

Millions Spent on Intoxicants.

(Continued from first page.)
Candidate for a state office in Tennessee, democrat or republican, is a temperance reformer.

Indiana, a state which ten years ago regarded the distillers' and brewers' lobby as its real ruler, is now trying to keep the legislature from going too far in enacting laws which cannot be enforced.

Maine is technically a prohibition state where the sale of intoxicants is an outlaw business. The New York Sunday laws are strict on the books, but elastic in enforcement.

Nebraska has a state inebriate law providing for "the examination of dipsomaniacs, inebriates and persons addicted to the excessive use of morphine, cocaine or other narcotic drugs; for the detention, care and treatment of such persons, and for their parole."

FOREIGN-BORN GREATEST DRINKERS. In those communities where the percentage of foreign-born popula-

tion is largest, there is the least effort toward legal restriction of the liquor traffic.

PURE-BLOODED AMERICANS which fact is taken to indicate that pure-blooded Americans have set their faces against the vice of drunkenness. The Southern states received but 4 per cent of the immigrants who came into the country last year, and they are leading the crusade against the saloon.

The Legislatures of 30 states are now in session, and it is probable that all of them will consider the liquor question in one form or another. While comparatively few men are willing to espouse the cause of total prohibition, it is undeniably true that the movement to restrict drunkenness is Nation-wide, and that taking the Nation as a whole drunkenness is on the decrease.

IF YOU WANT CASH For Your Real Estate or Business I CAN GET IT No Matter What Your Property is Worth, or in What Town, City, State or Territory it is Located. If I did not have the ability and facilities to sell your property I certainly could not afford to pay for this advertisement. This "ad" (like all other "ads") is practically sure to place on my list a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today. Why not put your property among the number that will be sold as a result of these "ads?" I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers. I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will first be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail it to me today, I will tell you how and why I can quickly convert the property into cash, and will give you my complete plan FREE OF CHARGE and terms for handling it. The information I will give you will be of great value to you, even if you should decide not to sell. You had better write today before you forget it. If you want to buy any kind of a Farm, House or Business, in any part of the country, tell me your requirements. I will guarantee to fill them promptly and satisfactorily. David P.
