WEDNESDAY, JANUARY 31, 1906

Oregon's first Life Insurance Company, organized under the state laws is ready for business, and will operate in Oregon, Washington and Idaho. The name of the company to the Columbia Life and Trust Co.

In its session Saturday the House passed the urgent efficiency bill appropriating \$15,216,103 and with the bill was a provision that the eight-hour law shall not apply on the Panama canal.

A Portland little girl recently swallowed a toothpick, and was operated on to remove it, but the doctors could not find it anywhere, but did find a very badly affected veriform appendix, which was removed. It is thought that a sliver of wood, caused the trouble with the appendix, but the question is what became of the rest of the toothpick.

The Portland Journal is making a strong effort to help to get the City Council to open Front street to the electric transportation company and favors the McCusker proposition, deeming it the fairest yet made for the city. Every person in the valley hopes that the City Council will open a way out of the city to some one of these lines and to the Willamette Traction Co. in particular and appreciates the interest of the Journal.

We are pleased to hear that Mr. W. B. Root, formerly editor of the Nugget, who has been for some time Assistant Postmaster at Tonopah, Nevada, is again to enter the newspaper field in Manhattan, one of the newest and most flourishing camps of that rich district. We wish him success and hope when he strikes it rich he will help to get the Bohemia Mines opened up. Elsewhere will be found an article from the Tonopah Daily Sun, relative to the new paper, the Manhattan News.

Doctors Urge Clean-Up.

The doctors in Eugene are urging a general clean-up of that town and the purification of water to stop the ravages of typhoid fever. While there are a number of cases, yet the hold is not strong and they wish to stop it where it is.

While Cottage Grove has suffered almost none from such a disease, it is fitting that we should use every precaution to keep it out. Keep your yards just as clean as possible. Disinfect all unsanitary places boil the water you use, sterilize your milk, and let all the fresh air you can in your houses. It won't hurt you to be a little extra precautions and may save you a great deal.

More Help Required

In order to expedite matters, we have asked the department for additional help and we have every reason to hope that our request will be granted. We need fully two or three more clerks, in order to care for the old business and also to handle the new which is coming in right along. If the people could only realize how hard it is to satisfactorily do business with such a state of affairs, they would make all due allowance for what may seem to them like an unnecessary delay. You see, we are here encountering a condition, the like of which has never been encountered in any other land office in the country and this means that we have to blaze a new way. Never have both offices been removed at one and the same time and so we have no precedent by which to go. So you see, we have to feel our way along, and there are a thousand and one questions

coming up right along, which have to be met and settled. Indeed, it is not a small job to unravel the tangle. But, we are making good headway and will, with the extra assistance doubtless be issuing notices for publication within sixty days from now.

New Settlers and Oregon.

The outlook is that more people will come here to look over the ground with the possibility of settling than in any previous year in our history. All of this is gratifying but it only emphasizes more strongly than ever before the need which exists of railroad lines penetrating into the interior of the state. As matters are many points very attractive are so far from the railroads that settlers hesitate to go there because they can be assured of anything beyond a bare living. What they raise in abundance they find impossible to get to market either because of the difficulties and distance or because the cost of getting to the railroad is prohibitive. If it is possible to arrange it otherwise, men want to get near a railroad so they can get out their produce at a rate that will leave them a reasonable profit. They hesitate to go far into the interior and far away from such avenues of travel.

With perhaps three fourths of the state still waiting the advent of railroads Oregon is still seriously handicapped in acquiring new settlers. It has some of the best land that can be found anywhere. It has attractions in climate and fertility of soil with less effort than in any other unsettled section of the country. But there is the railroad handicap. Of course lying along the existing railroad lines are still to be found much land for sale; many of the big unwieldy farms are being broken up and more will be. Besides there are now definitely projected various new lines of road, some of them already in course of construction and others of them projected with the certainty that they are going to be built, which will greatly alter the conditions as they were presented to many of the expected settlers only one year ago.

But there is still room for development, although the era of railroad development that has just been inaugurated gives better promise than ever before of what will be done done in this direction in this direction in the course of the next few years. Incoming settlers therefore should not feel the fear that was reasonable enough only a year ago that there was no likelihood of railroads being built into sections that otherwise were very attractive. They can now afford to take a chance even off the railroads, which they could not do then, and therefore a greater proportion of the influx is likely to remain here than could have been counted on even a year ago.—Journal.

Land Office

The Umpqua News says that the Land Office is a busy place and gives the following remarks by the receiver. "You see," remarked Receiver Eddy, "it's just like a railroad train that has been stalled. The engine must be fired up and more steam obtained, and then it takes a long, hard pull. But things will yet begin moving. Of course we are literally snowed under with work. Why, during the year in which the office was closed, business piled up so that now, roughly estimated, there must be all of one thousand filings which must be properly adjusted. And it delays current business to have such an accumulation of matter, through which we are compelled to wade, every time a man who has made a filing comes in or writes to know about his chance to prove up."

Glee Club Programme Friday Night The 2nd.

Two songs of Oregon, The Toast, Oh! Oregon—The Glee and Mandolin clubs.
Hop Scotch (Flo Flo) Whitney—Mandolin club.

"Goodnight Beloved"—Roy Bridgman.

W. M. Cox of Eugene is moving up on the O. & S. E.

In Our Societies' Realm

A Jolly Time

The members and friends of the Epworth League spent a most enjoyable evening at home in the reception hall of the Methodist church last Friday evening.

The young folks gathered early and at once made themselves at home by participating in all the many games which had been prepared by the program committee. Three Junior League graduates were taken into the Epworth League at this time and the ceremony which was used was very appropriate and interesting, it being conducted by the Superintendent of the Junior League and the President of the Epworth League.

