SALEM, OREGON.

properties, consisting of the greater part of the townsite of Searchlight. The company has also bought forty-five acres comprising the surface of the Duplex mine. Altogether these purchases total 300 lots.

Already the new branch of the Santa Fe Railroad is within ten miles of Searchlight, and it is asserted that trains will be running to the town by next October. Then it is expected that a boom will make of this important mining center a distributing point for all of that extensive mining district.

The company announces that it will start at once to build a fine hotel to cost at least \$12,000. It will also erect stores and residences and make other important improvements.

Born.

To Mr. and Mrs. J. McKean Fisher on Wednesday the 8th, a fine baby girl.

Patronize Home Industry Only.

This paper is kept on file by THE AMERICAN MINING CONGRESS, Chamber of Commerce Building, Denver, Colo., where our readers will be welcome to the use of the journal papers from the various mining sections of the West, a scientific library and miners' exhibit.

THIS PAPER is kept on file at E. C. Drake's Advertising Agency, 64 and 65 Merchants Exchange, San Francisco, California, where contracts for advertising can be made for it.

WEDNESDAY, AUGUST 15, 1906

In Mr. Heney's crusade against the timber and land thieves, he has thus far, if we are not in error, caught only one newspaper man in his net, a man by the name of Nickel. The name sounds cheap and the graft was on the small scale. The members of the press are to be congratulated that we get out of the mess with the loss of only a Nickel.—The Dalles Optimist.

Womans Club of Cottage Grove Flower Exhibit.

The Commercial Club's reading room Saturday was a veritable Eden, being filled with choice flowers grown by the children and older folks of Cottage Grove. One large table in the center of the room was filled with large bowls of sweet peas in the Womans Club colors, lavender and white, in perfect array. On one side of the room three tables carried great vases of sweet peas, some solid colors, others mixed in so beautiful arrangement as to make it almost impossible to decide what was the best. Another side was decorated with a great bank of carnation, dahlias, nasturtiums, pansies, asters, baby breath, zinnigette and scapiosa in a tasty way, displaying each at its best. On one table at the north, Oregon's famous roses were grouped, a beautiful display, yet not what might have been wished owing to the severity of the spring season this year. The whole room was a bower of beauty, and was a scene not to be soon forgotten.

The prizes to be awarded by the Womans Club for the best flower gardens, not bouquets, produced by the school children were presented in the afternoon. The club had appointed a committee that visited all the yards in town, and decided which of the children had arranged the neatest beds of flowers, kept them cleanest, and had had the best success. The first prize was awarded to Mary Johnson, the second to Maude and Tyler Hoopes, (who made their garden together) and third to Pearl Plaster, each of the girls getting a vase and Tyler a book. Ethel Bartels took honorable mention in fourth place. The ladies were very much pleased with the interest the children had taken in their work, and feel assured that much of the lack of success was due to the poor quality of seeds furnished by the U. S. government, for the ladies to distribute, as hardly one packet of seeds in twenty produced any flowers.

The ladies found many gardens that deserved honorable mention, and among those were the Milne children, Ralph and Clarence both doing finely, Merle Briggs (who brought the first bouquet of sweet peas to the Club, in the first week in April) Ollie and Sylvester Johnson, Ray Woods, and Christina Turk.

Plans are already being laid by the ladies for next year's work in the hopes that the exhibit planned by them for next year will be a much finer one, and that parents and children will save the seeds of their choicest plants to plant next spring. All parents are asked to co-operate in this work, and to save as large a variety as possible, and any seeds that they can spare may be brought to the Club rooms, to be distributed in the spring, the same as the rose slips were this year.

The ladies are very much pleased with the results of their efforts but hope to have a better season next year, and better seeds to have an exhibit that will be far ahead of this year's.

At Christian Church Next Sunday

Christian Church, Rev. D. E. Olson Pastor. Services at 11 in the morning and 7.30 in the evening. V. P. S. C. E. meeting at 6:30 p. m. Sunday school at 10 o'clock. Intermediate Endeavor Society at 2:30 and Choir practice every Saturday evening at 7:30. Morning subject, "How to Succeed" Evening subject, "What I must preach to save my soul." You are cordially invited to attend all these services.

