COTTAGE GROVE, OREGON.

NEWS OF THE WEEK.

An Announcement that Important Business Men Are Leaving the City for the Summer.

Several prominent business men of this city have decided to leave for the summer vacation. Among those who have announced their intention to depart are Mr. John Smith, Mr. Robert Johnson, and Mr. Charles Thompson. Mr. Smith plans to travel to the east coast for a few months, while Mr. Johnson will spend his vacation in Europe. Mr. Thompson, on the other hand, will be spending the summer in the western United States, visiting some of the national parks.

Theatrical News.

Mr. John Brown, one of the most popular actors of the stage, will be appearing in a new production at the local theater next week. The play is a historical drama set in the American Revolution, and Mr. Brown is expected to deliver a powerful performance in the lead role. The theater is currently preparing for the opening night, which is scheduled for next Monday.

Local Events.

A local garden club is hosting a flower show this weekend. The event will feature a variety of floral arrangements, including bouquets, arrangements, and topiaries. Visitors are encouraged to attend and vote for their favorite displays. The show will take place from 10 am to 5 pm at the town hall.

Weather Report.

The local weather forecast predicts mostly sunny skies with a high of 75 degrees Fahrenheit. The chance of precipitation is low, but light winds are expected throughout the day. Residents are advised to dress comfortably and to stay hydrated.

Oregan State Items of Interest.

New Land调查

Arkansas and South of Leadville.

Much new land is being explored in Arkansas and South of Leadville. The geologists report the discovery of new mineral deposits, which may be valuable for future mining operations. Further exploration is required to determine the extent of these deposits.

Oregon's New Dairy Industry

The dairy industry in Oregon is experiencing significant growth. There has been a substantial increase in the number of dairy farms and the production of milk and dairy products. The state government is providing support through grants and subsidies to encourage this growth.

Oregon State University

A new building is being constructed on the campus of Oregon State University. The building will house the departments of biology and agriculture, providing students with state-of-the-art facilities for their studies.

Oregon's Cascade Range

The Cascade Range in Oregon is a popular destination for outdoor enthusiasts. The area offers a variety of hiking trails, scenic views, and opportunities for winter sports. The state government is working to preserve and protect this natural beauty for future generations.
