This paper is kept on file by THE AMERICAN MINING CONGRESS, Chamber of Commerce Building, Denver, Colo., where our readers will be welcome to the use of the reading papers from the various mining sections of the West, a scientific library and miners' exhibit.

THIS PAPER is kept on file at E. C. Drake's Advertising Agency, 54 and 56 Merchants Exchange, San Francisco, California, where contracts for advertising can be made for it.

WEDNESDAY, AUGUST 22, 1906

The Guard and Register are at it again.

The S. P. Co. for the first time in its history has paid a dividend on the common stock of the road, and still the road is not making money. Too bad, as long as that is the case, that it did not spend that extra money in buying more cars so as to relieve the car famine, which always hinders the production.

A number of complaints have been lodged with the paper recently about the non-delivery of papers. The subscription list is always printed on a large sheet and then affixed to the papers by a machine, and very seldom are any mistakes made, and we are confident that the mistakes cannot be laid to this office. We are glad to have our attention called to any delays, and will investigate them promptly, and do what we can to have papers received regularly.

The newspapers are making a good deal of fun of Harry Lounsberry, the genial S. P. Co. man that makes the statement that there is no shortage of cars, and especially so in Lane county. Of course Lounsberry knows his business and tells absolutely nothing but the truth, but the mill men of Lane county don't exactly agree with his truthful statements, and would prefer to state that he came nearer to telling absolutely nothing but slight prevarications of the car situation. With every mill company putting in orders for cars to fill their needs, and being lucky to get one twentieth of what they absolutely have to have to ship their orders, of course there is a surplus of cars which the S. P. finds difficulty in keeping in service.

Copper King Mine Sold to Spokane Man.

Medford, Or., Aug. 14.—The Copper King group consisting of eight claims on Joe Creek in Blue Ledge District, was purchased by Wm. Perdue of Spokane from the original owners, E. N. Anderson of Medford, R. T. Blackwood of Phoenix and Frank Edwards of Huntington. Mr. Perdue acquires five-sixths, the other sixth part having been previously bought by Mr. Twomey a prominent railroad contractor of Pasadena, Cal. Messrs. Anderson, Blackwood and Edwards realize the sum of \$6,000 for their property. The claims are located on a ledge that shows a width of about one hundred feet. Considerable work has been done in the way of prospecting by numerous open cuts and about 100 feet of tunneling. The ore body shows the same general characteristics as that of the famous Blue Ledge and other mines in that vicinity copper sulphide with good values in gold. The Copper King group was the first location made after the original Blue Ledge locations. It is the intention of the new owners to put a force of men on development work in the near future.—Journal.

Knights of Pythias Attention

There will be a convention held in their Castle Hall, corner 4th and Main Streets, up stairs, on Wednesday evening, Aug. 22nd at 8 p. m. for the purpose of identification. Every member of the order is expected to be present. If you can't come send your photo.

J. B. Lawson and Jeanette Lawson for \$1000 to C. C. Coffman lot 7 in block 1 in Cottage Grove.

Milking Machines.

The dairy operators of the northwest will have an opportunity to witness one of the latest applications in operation daily in connection with the dairy exhibit during Oregon State Fair week (Sept. 10-15). This is certainly a wonderful machine, the working of which is perfect, the lactical fluid being extracted gently, speedily, and thoroughly, therefore removing a great amount of the drudgery in connection with this very profitable adjunct of our growing agricultural district. The dairy section of the Fair has outgrown its building and additional space will be provided.

Important Request Made of Land Owners.

Register Eddy and Receiver Lawrence, of the Roseburg land office are in receipt of an important communication from Acting Land Commissioner Pollock, which reads as follows:

"Gentlemen: Senate resolution of March 19, 1906, is as follows:

"Resolved, that the secretary of the interior be, and he is hereby, directed to furnish the senate, on the first Monday in December, nineteen hundred and six, the names of the persons, firms, and corporations who conveyed or relinquished to the government of the United States lands within the limits of government forest reserves, and who duly recorded the same in the proper county prior to the act of March third, nineteen hundred and five, and who had prior to said act failed to select other public lands in lieu of the lands so conveyed or relinquished, or who have failed, through no fault of their own, to obtain patents to lands selected by them in lieu of lands so conveyed or relinquished, as provided by the act of June fourth, eighteen hundred and ninety-seven, and who can not on account of said act of March third, nineteen hundred and five, make such selection, and also report the number of acres so conveyed or relinquished.

That in order to procure such information the secretary of the interior is hereby authorized and directed to require all such persons, firms, and corporations to file in the land department, within a time to be by him designated, such proofs of their conveyance or relinquishment as he may prescribe; and he is further authorized and directed to make such further orders, rules, and regulations as may be necessary to procure the information hereby required.

