The telephone repairing crew is busily at work straightening up and bracing the poles on Main street. A large number of new poles have been ordered, and Mr. Brazel thinks that enough phones will be in soon to warrant the company installing a new central energy system, but that will take a good while, as the factory that makes the board and supplies is way behind on orders.

We have a candidate for treasurer of the State of Oregon in Ralph W. Hoyt who combines all the qualities required for that office of importance and trust.

Mr. Hoyt is on record for the depositing of state funds in the counties wherein these funds are collected, instead of as heretofore, hoarding them in one common center. As this will be of great benefit to the smaller banking interests of the state and through the banks, help all local business interests, Mr. Hoyt will, without doubt, have the hearty support of all progressive men in his campaign.

Card of Thanks

An Unusual Growth.

W. C. Conner reports that last fall when he trimmed his cherry trees he let some of the smaller branches lie on the ground, and the other day in cleaning up he found a little branch that had been cut off last fall that had gotten covered up in the mulching, and had taken root, and was covered at the end projecting into the air, with small leaves. He has taken good care of it, and hopes in time to have a cherry tree from it, but this is the first time he has seen a cherry tree started from a cutting.

Mansfield of Jackson county, as a meat market, and the other half by E. H. Roark and L. F. Slavens of Cottage Grove, as a restaurant. This is one of the best locations in town.—Drain Nonpariel.

The Portland Chamber of Commerce has taken up the matter of the omission of Portland from the map issued by the Department of Commerce and Labor at Washington, showing the principal transportation routes of the world. It seems that in a recent monthly issue one other prominent port of the Pacific coast was omitted, and the attention of the department had to be called to the fact, and this was Portland's turn, but it feels rather bad at being left off the map.
