THE TOGGERY'S NEW HOME

A Successful Business Man Opens a Splendid Establishment.

Mr. E. W. Hebard, proprietor of "The Toggery," has been busy this week in moving his stock of goods into his new quarters in the brick building at the corner of Main and Fifth streets. Mr. Hebard has been successful in the short time of a year and a half in building up a prosperous business, and one which is increasing every month. Mr. Hebard is well known throughout this section. He came from Virginia in 1898 and for three years he was the right hand man in Lurch's general store of this place, and later accepted the position of manager for Beckley Bros., of Youcalla, from which place he again came to Cottage Grove in March, 1906, where he saw the opportunity to place an assortment of Gents' Furnishing Goods, and his judgment proved correct. Being a most pleasant and affable man, he makes friends of his customers, and by dealing only in first-class goods, he has established a reputation that attracts the class who desire to buy the best to be had for their money.

The new store room that he occupies is furnished after designs and styles of his own, and is undoubtedly one of the finest in the valley. The shelving and supports, counters and tables are in colonial style, and stained to represent solid oak, giving an appearance of solidity. He has a large stock already on hand, consisting of everything for gentleman's wear, and on the arrival of his fall goods will have a stock such as is not generally carried in a town of this size. Cottage Grove can certainly be congratulated in being able to count among its citizens, such a live, progressive and popular merchant.

RUMOR OF A NEW INDUSTRY.
It has come to us that two of our enterprising citizens are contemplating putting in a sash and door factory in this city in the near future that will give employment to about fifty men. We are not at liberty just now to give the names of the parties, but they are credited with having plenty of capital to carry out any design they may decide on, but at present the proposition is not far enough along to make it a certainty. We hope, however, that the gentlemen will meet with encouragement enough to justify them going ahead, for it is just such industries as this that Cottage Grove needs.

CITY COUNCIL PROCEEDINGS.
The city council met in regular session on Monday night, and although it lasted several hours, not a great deal of important business was transacted. The matter of the improvement of River street occupied a considerable portion of the time in discussion, but final proceedings were postponed until next meeting. An ordinance for the improvement of Third street from Kansas Avenue south, was passed, also one for the improvement of the alley-running parallel to Main street on each side. The usual grist of bills were allowed and the council adjourned until next Monday night.
