PUSH OREGON TO THE FRONT

AN EASY WAY TO ADVERTISE THE STATE

And Tell Our Eastern Friends All About the Superior Opportunities We Possess.

On April 29th last the Oregonian published a special industrial edition devoted exclusively to the exploitation of Oregon. It probably contained more special and miscellaneous information about Oregon than any one publication that has ever been issued. It is peculiarly useful and valuable to the homeseeker, because it gives the latest and most reliable information about so many different subjects that the homeseeker is naturally interested in. Almost every department of industry is specialized, and both descriptive and statistical information of a highly valuable character is given extensively and in entertaining form.

Residents of Oregon who know its advantages as compared with the congested and depleted East, and who still have friends back there whom they would like to see here enjoying the good things of this favored state, can aid in a splendid work now without cost and very little effort. If you think your friends would be interested in knowing more about Oregon and might eventually become a valuable citizen, send his name and address to the general passenger agent of the Oregon Railway & Navigation Company or Southern Pacific at Portland, and a copy of this special edition, with a complete summary of the several subjects treated, carefully indexed, will be mailed to him promptly. In this manner you may be the means not only of doing your friend a good turn, but of helping to stimulate the growth and prosperity of Oregon.

Don't forget that commencing September 1st and continuing daily for two months, tickets will be on sale at almost every railroad station in the East to all points in Oregon and the Northwest at what has come to be popularly known as "colonist rates." These rates are the cheapest general long distance rates ever established and enable one to reach Oregon from any part of the United States at but a trifle more than one cent a mile. They are the greatest incentive to colonization and progressive home building of any known agency, and if the restless, dissatisfied resident of the East is made to know before-hand the advantages he can enjoy here, the problem is solved, and the star of empire will continue to move steadily westward.

Now is the time to spread the gospel of Oregon, so that it may be heard and heeded by the time the rate goes into effect. Send one name or two, or a dozen, and you will be exerting a worthy influence toward the upbuilding of our state. Send them to your nearest Southern Pacific agent or to Wm. McMurray, General Passenger Agent, Portland, Oregon.

Beware of Ointments for Catarrh That Contains Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c. per bottle.

Take Hall's Family Pills for constipation.

RINGLING'S CIRCUS AT EUGENE.

On Friday, August 30th the people of this vicinity will have an opportunity of attending Ringling Brothers' circus at Eugene and it is probable that many will go from here, as this splendid organization is far better than ever before, being made up almost entirely of European performers new to America.

The equipment of the circus is all brand new, and over a million dollars was spent in adding novel features. The greatest parade ever presented will take place in the forenoon. In it will be 1,254 men, women and children, 658 horses, nine herds of elephants and three miles of hand-carved golden chariots, floats and cages, and gorgeous spectacular attractions.

Space will permit of only brief mention of the many novelties, presented in a tent twice as big as that of any other circus. The Riccobami horses wear boots, coats and trousers. One sits in a chair and reads a paper; when the clock strikes ten he lights a candle, goes to his bed, removes his clothes, even to his ponderous boots, blows the candle out and retires. Last winter people went all over Europe to Paris to see the act.

An agent of the show, secured through the efforts of an American diplomat, permission from the Shah of Persia to bring to this country the wonderful Shrivolem troupe, favorites of the Persian monarch's court performers. It is the first time they have been permitted to leave Persia. No one ever saw the act except royal visitors at the Shah's palace. Other European performers are Daisy Hodgini, of Italy, the only woman who can turn a somersault on a horse; the Marinelli Marinites, who while turning somersaults and hand springs from shoulder to shoulder, play on Swiss bells; the Patty Brothers of Paris, who leap up and down stairs and skip the rope on their heads; the De Kocks from France, with their wonderful dog which walks on its hind feet around the ring, balancing a man on its head; the wonderful five Bedinis who jump simultaneously to the back of one horse; the Halloway family of London, the greatest high-wire artists on earth; the Jordan family of acrobats, the greatest in the world; the Kauffman family of unicycle riders; the great Belfords, the Clark Brothers of England, the Borsonis of Naples, Marguerite and Hanley of Berlin, the Noetzel family of Dresden and 300 more of the picked talent of the world.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged carelessness being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Benson's Pharmacy. 50c.

THE NORMAL SCHOOLS

Attorney General Crawford's Ruling on the Recent Action of the Board of Regents.

Salem, Ore., Aug. 6.—Attorney General Crawford gave his opinion this afternoon on the question of the legality of the action of the Board of Normal School Regents in recognizing the Monmouth and Drain school, holding that, since the Legislature had made appropriation for the schools, even though the bill was vetoed, it is fair to presume that the next Legislature will provide for any deficiency in the expense of operation. He believes that the schools are legal state institutions, and that it is proper for the board to provide for their continuance within the limit of the funds available, but that it is not authorized to incur indebtedness on their account.

