Save the Babies,

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-six per cent, or more than one-third, before they reach five years. We are all told that we are a sickly and pauper nation, but this is not true, for one in every ten of our children is killed before its childhood is ended. We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drapes, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Hatcher. Castoria causes the blood to circulate properly, opens the pores of the skin and alleviates fever.

Letters from Prominent Physicians addressed to Chas. H. Hatcher.

Dr. James W., City, states: "I have had occasion to prescribe Castoria in many cases and have always found it an efficient and speedy remedy." Dr. H. W., Bay City, Mich., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and to my patients, and I heartily recommend it." Dr. J. B. Martin, of Philadelphia, states: "I have used the new Castoria for many years, and find it a most reliable and serviceable remedy in cases of this class." Dr. J. B. Billett, of New York City, says: "Having worn the past six winters, I have found the new Castoria to be a great aid and comfort to me in the month of January, February and March. It always commends itself to me. The formulas contains nothing deleterious to the system." E. G. Squires, of, Ohio, says: "Your Castoria is an ideal remedy in children, and for the relief of the digestive system. I find no fault with the indications of proprietary medicines, but Castoria is efficient for conditions which affect the organs of nutrition and excretion." Dr. L. J. Milam, of New York, says: "It is a sure and certain remedy for infants and children. In fact, it is the universal household remedy for ailments and complaints of children." Dr. J. M. Mason, of Atlanta, Ga., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my experience it is unrivalled." Dr. T. W. J., of St. Louis, Mo., states: "I have used Castoria in many cases and have found it a very reliable and serviceable remedy. It is one of the most reliable formulas that I have ever used." Dr. W. H. W., of Toledo, Ohio, has said: "I have found Castoria to be a most efficient remedy for infants and children." Dr. H. M. M., of New York, states: "I have prescribed Castoria to many patients and have found it of real value to them. It is a most reliable and serviceable remedy for infants and children." Dr. H. H., of Baltimore, Md., says: "I have found Castoria to be a most valuable remedy in cases of this class." Dr. W. H. L., of San Francisco, Cal., states: "I have been using Castoria for some years, and have found it a most reliable and serviceable remedy for infants and children." Dr. H. W. B., of St. Louis, Mo., states: "I have used Castoria in many cases and have found it a most reliable and serviceable remedy. It is one of the best remedies for infants and children that I have ever used." Dr. J. H. H., of New Orleans, La., says: "I have used Castoria in many cases and have found it a most reliable and serviceable remedy. It is one of the finest remedies for infants and children that I have ever used."

Genuine Castoria Always Bear the Signature of Chas. H. Hatcher

The Kind You Have Always Bought

In Use For Over 30 Years.

How Good Food may Turn to Poison

The homebaked are listed with admixture of little copper patent, that draws its coloring matter from Food, it grows in great demand.

The Mule Team is carried in the form of a draft horse, designed by the firm of Brous, and Brous.

The food comes from the center of our country, the rich loams of the Ohio Valley. When the mule begins the little maid, she is dressed in her best clothes, and the food is made. In the morning, at five or even six, the food is taken to the Castoria, and at the same hour the Castoria is taken to the Castoria. The food is made. In the afternoon, at six or seven, the food is taken to the Castoria, and at the same hour the food is made.

The Castoria is made of two ingredients: one is a blend of Castoria and Castoria, and the other is a blend of Castoria and Castoria. The food is made. In the evening, at seven or eight, the food is taken to the Castoria, and at the same hour the food is made. The Castoria is made of two ingredients: one is a blend of Castoria and Castoria, and the other is a blend of Castoria and Castoria. The food is made.
