

BOHEMIA NUGGET

Devoted to the Mining, Lumbering and Farming Interests of this Community.

VOL. VIII

COTTAGE GROVE, LANE COUNTY OREGON, WEDNESDAY, APRIL 11, 1906.

NO. 12

BOHEMIA MINING NOTES

And General Mining News Gathered from Exchanges.

Jim Richards has been down from the Oregon Securities Company's property for a week's layoff, but goes back today.

Geo. Knowles telephoned down from Bohemia that until the snow goes it is rather dull, but that everybody seems to be planning for an active summer's work.

Edd Jenks expects to go back to the Baltimore property today to drive the work right along. A very good ledge has been opened, but not as good as he hopes to strike after he has gotten to the vein.

Frank Roberts at the Venovias says that everything is moving along nicely there, and that the work is steadily going forward. The snow is melting rapidly and will be gone in a short time if anything like the present weather continues.

The construction of the new telephone line to Bohemia is being delayed by the scarcity of bidders for the contract now let. The company is already to work contracts, and will have the line pushed right through as quick as the contract is let. W. H. Shaine says that the work must be commenced soon so that the line can be put in use during the summer months.

J. A. Eade, Superintendent of the Oregon Securities Co., was in town the last of the week and reports that everything is going nicely at that company's property. The mill is running and doing good work. The snows point to a good supply of water for the summer months and will make it possible to run the mill probably until an auxiliary steam plant can be installed.

Ben Trygstad returned to the Oregon-Columbia today after an absence of several weeks in the Groves. Mrs. Trygstad will not go up to the mine with little Miss Trygstad until the summer months come around. Ben thinks that it will be pretty lonesome after having just had a short time to become acquainted with the little lady, but says hard work will have to be the consolation of his blues. The tunnel is going straight ahead and considerable work is being done.

Tom Peterson reports that the rock is very hard so the labor is slow and tiresome but progress is being made steadily, and new ore is being broken into.

Crystal.
Manager Geo. W. Lloyd of the Crystal Co., is expected back soon, and the company has gotten things into shape so that they hope to begin to work at once. The mill will be put into operation this summer on ores from the mine, and will also run North Fairview ores as well.

North Fairview.
E. S. Haldeman who has been working on the North Fairview property in Bohemia came down last week for a short lay-off. He is now with him a sack of good samples of a heavily oxidized ore, which they have recently been working into. They are pushing the work right ahead on this vein and are much pleased with the results. The ore is believed to be a good one and is building up strong support for the owners of the company.

Bids Invited.
The Farmers and Miners' Telephone Company invites bids up to noon twelve o'clock of April 28, 1906, for furnishing material and building a telephone line from Cottage Grove to Wildwood. Complete plans and specifications can be found and inspected at the office of the secretary of the company with Messrs. Metcalf and Brund, Cottage Grove, Oregon. The company reserves the right to reject any or all bids.
Cottage Grove, March 22, 1906.
A. BRUND, Secy.

Harry Crow was a visitor in town on Tuesday.

Jack Morgan is in from Bohemia for a few days layoff.

Mrs. M. A. Ross does dressmaking at Mrs. Nicholls' residence on East river street.

Levi Geer came into town with a load of mineral water on Tuesday. The Springs are getting there splendidly these days.

The pits for the new pier at the steel railroad bridge just south of town were broken into by the rise of the river Sunday so that the work is stopped for a few days, until the pits can be pumped dry.

Albert Geer from near Vernonia, B. C. arrived in town Tuesday with his family and will make their home at London. Mr. Geer met them with his team and took them all out the same evening.

SALOON LICENSES REDUCED

City Fathers Reduced Saloon Licenses from \$800 to \$500 Monday Night.

At the meeting of the Council on Monday night Mayor Job, Councilmen Johnson, Bartels, Hogate, McQueen, Porter and Venske were present. The petition of the saloonmen to have the license fee reduced from \$800 to \$400 was amended to read \$500.

Bids for the extension of the water system were called for and Harry C. Hart put in two bids, one for the extension known as the "S" and the other for the "M" extension, the entire work specified in the contract to be done on the "S" extension for \$1903.68 and on the "M" for \$1826.74, all to be completed within 125 days. Mr. Hart stated that he would hope to have the entire work completed within 90 days if there were no delays for freight, etc. Councilman Porter asked that time be given for the new councilmen to look over the situation before making a decision. The majority of the council that were present, thought the amount was very reasonable.

The following saloon licenses were applied for the coming six months of the new fiscal year, and bonds were presented with each: John Barker; bondsman, Wm. Landess and J. E. Ostrander. Barney O'Neill; bondsman, John Crowley and E. A. Wilson. G. W. Blew; bondsman, C. J. Miller and A. Ellidge. Papa Bros.; bondsman, John Crowley. F. L. Ernest, C. C. Case; bondsman, Thos. R. Parker and W. H. Ostrander. A. Graham; bondsman, H. C. Madsen and Edd Jenks. F. E. Ware, Alf Walker and Wm. Renshaw.

