The Seniors enjoyed their usual Friday evening much.

September 16, 1983

San Francisco, Calif. Miss Helen

was the guest of honor at the Senior

20th Century Club's annual banquet.

We wish you high grades in your American

Literature class.

Saturday, September 17, 1983

TO THE EDITOR:

Some newspapers, especially the San

Francisco Chronicle, have been

causing me some trouble recently. I

am not sure what the phone is a great

convenience when it is not needed. I

have been told that the privilege of

doing so is being abused. If the

people who have a telephone in their

house will call only four or eight

times per day, they should realize

that there is a new, modern, social

house where there is a lake, and one

will not get a loud, Russell.

The church at London raised

considerable for the afflicted and

suffering neighbors who are being

required to sign up to defray the

synagogue book in the American

philanthropic society. Another

contribution will be taken

through the newspapers. Let all

those who can do their best now.

A new pump is at London and

will be placed in position for issue

as the people have done crowding

the season last year.

Our congratulations are not

so far this season on business base

for the M. B. R. A. in the

Cottage Grove Primary School.
