### HAVE YOU SENT YOUR DOLLAR?

TO REPUBLICANS:  
We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and, that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

Help us achieve a great victory.

### Work is Being Pushed.

The Drain road is being pushed as fast as possible. More teams and men are constantly arriving, and the grading will be pushed as fast as possible before the rainy sets in, and by that time the work at the tunnels will be in such a shape that the work on them can be pushed all winter. A number of teams from the Grove are down in that country hauling supplies, but most of them will be back to haul gravel and assist in the grading on the streets.
