Devoted to the Mining, Lumbering and Farming Interests of this Community.

VOL. VIII COTTAGE GROVE, LANE COUNTY OREGON, WEDNESDAY, OCTOBER 10, 1906. NO. 37

## INTERESTED IN MINING

Mining Investments Pay Largely.

The Daily Mining Record says: "It is an undeniable fact that most influential business men of the world have turned their attention to mining, the source of nearly all wealth; for persons who have been enslaved to the idea that the only safe proposition was a five per cent or six per cent security, now realize that many millions of interest have been lost to them through heeding the advice of those interested in cheap money, and that among the banking institutions of the west, eighteen and twenty per cent per annum is not considered a hazardous western profit or excessive dividend on the great majority of our gilt-edged mining securities, and further, the richest men in the world are mining kings, many of whom have grown powerful enough through the proper application of originally a moderate capital, and it is proven that while millions of dollars have been lost in railroads, farm mortgages, eastern industrial and building associations, the American mining industry steadily advances, making enormous profits for its supporters, building great states and cities and points with pride to the American possession of 253 mines that have paid in dividends over \$525,000,000.

"In mining investments extremely large amounts are not necessary to make one successful, for the man of moderate means, properly advised, has opportunities of quickly doubling his capital. Under incorporation great achievements are made possible through combining limited sums of thousands, thus equaling the capital of the individual millionaires, making possible gigantic undertakings that are productive of enormous revenue. The dollar of the man of moderate means is equally as powerful as the dollar of the money king. Both serve their purpose; both are entitled to their proportionate profits.

"In legitimate mining a twenty-five per cent dividend is not considered startling and the mining interests of the west are willing to pay that interest for the use of money, for by the aid of capital they open up tremendous ore bodies that lead to still greater fortune. The employment of \$10,000 in mining is the equivalent of \$9,000 in most any other branch of industry.

"For years the wondrous profits of the metal industries have been whispered among investors, who apparently were afraid to let their neighbors know they were identified with mining, but the efforts of the financial czars of the world in forming combinations to control first the markets of the miners through the 'smelting trust' and then the mines through the 'Amalgamated Copper trust' have opened the eyes of the conservative and modern investors and they are making efforts to obtain their share of the metallic wealth which nature has spread so lavishly.

"Nature has laid her treasures in the mountain recesses of the West. The American miner searches them out. Eastern money makes possible their conversion into bullion and the joint results of the miner and the capitalists make possible the tremendous profits that signalize successful mining."

### Victory for San Francisco Policy Holders.

A Judge of a San Francisco court has ruled that the earthquake clause in insurance policies is invalid, in a case brought before, by giving a verdict for the insured. In his decision he says, "Even if the earthquake caused the fire the defendant would still be liable under the policy, but there is no evidence to justify finding that the fire was caused by an earthquake."

### Another Happy Couple.

One of South Dakota's stalwart sons came to Cottage Grove this week to claim as his bride Miss Eva Martha Bohlman and today they will be married here. The groom

is John Cornelius Thomas of Wakonda, South Dakota, a town of some 500 people, where Mr. Thomas is the druggist of the town and a prominent man in the community. Miss Bohlman is the daughter of Geo. Bohlman, the tailor. After the wedding they will take quite a trip and will be at home in their new home in Wakonda after the 30th of the month.

### Womans Club Program.

The next meeting of the Womans Club is Oct. 20th. The ladies decided to meet every other week this year, and their meeting last Saturday was the first one of the winter season. The ladies met in the Commercial Club parlors and commenced their study of Spanish art. For the first meeting there was only a fair attendance but the ladies all promise to be out hereafter.

The next meeting will be "Authors Day" the program being as follows: Roll call quotations from "The Autocrat of the Breakfast Table"

The Concord Sages (three minute papers) Hawthorne, Mrs. Caldwell, Lowell, Mrs. Goodman; Longfellow, Miss Mundy; Dr. Holmes, Mrs. Homenway; Margaret Fuller, Mrs. Wallace; Prof. Alcott, Mrs. Eva Wheeler; Thoreau, Mrs. Phillips.

Reading "The Great Stone Face" Miss Grant

Current events and business meeting. All members should come. MABEL CHAMBERS, Secy.

### Teachers and Students Entertained.

Last Saturday night the Y. P. S. C. E. of the Christian Church gave a reception to the teachers of the Cottage Grove school, the High school students and young people in general at which gathering a large number of guests were present. In the early part of the evening a short program was rendered, after which a social time was enjoyed, later refreshments were served and a delightful evening was spent in becoming acquainted with one another and in renewing last years acquaintances and friendships, the guests departed.

### Pushes Line on to Mines.

S. J. Brund and son William left for Star on Monday morning and will rush the completion of the Farmers and Miners Line right through to Bohemia, and they expect to have it through in less than three weeks. Almost all of the mines will connect onto the new line, and some of them will build four and eight miles to connect on, so as to have telephone communication at all times. The farmers who now have their phones connected up between the Grove and Star state that the line is a dandy, and that their service is the best ever.

