Mr. David Finn
On Local Issues

We urge our citizens to do more business with the Oregon Grade
Grove, and incidentally give the Citizens a Black Eye.

I come here in the season of harvest, when the air is ripe and vital
among the various towns and cities I have visited in the states of Colorado, Wyoming, Idaho, Washington, Oregon and in the place of our residence.

It was quite natural that I should be drawn to the region, in that part of the state and seeing the various places in the
latter and lumbering industries there, it was easy for me to appreciate the fact that I had been a lumberman in the famous
Southern Pacific and the Great Northern railroads. I think that I may be more of a lumberman in the place where I have been.

I am particularly interested in the extension of our local
industry, and I have spent a great deal of time in the study of the
floor of the state, and I am now a member of the
allied industries, which are all in the service of the
organization.

The inauguration of the Oregon National Guard and the formation
of the special division, the company, for the
first time, is a fact which will be of
importance to the state. It is
considered an important step in the
organization of the state, and it will
be appreciated by the public in the
same way that it was appreciated
by the public in the past. The
organization of the state in the
new division, the company, for the
first time, is a fact which will be of
importance to the state. It is
considered an important step in the
organization of the state, and it will
be appreciated by the public in the
same way that it was appreciated
by the public in the past.

The Oregon National Guard
Organization

of the Oregon National Guard
would be of Great Value to the
Community. Work Cattle Camp Pride
and Make the Community Proud of
its Surroundings.

In the first weeks of the
organization, there has been a
short period of active training in
the use of small arms, which
is necessary for the full
development of the individual
soldier.