After the various applications and bonds had been read they were all accepted. The council considered the transfer of the electric lighting contract to the Willamette Valley Co., and asked that the matter be laid over until the next meeting in order that the proper steps might be taken to have the business legally transacted.

A petition was read asking that the S. P. Co. be asked to remove a barb wire fence maintained by it along its track north of the depot for a distance of 1000 on account of the obstruction to the passage across the tracks. The recorder was ordered to request the S. P. Co. to remove the fence up to the city limits.

Ed Underwood was elected as Marshall for the coming year and Green Pitcher was appointed Night watchman. W. S. Bennet was elected Street Commissioner. For health officer there were two candidates, Dr. Oglesby and Dr. Hockett, Dr. Hockett being elected by one vote.

The Mayor appointed the following committees:
Street committee, W. C. Johnson, W. A. Hogate and J. H. Bartels, Walter and Light, H. Venske, G. McQueen and J. C. Porter. Finance, J. H. Bartels, G. McQueen and J. C. Porter.
The proposition of Mr. King to have the city purchase the site of his building on Main Street for a proper entrance to the bridge was discussed and the entire council decided to meet Wednesday afternoon at 2:30 to investigate the situation and to see what portion of the expenses would be paid by others interested, so that the city would not have to pay the entire expense.

The council adjourned to next Monday night to settle the allocation of the bids on the water question and the bridge proposition.

Exhibition Shoot

Wm. Hillis, crack shot for the Peters Paper Co. will give an exhibition here on the 21st, and possibly the 22nd. Mr. Henry Veatch expects a good company to be present as the new Gun Club will undoubtedly all be out to see the shooting.

Wedding

Mrs. Carrie V. Holsinger and Mr. Wolcott Tibbles were married at the home of the bride's parents, Mr. and Mrs. J. P. Veatch, 828 Marion street, Sunday April 8, '06, at 12 o'clock, Rev. D. Errett, pastor of the First Christian Church officiating. The wedding was performed in the presence of the family only.

The bride is well-known, and is a charming woman, with scores of friends throughout the city. She has been at home with her parents for the past ten months, but formerly held a position as telegraph operator in the Postal service at Port Townsend, Washington. At one time she was manager of the company's office at Albany and at Eugene and has also worked in this city. The groom is a resident of Port Townsend and is a man of sterling qualities. He is a plumber by trade and is in the government employ at Port Townsend.

The happy couple left yesterday for Port Townsend, where they will make their future home. The many friends in this city wish them much happiness.—Salem Journal, April 9.

Mrs. Tibbles is a sister of Mrs. Harry Wynne of Cottage Grove and is known to many people here.

Henry Veatch, with his wife and son left Friday for a few days visit in Corvallis.

"Made in Oregon" is going to be a great event in Portland soon. Ralph W. Hoyt is a native son and has become the popular candidate for State Treasurer because he says: "State funds collected in a county must remain on deposit in the county."

A. J. Stewart came to town on Tuesday after an absence of several months in Mexico. He is looking after his interests here, and will probably be here for some time. He has been trying to get his son, who is a mining engineer in Mexico to come up to this country but he can't break loose down there.

Game warden Baker has just received 44 untagged deer hides that were captured in Douglas county by Deputy Ene Hodson. The warden expects to also land the offender in a few days. It is strange that a man would rather stand the chance of arrests than pay a fee of 10c for a tag for each hide.

Metcalf and Brund have on exhibition at their store two monster cocanuts. These cocanuts are furnished by Schepp & Co., the greatest makers of shredded cocanut in the world and they state that the cocoa trees, only once in one hundred years produce nuts of this size, the rest of the time producing the usual cocanut known to commerce. Take a look at these hundred year cocanuts.

SCHOOL REPORTS

Teachers and Students are Busily at Work Getting up Programs.

During the past month Miss Palmer's room had no tardiness, and Miss Kelley's and Miss White's rooms had one tardiness each. Each teacher is striving to get her percentage of tardiness down as far as possible and to keep every scholar in school until the term is out.

One of the greatest difficulties the teachers have to contend with is the business with which many scholars get exused from school for a day or so. Parents do not seem to realize that every day must count in school work and that the loss of a day means a great deal to any student. Children are so apt to think that they are unable to go to school when by a little word on the parent's part they could go right on with their work.

During the last month or so of school there is a strong call to the average boy to get out of school and go fishing or anywhere but to school and it takes the hardest work of parents and teachers to keep them right to their work.

MONTHLY REPORT
Month ending April 6.

	Boys	Girls
Total enrollment	214	243
New enrollment	2	5
Days attendance	3108	3352 1/2
Days absence	280	206 1/2
Average daily attendance		328
Average No. belonging		352
Times tardy	44	39
No. of holidays		0
No. of days taught		20
	C. L. STRANGE, Supt.	

West Side School Notes.

Only six more weeks until final examination.

Prof. H. O. Anderson, principal of the Scio schools, visited us Friday and gave a helpful talk, pointing out the value of an education.

