PE-RU-NA A MEDICAL COMPOUND

BAD BLOOD
THE SOURCE OF ALL DISEASE
strenth. When this life strean is flowing through the system in a state of
purity aud richncess we are assured of perfect nud uninternupted heath;
Wecause pure blood is nature's safe-guard against disease. When, however, its strength, disease germs collect, and the trouble is in syminifested in y yarions Huow that the biood is in ans peve he result of mortbid, unhealthy matter in the blood, and Rheumatism, CaThisorders that will continue to grow worse as long as the poison remains.
These impuritis and poisons find thecir way into the blood in various ways. orm uric and other acids, which are taken up by the blood and distributed another cause for the poisoning of the blood; we also breathe the germs and
microbes of Malaria into our lungs, and when these get into the blood in
sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old onstantly annoyed and troubled with it. Bad thood is the source of all dis sise, and until this vital fluid is cleansed and purified the body is sure to
suffer in somene way. For boool troubles of any character S. S. S. is the best

Mr. B. 앙 tho had sent his son to philadelphla
to begin ufe as a clerk, wrote to the nerchant In whose employ he was, ask-
ing how the boy was getting along and where he slept nights,
The merchant replied
"He sleeps in the store in the cay. time. I don't know where he
nighta," - Phlladelphla Ledger.
A Vanay misprint.

One of the most ludicrous announce-
nents that ever appenred perhape we made by a London newspaper in tho
earler halt of the offect that Sir Robert Peel "and a par-
y of flends were shootlog peasants to reland." The words misprinted, of course, were "friends" and "pheest