Silk Creek

Mr. and Mrs. Melvin Damewood were visiting at S. Burcham's Saturday and Sunday.

We are to have the water piped down to the school house. The ditch is already dug for the pipe. Work was done by the Medley boys and W. F. Gray.

Dr. George Wall was up from Eugene Saturday to see Roy Wheeler.

Pays for Farm With One Crop.

Albany, Or., Aug. 6.—Raising enough clover in one season to pay the purchase price of his land is the feat performed by Carl Newschwander, a farmer residing near Albany. This year he raised 20,000 pounds of Alsike clover on 43 acres, and sold it for 12 cents a pound, realizing \$2400. The cost for seed and threshing the clover was about \$1 a bushel, or less than \$400. Hence his profit was more than \$2000, which is more than he paid for the 43 acres. Besides raising the clover Newschwander made enough out of other departments of his farm for living expenses, so that the net result of the clover sale is clear profit.—Telegram.

The first lumber for the new school house is now on the ground.

We are glad to see it.

L. G. Paap is again on the creek. Has been helping to care for Roy Wheeler. Roy is reported to be slowly improving.

"Sam" Damewood had the privilege of a visit with his parents. Mr. and Mrs. Melvin Damewood Sunday.

"Will" Estes from California, brother of David Estes of this place, made a short visit to his relatives here last week. We understand he will stop again on his return home.

Mrs. Frank Damewood has been visiting friends and relatives in our neighborhood lately.

Isaac Brown is helping Roscoe Yearous stack his grain.

"Grand pa" Babcock went to Drain to visit friends nearly a week ago and has not returned at this writing.

Bought Duplex Extension Group.

Los Angeles, July 28.—The rich properties in the camp of Searchlight, Nev. are continuing to fall into strong hands. Among the latest deals that is causing great interest here was the purchase of the Duplex Extension group, consisting of four full claims, adjoining the Duplex mine and on the same mineral lode.

The Pacific Coast Mines Bureau, purchased this group from the original owners, Moss, Allison and White, for the large sum of \$50,000 with a cash payment of \$10,000.

This property is the extension of the rich and resourceful Duplex mine that was purchased by John Brockman and Count Jas. Portalis six months ago for the sum of \$250,000. The Duplex is now taking ore out of four shafts, shipping daily, milling and running their immense cyanide plant.

The Duplex ledge enters the extension ground in all of its strength and richness and mining men here who have examined the property and are thoroughly familiar with the Duplex and also the Extension property, express the firm conviction that the larger ore shoots will be uncovered upon the holdings of the new company.

This late deal has stirred representatives of the eastern and Western investors located in the camp and the extensions and nearby ground of the Extension company is now greatly in demand and being sought for.

Los Angeles capitalists are doing considerable toward developing this part of Nevada and their latest investment will probably redound to their credit.

BUYS WHOLE TOWNSHIP.

Acquisition of almost an entire townsite in which lots within the past year have in some cases jumped from a valuation of \$100 to from \$1500 to \$2000, was announced last evening by the H. H. McCord Company of No. 312 South Broadway.

This townsite is that of Searchlight, and the price named approximately \$50,000.

The H. H. McCord Company also has interests in this district under ground, in one of the rich gold mines.

The principal purchase by the company is that of the Ormona

GALVESTON'S SEA WALL.

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic cough, hiccups, croup, whooping cough, and prevents pneumonia. Pleasant to take. Every bottle guaranteed at Benson's Pharmacy. Price 50 cents and \$1. Trial bottle free.

To Republicans

We are anxious to have every republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a republican congress.

The congressional campaign must be based on the administrative and legislative record of the party, and that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of one dollar each from republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the committee. Help us achieve a great victory. James S. Sherman, Chairman. P. O. Box 2063, New York.