These neither absent nor tardy the last month were: Elva Owen, Mable Mackie, Elva Warner, Luella Dixon, Mable Veatch, Vera Cochran, Mary McGilvray, Hazel Hemenway, Lester Turpin, Ray Trunell, James Atkinson, Harry Dyer, Charlie Comer, Fred Hartung, Phillip Casebeer, Carroll Handy, and Enos Crowley.

Preparations are being made for the commencement exercises.

The Greek Letter Literary Society met Apr. 5, 1906, and elected the following officers for the last term: President, Bessie Steel; secretary, Vernie Brown; treasurer, Elva Warner; sergeant of Arms, Ralph Hawley; critic, James Atkinson.

The following Arbor day program will be given by the society, April 13, 1906.

Reading of minutes of previous meeting, secretary.

Quotations, in answer to roll call.

Recitation—Eva Young.

Reading—William Bennett.

Recitation—Maud Hooper.

Recitation—Philip Casebeer.

Essay—Jessie Heath.

Reading—Vernie Brown.

Vocal Duet—Elva Warner and Gertrude Hogate.

Recitation, Ralph Hawley.

Composition, Bennie King.

Reading, Vera Cochran.

Recitation, Hazel Hemenway.

Current Events—Flossy Huff.

Reading—Mattie Bartels.

Recitation—Willie Moore.

Essay—Luella Dixon.

Talk—Prof. Harvey.

Critics report—James Atkinson.

Song—School.

Star School Report.

Star, Lane Co., Oregon, April 6, 1906.

Monthly school report of Star District No. 122, for the month commencing March 12, 1906, and ending April 6, 1906.

No. days taught	20
" attendance	396 1/2
" absence	47 1/2
" times tardy	21
Average daily attendance	18.825
No. belonging	22.2

No. of girls enrolled 9
" of boys 14
Total enrollment 23
The following are the names of pupils who have been neither absent nor tardy during this month of school: Raymond, Joseph, Mable and Myrtle Wickes, Mary Hawley, Pearl and Esther Vaughn.
Mrs. LARA DUNAWOOD,
Teacher.

The High School

Prof. H. O. Anderson of Scio who was visiting Prof. Strange and Harvey last week visited assembly Friday morning and entertained the student body with the famous reading "Rats". Prof. Anderson's jovial nature and powerful voice are well adapted to such occasions and we were much pleased with the reading.

We notice all the seniors yet alive after undergoing the final examination in their beloved study Eccequipes.

Mrs. Agnes Wesley made a flying trip to Eugene Saturday returning Sunday.

Mr. C. J. Howell attended assembly Tuesday morning and spoke on the poet giving several selections to illustrate the power of poetry and the necessity of poets to nature.

Several of the prominent men of the city have recently spoken to us at the assembly hour. Their talks are always full of inspiration and instruction.

We don't think Miss Woolley and Miss Cochran will sit together again very soon.

Mrs. Grace and Mrs. Woods visited our assembly Tuesday morning.

London Briefs.

A very pleasant affair occurred at the home of J. Q. A. Young on Wednesday, April 4th, and Miss Mary E. Cardile was the lucky bride and Mr. Elmer J. Doolittle took on himself the responsibility of leadership in this happy union. After the words were said that made them one and the usual congratulations extended, Mr. and Mrs. Doolittle stood before the audience as a true specimen of the Anglo-Saxon race physical and mental development. The room was artistically decorated with Oregon's native evergreen which made the ceremony quite impressive and beautiful. Mr. Doolittle is a young man of much promise and with the assistance of a bride whose good sense and amiable nature, is sure to develop a happy and lovely home. Next in order was a sumptuous meal which all enjoyed greatly, followed by an old fashioned social repast well larded with some old favorite religious songs which made an ideal general good time. We welcome the new married couple in our midst and wish them a long and happy life.

Our old time friend Thomas Gardner seems somewhat interested along certain lines. He may possibly be looking after the interests of the sheep and goat men of the community and is perhaps on the alert for the bear, cougar and coyote hunter and may be able to lend a helping hand when they need his skill in conducting the chase.

J. B. Rouse has a run of ties enroute for the side track of the Pacific Timber Company's near La-Flam. These ties are exchanged for cash which makes the laborers work lighter when the handsome sum of from two to three dollars per day is forked over. This pays up bills all round and so the work goes on.

The bottling plant of the O. M. S. A. turned out two loads of water last week which scarcely supplied the orders which come in. The London water is on the boom and the hotel is also in good shape. With the plenty of help guests will be rendered comfortable and home like.
VERITAS.

W. H. Ormsby of Star, was a visitor in town on Tuesday. He is working out the best garden that is possible and studying to get the very highest results.

Mothers Attention!

We are showing a line of boys clothing creditable to Portland ranging in prices from \$1.00 to \$8.00. The new styles, single and double breasted, also the Buster Brown Hose. We have also 40 styles in Mens Suits.

Welch & Woods.