"Pursuant to the provisions of the above resolution all persons, firms, and corporations who conveyed lands to the United States government within the limits of established forest reserves by deeds duly executed, acknowledged, and recorded in the proper county offices prior to March 3, 1905, with a bona fide intention of thereafter selecting other public lands in lieu of the land so conveyed or relinquished under the provisions of the act of June 4, 1897 (30 Stat. 36), and acts amendatory thereof, and who failed to make and selection in satisfaction of the lands by them so relinquished or whose selections under the provisions of the aforesaid act of June 4, 1897, have failed through no fault of the party making such relinquishment, and who by reason of the approval of the act of March 3, 1905, are now prevented from making any selections, are hereby directed to file in the office of the commissioner of the general land office on or before October 1, 1906, an instrument in writing describing the land relin-

quished to the government prior to March 3, 1905, and containing representations by the person or corporation who made no relinquishment, that no selection in lieu thereof has been made, or in any case any selection was made and the selection has failed without fault of the party making the relinquishment, a reference to the selection or attempted selection, which will enable the commissioner of the general land office to readily identify the same upon the records of the office, and that the land included in the relinquishment has not, since the deed of relinquishment was filed for record, been sold or in anywise encumbered by the person or corporation making the relinquishment to the government.

"This statement should be addressed to the commissioner of the general land office, should be styled and briefed 'Statement conformable to Senate Resolution, March 19, 1906,' and must be accompanied by the deed of relinquishment to the government of the United States, executed and recorded prior to March 3, 1905, and an abstract of title duly authenticated showing that at the date the deed of relinquishment was recorded the title to the land was in the person or corporation making the relinquishment. If the deed of relinquishment has been lost or for any reason can not be produced, a copy thereof properly certified by the recorder of deeds of the county in which the land is situated will be accepted.

"Deeds and abstracts of title will, upon the request of the party filing the same, be returned after they have been examined and noted by the commissioner of the general land office.

"The persons, firms, and corporations interested herein are expressly hereby notified and warned that while the statements and accompanying papers herein described may be filed for transmission to the general land office, in the local land offices, and that while the data contained in all statements received in the general land office at a time when its incorporation in the report to the senate provided herein is practicable, will be included in such report, all responsibility for the filing of such statements and accompanying papers in the manner herein provided, rests with them, and that they are hereby directed to meet the requirement made at the earliest date possible.

"If deeds of relinquishments and accompanying papers as provided herein, are filed in your offices, you will immediately transmit them to the general land office with special reference to these instructions."

Buck Deer Season Beginning from Now On.

Commencing today it is lawful to kill buck deer in Oregon until Dec. 1 next. The season for does ends at the same time, but does not open until Sept. 1, at which time also it will be lawful to kill pheasants. The grouse season opened on the first of this month. It closes Dec. 1 as does the pheasant season. The open season for quail is from Sept. 1 to Dec. 1. Elks are protected until 1907. The season for trout, which opened April 1, closes Nov. 1. The following brevities, extracted from the Oregon game laws, will be of interest to sportsmen. It is

UNLAWFUL.

To sell any game.
To kill more than 10 pheasants, grouse or quail in one day.
To catch trout less than 5 inches in length.
To catch trout other than with hook and line.
To catch trout by night fishing.
To hunt deer by night.
To hunt deer with dogs.
To kill more than 5 deer in one season.
To hunt game animals or birds

without license except upon your own ground.

Black bass—No law. Snipe—No law.

Monday, September 3, is Labor Day.

Salem, Aug. 15.—Governor Chamberlain this afternoon issued a proclamation setting aside Monday, September 3, as Labor Day. The text of the proclamation follows:

"Whereas, the first Monday in September of each year has been set apart and declared to be a public holiday under the designation of Labor Day;

"Now, therefore, I, George E. Chamberlain, as governor of the State of Oregon, pursuant to the statute in such case made and provided, do hereby declare Monday, the 3d day of September, A. D. 1906, a legal holiday, to be known as Labor Day.

"The people of the state are to be congratulated upon the friendly relations which have always existed between the employer and the employed within its jurisdiction. To this condition is largely due the prosperity that surrounds us on every side.

"It is to be hoped that the day hereby set apart for observance as a public holiday will be generally observed by all classes of our citizens, and that the workshops and the store and all places of business will be closed, so that the employer as well as the employed may completely rest from all labor."

Cutting Alray at Alca.

Last Wednesday there came near to being another murder near here, through the stabbing of Jasper Patton, a Cottage Grove man by an Italian named John De Kassar at the Alca sawmill. There are a number of conflicting stories about the trouble, but some of the men from the plant saw that the men had been drinking and that in a scuffle the Italian drew his knife and stabbed at Patton, striking directly over the heart, but the knife hit the fifth rib and stopped, otherwise Patton would have been a dead man instantly, but as it was the wound was slight, and was dressed by Dr. Best, who pronounced it a little thing, with no danger attached.

The man was captured and brought to the Grove to be cared for by the marshal, in case the mill men might get unruly, until the sheriff of Douglas county, Alca being in that county, could come and get him, which he did on Thursday and took him to Alca for a preliminary trial.

GALVESTON'S SEA WALL.

Makes life now as safe in that city as on the higher uplands. E. W. Goodrich, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, bronchitis, croup, whooping cough, and prevents pneumonia. Pleasant to take. Every bottle guaranteed at Benson's Pharmacy. Price 50 cents and \$1. Trial bottle free.
