BOHOSIA MINING NOTES

4th General Mining New Gobben from Exchanges.

The Huatulita went in a big shipment of supplies to their property on last Thursday, and are in process of beginning to work up in the very same order.

Harold Lewis, manager of the North Portland, was in town on Monday and reported that work was progressing rapidly at the mine, and that he looked forward to a very prosperous summer.

The Gridley \(\text{Icncnil}\) has struck another rich body of ore, and is making good progress.

Great Fox mining news as well as other interests are greatly pleased over the progress being made. They are anxious to push their work forward to the utmost of their ability.

Frank Roberts, of the Union Company states that the lot under the 18th St. is now in the hands of the company, and will be made ready for work.

Robert W. Wilson, the superintendent of the Union Company, reports that the work is progressing satisfactorily.
