The advertiser likes to have his attention called to sales made on account of his ads, so does the newspaper, so tell the merchants you saw their special announcements and it will do good all around. Our opening number, Midland Opera Quintette, was eminently satisfactory, everyone was very highly pleased. The church was crowded, even to using the gallery, and best of all our treasury is considerably ahead and the lecture course was given a good send-off. More Floor Space Needed.
 Griffin & Veatch are finding their business growing to such an extent that they are making preparations for considerable additional floor space. The office which now occupies quite a large space in the center of the room will be moved to one corner so as to take less room. Large swinging platforms are being erected midway between floor and ceiling in the rear to afford additional space. The front show windows will be enclosed with glass partitions so better displays can be made, and several full length glass show cases are on the way for display of silverware etc. When all these changes are completed lights will be installed, and the store kept brilliantly illuminated.

More Fine Poultry.
 Cottage Grove promises to soon rival the lower Willamette valley towns in the production of fine poultry, another beautiful specimen of high-bred fowls having arrived by Monday's express, a product of the poultry farm of Ira C. Keller, Prospect, Ohio. This fowl is of the Golden Wyandotte strain and is a large square built, brilliant feathered cock, a year and a half old. He cost \$10 and was accompanied by a score card and a large blue ribbon showing that he had carried off first prize at the poultry shows. He scores 923 points and is the property of W. C. Conner who now has a pen of 20 of these fine fowls, besides a pen of 30 beautiful White Langshans.

 Great happiness came into the home of Mrs. C. H. King, medical superintendent at St. Albans, W. Va. when his little daughter was restored from the dreadful complaint he names.
