IN THE NATIONAL HALLS OF CONGRESS

Saturday, June 16

Washington, June 15.- Three more votes were taken yesterday on the side of the foes of the Taft Cabinet, and it is probable that the opponents of Secretary of State Root's policy will have a majority when the roll is called to-day. Secretary Root was in the Senate yesterday, with Secretary of War Stimson and Secretary of the Treasury Baker, and the Cabinet met in the Executive chamber to-day with President Taft. A meeting of the two houses of Congress to-day scheduled for 2 P.M., and they were expected to vote on the adjournment of Congress, which is to be adjourned at 3 P.M. The adjournment is expected to last for months, possibly for the rest of the year.

GERMANY TO QUIT.

Strong Insurance Company Withdraws.

San Francisco, June 15.—The Tufts Insurance Company of Boston has given notice to the government of the German Empire that it would not renew its contract with the Bigtam Company in the United States for a further term of five years, beginning July 1. This is the opinion that the Germany, as a result of the recent commercial crisis, will not be able to pay its obligations, and that the withdrawal of the company will be a step in the right direction.
