TEXTBOOKS CHANGE

Only Four Are Retained and Two famine committee has notified its rep Subjects Are Dropped.

USED BOOKS MAY BE EXCHANGED

Study, Less Than Old-Contracts Well Distributed.

Salem, Or., June 6 .- All but four books now in use in the common schools of Oregon have been changed by the State Text-Book Commission and new text-books will be substituted at the beginning of the new school year. The fourth and fifth Cyr readers, the Thomas elementary history and the Reed speller are the books retained.

Civil government has been dropped entirely as a separate subject and will hereafter be taught in connection with history. The mental arithmetic has also been dropped and the mental exercises will be given with the aid of the books on written arithmetic. In the place of the two subjects dropped, an important one has been added, that of elementary agri-

The principal changes are the subthe third book for the Cyr readers; the adoption of Smith's arithmetics In the place of Wentworth's; the adoption of Buchler's grammers in fallen. Captain Utilivelli was found the place of Reed & Kellogg's; the alive, but unconscious. He was placed adoption of the Natural geographies in an automobile and rushed to a hos- has received advice from some sources in the place of Frye's and Doub's United States history in the place of Thomas' advanced history.

The total cost of the books used in the schools under the list in force up to the present time was \$9.80, this list not including the book on nature study. The prices of those newly adopted, not including the nature study, aggregate \$9.14, or a reduction of 66 cents. If nature study be included the new list will cost \$9.89. or an increase of 9 cents in the cost of all the books a child must use in his eight years of schooling.
