HAVE YOU SENT YOUR DOLLAR?
TO REPUBLICANS.
We are in favor of every Repub-
lican who is able to carry office.
We do not care how honest Repub-
licans may be. We do not care about
the wealth of the Republican Party.
We do not much care for the achieve-
ment of a central government.

We do not care for the methods
of the Republican Party. We wish
the Republican National Party
Congressional committee to send
the Republican National Com-
mittee Tax reform, and all documents
by the Committee.