The question of the status of the Monmouth and Drain normal schools was raised during a meeting of the executive committee of the State Board of Normal School Regents yesterday afternoon by W. B. Ayer, of Portland, a member of the finance committee, and created no little commotion among the members present.

Mr. Ayer's contention that the board had no legal right to show any recognition whatever is based upon the provisions of Section 2 of the act, which creates the board and prescribes its powers and duties and virtually limits its recognition of normal schools to those which have received an appropriation for maintenance from the legislature. He say the action of the board in granting the schools permission to continue operation, even upon their own resources and in the knowledge that the subscribers to the maintenance funds will depend upon the next legisbature for reinbursements, is practically the lending of its sanction to incurring indebtedness, which the law forbids it to do and subjects the members to danger of prosecution for malfeasance and summary removal by the Governor. The members of the State Board of Education, however, are exempted from this last punishment.

His argument, though he explained that his sympathies are with the two schools whose existence is in jeopardy and that his stand was actuated purely from moral and legal principles, carried great weight with the members present. As an ultimate result it was decided to submit the question of the authority of the board either to recognize and encourage these two schools or to order them closed to the Attorney General and to call a regent's meeting and discuss conditions under which it is made possible for Monmouth and Drain normals to continue and receive recognition at the hands of the board provided they raise their own funds. The meeting will probably be called for some day next week.

Col. Hoter, one of the Board of Regents says in a recent issue of his paper, the Salem Journal:—

Suitable repairs and renovations of equipment have been ordered to put the institution in first-class working order.

The state has between two and three thousand dollars' worth of property on its hands, in the shape of normal schools and equipment.

Each of the schools has a faculty and officers elected by the outgoing local boards of regents, with salaries fixed.

The new board, which enters upon its duties early in July has no power to abrogate any of these contracts, except for cause shown.

The new board, which has centralized power of control over the schools has no power to abolish any of these schools.

There was an effort to amend the law to require this new board to discontinue two of the schools, but the amendment was defeated.

The new State Board of Regents has no authority to dispose of any property of the Normal schools.

It has no power to create any indebtedness or pile up any bill against the state for the conduct of such schools.

If the friends of the two schools without appropriations, because they were vetoed by the governor put up the money to run them, the board has no option but to keep the schools open.

The laws creating these State Normal schools were not repealed, and it is not good public policy to let the equipment of these schools stand idle.

The board is working hard to increase the quality and the quantity of the work turned out by these State Normal schools. The number of students attending for profession al work will be nearly doubled.

The bites and stings of insects, tan, sunburn, cuts, burns and bruises are relieved at once with Pinesalve Carbolated. Acts like a poultice, and draws out inflammation. Try it. 25cts sold by New Era Drug Store.

WOMEN'S WOES.

Cottage Grove Women are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity. They must "keep up," and attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains, that must stoop over, when to stoop means torture. They must walk and bend and work with aching pains and many ache from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the Kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys, and is endorsed by people you know.

Mrs. R. S. C. Oliver of 642 Maple street, Pendleton, Ore., says: "It is now nearly two years since I have had any of the symptoms of kidney ills. Pains in the small of my back, dizzy spells, and a tired, languid feeling and nervousness. I began to experience it. Doan's Kidney Pills, which I procured at a drug store, brought me entire freedom from the pains, aches and annoyances, regulated the action of the kidneys and restored endurance to me, so that I could not ascribe any ailment to my duties without disclosing it. I do now and always will recommend Doan's Kidney Pills to those suffering from kidney ailment in any form." For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no others.

TIMBER LAND ACT JUNE 3, 1878.—NOTICE FOR PUBLICATION.

United States Land Office,

Roseburg, Oregon, July 1, 1907.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892,

THEODORE C. WOOD

of Eugene, county of Lane, state of Oregon, has this day filed in this office his sworn statement No. 8286, for the purchase of the E. ½ of section No. 27 in township No. 20 south, range No. 5 west, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before W. W. Calkins, U. S. Commissioner, at his office in Eugene, Oregon, on Saturday the 28th day of September, 1907.

He names as witnesses:

W. E. Parker of Zion, Oregon, W. Kloster of Zion, Oregon, Archie Mathews of Zion, Oregon, Fred Wood of Zion, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 28th day of October, 1907.

BENJAMIN L. Eddy, Register.

REGISTRATION OF TITLE TO LAND

In the Circuit Court of the State of Oregon for Lane County.

In the matter of the application of John Sutherland to register the title to the S½ of NE¼ and E½ of NW¼ of Section 5 in Tp 22 South, Range 3 West of Will'e Meridian against all whom it may concern.

TO ALL WHOM IT MAY CONCERN:

Take notice that on the 31st day of July, 1907, an application was filed by said John Sutherland in said court for initial registration of title to the above described land. Now unless you appear on or before the 4th day of September 1907, and show cause why such application should not be granted, the same will be taken as confessed and a decree will be entered according to the prayer of the application and you will be forever barred from disputing the same.

E. C. Lee, County Clerk.

[Seal] F. L. Glass, Deputy.
