HAVE YOU SENT YOUR DOLLAR?

TO REPUBLICANS:

We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

Help us achieve a great victory. JAMES S. SUTHERMAN, Chairman. P. O. Box 2003, New York.

Bishop Henry Warren, the greatest of all the Methodist Bishops holds the conference this year, and all the ministers and laymen who attend are expecting a wonderful session of conference.

Methodist Episcopal Church.

Sunday closed the conference year of the Methodist Episcopal Church of Oregon. Great work has been done throughout the state as also in the local church at Cottage Grove.

Owing to poor health Rev. Meminger of this charge has resigned and will take a rest for a year or possibly longer. All of the members regret very much that Rev. Meminger must take this stand and hope that he may soon tone up and enter into the work again. He has endeared himself to all of his parishioners as a true and able minister and also to all who have learned to know him.

Rev. Meminger was assigned to this charge a year ago and during his labor here has accomplished good work. A goodly number have been added to the membership of the church and all of the different departments are doing good work.

Mrs. Wm. Calvin Chilton

The first will be Mrs. Wm. Calvin Chilton of Mississippi. Of all the American lady entertainers four seem to excel, Mrs. Bertha Knuz Baker, Miss Ida Benfy, Mrs. Beecher, and Mrs. Wm. Calvin Chilton. Besides these only a few can go on the platform, and without musical support, carry their people day after day by storm. In both Europe and America, Mrs. Chilton has been most successful. At the first Shakespearean Symposium held at Stratford-on-Avon, England, she of all Americans, was invited to give "King John". H. Snowden Warden, the great author and lecturer of London, praised her very highly for the work. Frederick Ward commends her greatly. Often has she repeatedly returned to places and continued each time to make good. Her subjects are many but the one that will not doubt be given herewith will be "An Evening in Dixie Land." Being a Mississippi lady and a good student of human nature, Mrs. Chilton is abundantly prepared to give this subject in a most pleasing manner. If you love art, if you like to hear splendid interpretations, if you like first-class entertainments, do not fail to hear Mrs. Wm. Calvin Chilton on Friday night Oct. 5th. She is immense.

To Stop Wild-Cat Mining.

A bill providing for the punishment of all mining fakirs and promoters of illegitimate mining enterprises will be drafted by the American Mining Congress at its annual session which will be held in Denver, Colorado, October 16th to 19th inclusive. A committee composed of the best talent in the United States has been appointed to prepare and submit to the Mining Congress a draft of such bill. This committee comprises two United States senators, Robt. M. LaFollette, Wis., and Fred T. Dubois, Idaho; one congressman, Eben W. Martin, South Dakota, and the governors of two states, Geo. C. Pardee, California, and Jos. W. Folk, Missouri. Four are attorneys and all from mining states of prominence.

California has already adopted a law which has worked an almost complete ridance from that state of spurious mining stock and that lecherous parasite on the mining industry—the fake promoter. It is probable that the proposed legislation which will be submitted to the state legislatures this winter, will fashioned after the California law, which provides that any person who shall undertake to sell or assent to the publication, privately or publicly, of a fraudulently exaggerated report tending to give any person or the public generally the idea of a greater value or less apparent value or market value than such stock may really possess, with the intention of defrauding any person or the public, "shall be deemed guilty of a felony, and on conviction shall be punished by imprisonment in state prison, or a county jail, not exceeding two years, or by fine not exceeding five thousand dollars, or both.

The efforts of the American Mining Congress to protect the investor against mining frauds by furnishing information as to the true conditions at the mine, has made more apparent the necessity of legislation to suppress this evil, and it is hoped that all serious mining men will take an active interest and communicate with the secretary, to the end that the matter may receive the most intelligent consideration at the coming annual meeting. The Mining Congress never was in as strong a position to combat this evil, and the assistance of every mining man is needed to make its work more effective.

Steps will also be taken at this session for the creation of mine drainage districts similar to public improvement districts in cities and for the creation of a Department of mines and mining as a separate Executive department of the national government.