### Increase of Stock.

Currin & Veatch are thoroughly remodeling their store to accommodate a new stock of dry goods now enroute. The interior will be all repainted and repaired, the shelving changed and new counters installed, so as to give much more room. The grocery department will be moved to the rear and the shoes to the front. It is intended to make the stock thoroughly up to date in every respect and to much improve all the stock.

In the automobile contest for the Vanderbilt cup, on Long Island, a Frenchman, named Louis Wagner, made the fastest time, making 295 miles in 200 minutes and 10 2-5 seconds or considerably over a mile a minute for the entire distance. A number of serious accidents occurred one man, an onlooker being killed through his own carelessness.

## LOCAL AND GENERAL NEWS

What is Happening all Around You.

Mr. Van Allison, the barber, made a short trip to Eugene on Tuesday.

The hotels report a rushing business and state that it is hard to get enough rooms to supply the demand.

A marriage license was issued in Eugene Monday to Geo. W. Ivens and Hettie B. Bryant, both of Cottage Grove.

Miss Dollie Hefty left Thursday for Drain, where she takes a position as assistant to Postmaster Hazard of that place.

The new Ditson sawmill expects to get to running within a very short time, as their machinery is beginning to arrive.

Prof. Strange reports that the school attendance is steadily growing and that in every respect it is larger than ever before.

F. H. Rosenberg, one of the old time employees of the Pacific Timber Co., has returned to the Grove to make his home here being employed with Campbell and Walker.

The Council was to meet Friday night to call an election to vote to amend the city charter to permit of the tax levy being raised to 20 mills which the present charter limits to 10 mills, but found that they could not legally do so until after the election of Oct. 20th.

Mr. Cooper, assistant manager of the Blackbutte mines was in town on Thursday, with Mr. Martin, supt. of construction of the mines.

F. H. Rosenberg was reinstated as a member of the Commercial Club, after an absence from the Grove of a year or more, on Monday night.

A. D. Owens was a caller at the office this week. Mr. Owens is much pleased with the work of his sawmill this summer and says he has made good money.

Rev. J. C. Barton of Ottumwa, Iowa, and his cousin, Miss Jane Carrol of Victor, Iowa, old time friends of Geo. Atkinson from his home town Victor, are spending a few days visiting here.

Rev. W. V. McGee of Selma, California, is in Oregon attending the session of the Presbyterian church, and his wife who is a sister of Oliver Veatch, with her daughter are visiting here. Rev. McGee is thinking of locating in Oregon for a time.

The semi annual distribution of school funds will be made soon, of which Cottage Grove's proportion is \$1,033.60 from the state and \$200 from the county. The annual amount set aside by the state from its funds is \$1.70 per scholar and by the county \$2.

Coos Bay is to have a denatured alcohol distillery. An eastern capitalist is about to erect a plant there. The Coos Bay Harbor says there are 20,000 acres of land available to the raising of potatoes in Coquille Valley that will produce from 500 to 800 bushels of potatoes per acre. Coos Bay better look out or it will be wanting to supply potatoes for the whole world, if it keeps up to its tales.

## BOHEMIA MINING NOTES

And General Mining News Gathered from Exchanges.

Mr. Stocks of Star is now working at the Vesuvius, under Mr. Hard.

Alberton Wood left for Bohemia Friday to work on the Vesuvius property.

W. H. Shane came down from the hills Saturday for a few days business.

The mines are all laying in their winter's supply—and are keeping things going.

Ernest Purvance went up to the Vesuvius this morning with his kit of tools and will join the crew already at work.

S. O. Hamblin and wife took the Monday morning train on their way to Bohemia, where Mr. Hamblin will work for F. J. Hard on the Vesuvius this winter.

A large force of men went up to the Vesuvius on Monday morning and Manager Hard announces that the force is being largely increased, and that work will be vigorously pushed.

Felix Landess has gone to Nevada, where he expects to work in the mines. He goes on account of the splendid reports received from his brother Henry, who is now there.

The force at the Vesuvius is doing a great amount of work each day and will have something to show for it.

### DIED

Mrs. Susan Mary Buoy, wife of Noah Buoy living three miles south of Creswell, died at Schief's hospital in Cottage Grove, Oct. 8th at 5 p. m. after a long sickness. She has been sick for three years and has traveled everywhere for her health, but the past three months she has been in the hospital here.

She was born Oct. 8th, 1848 in Cedar Co., Missouri and died on her 58th birthday the same hour of the day as she was born.

She has borne patiently her many trials, and goes to the long rest of the faithful.

### Graham Hotel in New Hands.

Chas. Long, an experienced hotel man has purchased Andy Graham's hotel business and will continue to run a strictly first class house as in the past.

Mr. and Mrs. Graham will probably locate in the valley again after a short rest. They built up a good hotel business here and leave it in good hand. Mr. Graham has several plans working out for a future day.

A fine new stock of Edison and Columbia Graphophones and records at the Bazaar.

Geo. Meinzer, a former resident here, but now of Portland, is making a visit among old time friends.

Veatch & Curriu are greatly remodeling and improving their store room to make ready for a large order of goods which are already arriving.
