Epworth League.

The monthly business meeting of the Epworth League was held Monday evening in the Methodist Episcopal church at which time the following officers for the ensuing year were elected: President Fred Waehlte; first vice-president, Mr. Anderson; Second vice-president George Berg; third vice-president Lizzie Orpud; fourth vice president Eber Browne, Secretary Sophie Osberg, treasurer Jessie Berg. The Epworth League has been doing good work in the past year, having increased its membership considerably. The Eugene District Epworth League convention was held in Grants Pass May 4, 5, and 6 at which three delegates represented the local chapter here.

Row River Picnic

The school children of Star and Wildwood school and some of the older people as well held a fine picnic at the Dalles Grove on last Saturday. They took their dinners with them and in the morning had a good program and in the afternoon had the time of their lives. The O & S E train took them up to the end of the road by Thomas' logging camp.

Star Graduation Exercises.

The graduating class of the Star Public School will hold its Commencement exercises Friday evening, the 18th of May. A fine program is being prepared, which everybody is invited to come and hear.

Bank of Cottage Grove Files Corporation Papers.

Saturday the Bank of Cottage Grove filed articles of incorporation with the county clerk. The bank is to have a capital stock of \$15,000, divided into 150 shares of \$100 each. Officers of the bank shall consist of president, vice-president, cashier and assistant cashier, and there are to be five directors. The incorporators of the institution, which is to have its principal place of business at Cottage Grove, are C. Ross King, W. H. Abrams and B. Lurch.—Register.

Cabbage and Tomato Plants. For sale at Metcalf & Brund's.

Big Corporation Comb Effected.

Portland, May 5. Negotiations which have been in progress for some time involving the consolidation of various properties in Portland, in the lower Willamette valley and Vancouver, Wash., were closed at New York yesterday, and as a result the Seligman interests, of Philadelphia, and the Clarke and Pratt interests, of New York, assumed control of the Portland Railway Company, Portland General Electric Company, and Oregon Water Power and Railway Company, of Portland; Citizens' Light & Traction Company, Salem; Union Light & Power Company, of Silverton, Mt. Angel and Woodburn, and the Vancouver Electric Light & Power Company, of Vancouver, Wash. The properties will be directed under one management, the organization of which will be perfectly shortly. The transaction involves approximately \$30,000,000.

Cement Famine.

With the great cement famine in the northwest capital is looking out for the possibilities of erecting great plants in Oregon, to develop the known deposits into cement, and to have on the western coast a series of plants to supply the great demand which is growing day by day.

San Francisco, May 4th, 1906.

Relief Committee, Cottage Grove, Oregon.

Ladies and Gentlemen: We have received your car S. P. 22039 pounds, consigned to the Mayor of San Francisco, and by him turned over to us for distribution. This committee has distributed the provisions, through our various depots throughout the city and we assure you they have been gratefully received and that the thanks of the community are tendered to you for your kindness.

Very Respectfully,
HENRY J. CROCKER.

No Coal Strike

President John Mitchell of the coal miners in a committee meeting Saturday advised the coal miners to accept the scale of three years ago, stating that he was afraid if a strike were to come the final settlement would mean the cutting of the highest priced men, and giving the money to the lower men, while the aim of the miners was to raise the entire standard of wages. He also states that he is afraid of them not sticking together, saying:

"If I were sure that the strike would be successful, that you would stand firm and long enough, I should advise you to strike and remain out, but from information which we have I am fearful that our people are not inclined to strike. It would be a strike which many of our people are not in sympathy with."

The report of the committee was adopted and again trouble has been warded off. During the months shut down while this settlement has been affected no damage has resulted to the mines, as men have been left to keep the mines in good condition.

New Idea in Furniture Selling.

A firm in Portland has adopted a new feature in conjunction with furniture selling by catalogue. The Gevartz Furniture Co agree to sell all manner of household goods on a very liberal credit and to pay all freight charges to any part of the state, as well. In today's paper they advertise as a special bargain a \$60 Sewing Machine for \$25; \$5 to accompany the order and \$3 to be paid monthly—freight prepaid by them. They say that buying direct from the manufacturers in carload lots enables them to do this. The Gevartz Furniture Co have been 30 years in business in Portland and are located at 173-175 First Street. A postal card request will bring you their catalogue. Their ad appears elsewhere.

Eiler's Rip Van Winkle Show.

Has a tent built expressly for them. It is made of Kahki, which is used and recommended by our government as the best. It is absolutely water proof. This elegant tent is built egg shape and has no center poles in front of the stage, therefore giving everyone a good view of the performance. The stage is lighted with Acetylene gas, which can be lowered and raised to give the proper effect as desired. Lightning and thunder made by an electric storage battery. The scenery for each and every act, is new and painted especially for this elegant production. Mr. Eiler prides himself in having the swellest outfit in the company and delights in having people come and see his pavilion theater before the performance. They will appear at Cottage Grove Wednesday, May 9.

Mrs. J. T. DeSpain left for a short trip on the O & S E Tuesday.

David Griggs has greatly improved the appearance of his drug store by covering the floor with fine linoleum. He is prepared to handle a heavy soda fountain trade this summer.

C. A. Hardy of Eugene representing the legal department of the Willamette Valley Co. was here on Monday in the interest of the 30 year franchise.

The time of school commencement is at hand. In pretty nearly every home can be found children hard at work upon their speeches or essays or songs for the great day. Help them on, and keep them interested in doing the best they can.

The knockers we always have with us. We have heard of several instances recently where he got in some of his licks, and in some of them got pretty near being bawled out, as a consequence. Too bad some people can never learn it don't pay. Friendly criticism is always a good thing, but inspired by other motives it is neither good form, nor pardonable.

The fishing on some of the streams around here is very good but it is almost too early for first class sport is the general opinion of most anglers. Some of the experts have been up Coast Fork and Mosby Creek, and brought in good baskets full, but some of us poor fishermen are lucky to get a few. Before long the sport should be at best. At present Row River is rather high for the best results.

The Drain Nonpariel wants to know what has become of the promised Drain waterworks. The company which was formed last year after the fire, was going to get right to work and have the city supplied with good fire protection and for general use in a short time and nothing is done yet. The Nonpariel suggests that others can be found who will do the work. What is the matter with the town doing it, like Cottage Grove has done. We have a good system, good water, and a paying proposition as well.

The subject of Rev. D. E. Olson's sermon, Sunday morning will be, "The Gospel Train." Evening subject, "The Strongest Man in the World." All invited.

A. J. Stewart returned from his Medford home the last of the week and commenced to finish up his house on the corner of Second and Platte streets. He has not yet decided what he will do with the property next Bartels market formerly occupied by the Helena Saloon, but he will probably tear the old building out and replace it with a two story brick building. It is understood that an informal application has been made to him for the lower floor of such a building for a business room and by the club for the upstairs rooms. It is a good location and will soon be improved. Good store rooms on Main street are always in demand.

We have on hand at this office for distribution a number of packages of fine seeds, furnished by the United States Government through the courtesy of Hon. Senator Gearin. Any one who desires such seeds may call at this office and they will be given a package. The Government has for years given out packages of seed grown under the most careful condition and has through its Agricultural department done much to establish new growths of seeds, plants, fruits and grains. This practice will probably be discontinued with this year as strong opposition has been worked up against this work of the government.
