH REMEDY THE BEST MADE.

In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Welker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia.

No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by The Modern Pharmacy.

### CURED HIS MOTHER OF RHEUMATISM.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard, of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful Pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by The Modern Pharmacy.