All enjoyed themselves very much but it was more delightful upon going to the dining room where the ladies had the best of refreshments for all and after all were satisfied, much was gathered up.

The Epworthians are delighted over the evenings engagement and compliment themselves for having made such a success of it.

Epworth Forum

Monday evening was a very interesting evening for the members and friends of the Epworth Forum. Installation of officers was the first of the program after which many made the evening a success by ably taking part.

The main feature was a debate, viz: Resolved that Benjamin Franklin has done more for the people than Alex. Hamilton, Eber Brown and Mr. Anderson being on the affirmative and J. M. Isham and George Berg on the negative.

Very able discussions were presented on both sides, but the judges decided in the favor of the affirmative.

Block Club

The Block Club held its regular meeting in Odd Fellows hall last Thursday afternoon. The afternoon was much enjoyed by all present. The new members added to the roll were, Mesdames C. V. London, Winters Wallace, Moore, Earl, F. Warren and Thos. Conger.

The next meeting will be held in Jones Hall Thursday afternoon, Feb. 8.

L. O. T. M.'s Install.

The Ladies of the Maecaves gave a public installation and social Jan. 26th, which was a decided success, and a most enjoyable time was had by all.

The following officers were installed by Mrs. Kittie Kime: Commander, Mary Schmutz; past com., May Hart; it. com., Pet Sanford; sergeant, Kittie Kime; record keeper, Miss Leta Sanford; finance k., Mae Veatch; sentinel, Louisa Harding; picket, Miss Ethel Taylor.

Excellent music was furnished by Messrs. Lawson, Hanson and Al Veatch for the installation marches. Next in order May Hart was conducted to the chair and gave an address of welcome to the Sir Knights and visitors to which response was given by Hamilton Veatch, Com.; instrumental music; recitation, Opal Hart; instrumental music by Charles Culp and Newt Cruzen; recitation, Mother's Letter by May Hart; song by Mr. Shearer, and was called for a second time; instrumental music; song, Guss Gross; presentation of chair to Pet Sanford.

To the step of music Mesdames Veatch and Kime marched in with a beautiful chair and placed it at the head of the hall. Lady Sanford was called to her feet and in a few well chosen words May Hart, chair man, presented the chair in the name of Lady Lamberson Hive for her service in securing the most members within a limited time, and said: "Long may you live to enjoy this chair, may it bring you comfort and ease. You are now its possessor, and may occupy it now." Just as she sat down in the chair four ladies picked up the chair and to the steps of music, and amid great laughter and cheer marched to the foot of the hall and back again, while she looked very becoming in her new carriage. Next in order souvenir bows of ribbon with cards attached were placed in sealed envelopes, and sold to the men at 25 cents each. They having as their partner for supper the lady whose name was on their card. This afforded great fun and an excellent supper was enjoyed. There being three whole cakes left after supper a cake walk was arranged at 5c a couple, and when time was called and music stopped the lucky person holding the banner got the cake.

The social netted the neat sum of \$11.65, beside the pleasant memories that linger with us.

Prof. A. L. Briggs and the Normal boys came in on the afternoon train Monday.

The High School

Seniors.

Miss Monday last artistically arranged some pictures of favorite authors and prominent men upon the front and back walls of our school room.

Miss Hawkins, a former classmate of the seniors, visited school Friday afternoon.

Senior. Of all past weeks of mouth or pen. The subject are it might have been.

Last Wednesday evening a Basketball game was played between Ashland and Cottage Grove. The game was exciting, though a little rough. Some good goals were made from the field for Cottage Grove, but none from the foul line. The score resulted in 8 to 6 in favor of Ashland. Another game has been arranged with Dr. J. J. Monday night.

Rose Clippings

The civic improvement committee of the Woman's club has taken up the matter of encouraging the growing of roses. A box filled with soil has been placed in Benson's Pharmacy for the purpose of receiving the slips cut from clippings while pruning. Mayor R. M. Veatch was the first to respond with a bunch of slips cut from his bushes which are a credit to the town, others who have roses are requested to fall in line and follow the good example set by Mr. Veatch and bring their cuttings to Benson. Everyone who wishes some of these slips may procure them free as long as they last by calling at Benson's Pharmacy.

Realty Transfers.

Felix and Rosa Carrin to Frank Crabtree; 6.20 acres in tp 20, s r 2 w, \$100.
R M Veatch et al to Frank and C M Crabtree; 335.20 acres in tp 20, s r 2 w, \$3756.96.

W E Brown, trustee to Brown Lumber Co; certain lands in Lane county, \$1.

Timber Contract.

J F Kelly to the Brown Lumber Co; all the timber on certain 80 acres in sec 14, tp 21, s r 2 w, \$1

C. E. Jones has made another improvement on his property on the west side by planting maple trees on the street front of his residence. Let others follow.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 15 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchitis or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. (New trial bottles, 25c; regular size, 75c. At all druggists.)

Benson's Pharmacy

Cottage Grove Flour Mills

MANUFACTURERS OF

Flour and Feed

Remember that the Cottage Grove Flour is sold everywhere, at lowest living prices. We use 25 per cent hard wheat in our Pride of Oregon brand. This Flour will produce more bread per bush than the cheap varieties now offered. Try it once and be convinced, and at the same time encourage a home enterprise.

CHAMBERLAIN'S COUGH REMEDY THE BEST MADE.

My opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Forterville, California. "There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia."

No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by The Modern Pharmacy.

CURED HIS MOTHER OF RHEUMATISM.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard, of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful Pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by The Modern Pharmacy.
