SUSPECT A 'FREEZEOUT'

Minority Stockholders of Oregon Securities Company on Guard.

Portland, Or., March 26. (To the Editor)—I noticed in the Oregonian of March 22 that G. B. Hengen had given an interview about the sale of the property of the Oregon Securities Company and a reorganization scheme of that company. It seems to me that such article may have the effect of misleading the public in general and some of the stockholders in particular, so I write you this letter for the information of all stockholders.

The situation is simply this: A number of Oregon stockholders of the Oregon Securities company believe that the property of the Oregon Securities Company is undervalued and that the property has been mismanaged and robbed and that there is a smooth scheme on foot to freeze out the minority stockholders and the minority stockholders do not propose to be frozen out. This committee of Oregon stockholders had employed me to represent them and had arranged for funds to present their case, when G. B. Hengen who is the secretary and treasurer of the company, and very anxious to have this foreclosure scheme succeed, came to see me. Mr. Hengen was plainly informed what the

minority stockholders of Oregon proposed to do and he agreed to assist in making an investigation of the Oregon Securities Company in order to reveal undesirable publicity of the criticism of the officers of the company.

The minority stockholders have employed James Lindsey, the mining engineer of this city, to examine the property and report; also they got the sale in the foreclosure postponed until April 22d, and they got to have the books of the company sent from New York to Oregon, where they belong and where they can be examined. In short, the minority stockholders of Oregon are going to learn what is the reason for the remarkable condition of the Oregon Securities Company and why it is that the officers of the company were so sanguine over the difference the company lost summer and now and how, and at the same time why the officers of the company are all interested in a foreclosure of the property in order that the stockholders can all get out of the old company and a new one of stockholders obtained in order to continue at so much profit.

The stockholders of Oregon have named H. H. Cotton and C. H. Thompson as a committee to raise and balance funds for this investigation and any investigation desired by the whole body of stockholders can be arranged to or from them.

HENRY H. DUNBAR.

PLAN A REORGANIZATION

Creditors of Oregon Securities Company to be Satisfied.

The balance property of the Oregon Securities Company which went in the foreclosure sale to the majority stockholders, will be sold in the foreclosure sale to the majority stockholders, and a new company will be formed to take over the business of the old company, and the old company will be liquidated. The new company will be formed by the majority stockholders, and the old company will be liquidated. The new company will be formed by the majority stockholders, and the old company will be liquidated.

G. B. Hengen of New York, secretary and treasurer of the Oregon Securities company, Portland yesterday and a plan of reorganization. He was a new corporation will be formed to take up the property of the old company, which was sold in the foreclosure sale April 22.

A number of the new organization have not yet been chosen, but its capital stock will be \$1,000,000. This will consist of 100,000 shares, or paid-up stock, which will be preferred stock, and 1,000,000 shares of common stock. The proposed stock has been sold to the majority stockholders of the old company, and the new company will be formed by the majority stockholders, and the old company will be liquidated.

There will be some changes in the officers of the reorganized company and G. B. Hengen's reports to have a new set of books drawn up. A new set of books of the reorganization will be drawn up. The old company will be liquidated, and the new company will be formed by the majority stockholders, and the old company will be liquidated.

With nothing to be gained after selling three months of a lot of Manzanita, you are disappointed. Return the balance of the proceeds to the original, and you will receive a check for the amount. The new company will be formed by the majority stockholders, and the old company will be liquidated.

Home-Made Catarrh Cure.

Any one can mix right at home the best remedy of its kind known. The name "Cyclone" is given to the following prescription. It is supposed, because of its promptness in driving from the blood and system every vestige of catarrhal poison, following this foul and diseased condition, that for where located. To prepare the mixture: Get terebinth good plantain one-half ounce Fluid Extract Dandelion, one ounce Compound K.

and three ounces Compound Syrup Sarsaparilla. Shake well and use in teaspoonful doses after each meal and at bedtime.

This is a harmless, inexpensive mixture, which has a peculiar action upon the eliminative tissues of the kidneys, assisting them to filter and strain from the blood and system all catarrhal poisons, which, if not eradicated, are absorbed by the nervous membrane, and an open sore or catarrh is the result.

Prepare some and try it, as it is the prescription of an eminent catarrh specialist of national reputation.

Another Business Block Sold.

Last week through the agency of Fingel Hinds, the building now occupied by the Bohemia Nugget, and the vacant lot adjacent thereto, was sold to Mr. H. Venke for \$5500. Mr. Venke will transfer the property to the Maxabee lodge of this city who will erect a handsome two story brick on it. The lower floor will be occupied by the Nugget office and store rooms, and the upper floor fitted into a modern lodge room.
