Boise, Sept. 5.—Visa President L. W. Harrill of Ogden, presided at the opening session of the Idaho state convention of the National Immigration Congress, found the attendance to be small. Montana Governor Alfred E. Meade, of Great Falls, was present as delegate and Chairman Chamberlain, of Cheyenne, Wyoming, and William K. McMullin, of Denver, vice chairman in charge of publicity, were among the delegates.

The convention opened with several resolutions, including one for the creation of a national immigration association.
