

# Help! Help! I'm Falling

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! In gratitude, it grew long and heavy, and with all the deep, rich color of early life. Sold in all parts of the world for sixty years.

"About one year ago I lost nearly all of my hair following an attack of measles. I was advised by a friend to use Ayer's Hair Vigor. I did so, and in a month I now have a beautiful head of hair."—Mrs. W. J. Snows, Macon, one-half mile, Wis.

Thousands of women suffer daily backache, headache, dizzy spells, languor, nervousness and a dozen other symptoms of kidney trouble, but lay it to other causes.  
Make no mistake. Keep the kidneys well, and these aches and troubles will disappear.  
Mrs. Anthony Cadrette, 77 Mechanic St., Leominster, Mass., says: "My sight failed, I had sharp pain in my back and bearing-down pains through the hips. I was nervous, fretful and miserable. The urine was greatly disordered and I began to have the swellings of dropsy. I was running down fast when I started using Doan's Kidney Pills. A wonderful change came and after using them faithfully for a short time I was well."

**The Inquisitive Barber.**  
No doubt many readers have heard of the austere disposition of America's greatest living actor, Richard Mansfield. Perhaps the following conversation, which took place in one of Boston's leading hotels, better illustrates the satirical nature of the player. Entering the barber's shop one morning, he was immediately recognized as Richard Mansfield by the barber.  
"Good morning," said the barber affably.

A grunt was the only reply.  
"Well, how was things over at the house last night?"  
"What house?" answered the actor ironically.  
"The Hollis," said the barber.  
"What do you mean, sir?"  
"Why, are you not Richard Mansfield?" the barber asked.  
"Oh, no, indeed," replied Mr. Mansfield. "I just got out of jail this morning."  
"What! You're not Richard Mansfield; and you just got out of jail this morning! What for, pray?"  
"For assaulting inquisitive barbers," was the response.

**A Good Record.**  
Out of all the external remedies on the market we doubt if there is one that has the record of that world-renowned porous plaster—Alcock's. It has now been in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and aches. It is the remedy we all need when suffering from any form of ache or pain resulting from taking cold or over-exertion.  
Alcock's Plasters are sold by Druggists in every part of the civil world.

# SKIN DISEASES

## ACNE, TETTER, ECZEMA, PSORIASIS, SALT RHEUM.

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

**ECZEMA** appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS**, a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM**. It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

**Moderation in Exercise.**  
It is better to be lazy than dead, and it is probably just as comfortable. For obvious reasons the prescription to take moderate exercise is misleading and unsatisfactory. Most of us are constitutionally incapable of exercising moderately. We begin violently and end quickly. And what is moderate exercise? One philosopher who tried it for twenty years arrived at this conclusion: "Keep a pair of Indian clubs in your bedroom. Look at them frequently. Exercise by their suggestion." This has the merit of moderation. It is the same as walking. Smell the morning, look down the long way that separates you from your business. Then take a car.—Detroit Free Press.
