attending the University of Oregon
commencement.

Cochran's studio is the place for
you to get your photograph. Don't
forget Cochran.

right price, such as Congers' cigars.

a much needed coat of white paint
this week. Mr. and Mrs. Thomp-
son are doing very well in their new
location.

ing train Tuesday for his home at
San Francisco after a months visit
with his brother, G. O. McGilvray
and family of this place.

his appointment to take a position
with the Postal Telegraph Co. He
will take charge of the Canyonville
office about August 1st.

The clerical or office force, of
half a dozen men or more, for En-
gineer Christie, of the Drain-Cocos
extension, arrived in Drain last
week from San Francisco. Grad-
ing is expected to begin most any
day now.

Drs. W. W. Oglesby and Best of
Cottage Grove, both old and ex-
perienced physicians, are figuring
upon establishing a hospital in
Drain. This is a much-needed en-
terprise here and it is hoped the
project will not fall through.—
Drain Nonpareil.

M. H. Anderson of the Pacific
Timber Co. will still maintain an
office for the company here, and will
have his office in the same place.
The A. H. Hemenway Co. is get-
ting ready its stock preparatory to
making an opening day. Its Sil-
vertown stock will be added to the
Pacific Timber Co. goods, with
much new stock.

Mr. Willard says that the car-
penter work is practically all com-
pleted at the Christian Church.
The arrangement of the tower is
novel and is attractive on account
of its departure from the general
style of such towers. The Chris-
tian Church has made a great
stride in getting so large and nicely
finished a building.

Geo. Kerr, formerly of the Pacific
Timber Co. and well known to
nearly everybody in Cottage Grove
on June 14th, became superintendent
of all R. D. Hume's business
interests in Curry county, which are
quite extensive. Mr. Kerr has
thoroughly recovered from his long
illness and is doing very well again,
and has a fine position in his new
place. His many friends wish him
the best there is going.

Drain may yet develop into a
great gold mining camp. Some
very rich quartz discoveries have
just been made on Ellenberg Creek,
about four miles northwest of town
by John W. Montgomery and sev-
eral others. Five claims have been
located, and surface assays show
values ranging from \$2.70 to \$4.90
to the ton. Active development
work will be begun at once on the
property.—Drain Nonpareil.

on Tuesday.

business Monday.

joint carload of sugar this week.

born's Tea or Coffee at Metcalf &
Brund's.

Eugene and Springfield are now
having daily automobile service,
the trip from place to place being
made in 20 minutes.

Stuart McGilvray returns today
to his old position at Hadlock,
Wash., with the Postal Telegraph
Co. and the Washington Lumber
Co.

The trial of Geo. H. Mitchell for
the killing of Joshua Creffield is
now going on at Seattle. A num-
ber of Corvallis people are in Se-
attle as witnesses.

Walter Combs of Eugene has
passed successfully the mental test
for the Naval Academy at Annapo-
lis entrance, and will take the
physical test this week.

The stork family seems to be
quite in evidence around in this
vicinity this spring and summer,
and the additions to Cottage
Grove's population are many.

A marriage license was granted
Saturday in Eugene to Chas. S.
Cochran and Miss Elizabeth Orpud
of this place. Further notes con-
cerning the marriage will be found
elsewhere.

eral more cinnabar mining claims
recently from Sadie R. and Birdie
F. Schlusrel for \$2885. These add
to the large acreage of the Black
Butte mine.

Frank Phillips, J. S. Benson and
Foster Phillips all went Monday
for a fishing trip up Row River.
The boys expect to bring back a
big lot of fish, and to have a ratt-
ling good time.

The Corvallis Gazette says the
packing scandal will be hard on the
picnics because there will be no
more deviled ham sandwiches.

shy of packing house canned goods.

of the Nugget composing room, is
now editor and manager of the
Wedderburn Radium, succeeding
R. D. Hume, the owner, who will
give his entire time to other busi-
ness interests.

This week a great many hunting
licenses have been issued in Lane
county, and Cottage Grove people
were well represented. Rev. Mem-
inger is one of those that enjoy the
sport once in a while and he took
out a license so as to be ready for a
trip.

Game warden Baker was expected
back the last of the week, but did
not arrive. From his letters home
he must be having a r l time.
He was the first to register from
his home Kentucky county, Jack-
son, and the lady in charge pinned
a great big ribbon and medal on
him and he wrote Mrs. Baker he
went away blushing like a school
boy.

Shingles have been a scarce ar-
ticle in Cottage Grove for some
time, and even the small boy has
had to go without his usual dress-
ing down, but two carloads will be
in this week to relieve the shortage
and all the roofs that have been
waiting to get covered will be fin-
ished up, and all the bad small boys
will get their due, and some of the
big ones too.

Attorney Williams of Eugene
states that the cases of the people
at Latham who sued the S. P. for
injury to their lands by the tie
plant have been settled, and that if
the S. P. Company moves their
plant from that point it will be
merely to get it to a better location,
and not on account of any ill feel-
ing of the people at Latham
towards the company.

Cottage Grove doctors are pro-
gressive and must be making
money, as they are branching out.
Dr. Hockett has bought a drug
store in Yoncola. Messrs. Best
and Oglesby are contemplating
buying a drug store at Drain says
one paper, another says they will
start a hospital there. Some other
things are in the wind of the doing
of other physicians, so they may
all be capitalists for all we
know.
