### Married.

Clyde R. Nokes was married to Miss Loma M. Miller at the home of her parents at Eight Mile Post Office near Heppner in Eastern Oregon Sunday, Oct. 20th.  
 After visiting several coast cities and friends in Portland they came to Cottage Grove where Mr. Nokes is employed as agent of the Southern Pacific Railroad Company. Clyde was quiet as to his matrimonial intentions when he started on his vacation, but his friends made a pretty good guess.  
 The young couple start out with a host of friends who wish them many years of success and happiness. The manly man that Clyde has shown himself to be during his long residence here bespeaks for him a prosperous and useful future.

### HALLOWE'EN PARTY.

Ghosts and goblins were given full sway Thursday night at the home of Miss Eva King on Fourth street.  
 The guests upon arriving were received by a black robed witch who motioned them toward the stairs, at the head of which, two misty white apparitions conducted them to the dressing rooms.  
 The parlors and hall were dimly lighted with jack-o-lanterns which gave a ghostly appearance, and were decorated with pumpkins and black cats, who watched over all. After they were sufficiently impressed as to the witchery of the night, the lights were turned on.  
 The guests then enjoyed walnuts and pop corn popped over the coals in the fireplace. Apples and doughnuts were suspended by strings from the curtain pole in the doorway. Each one tried to bite one of the articles without touching it with the hands, the reward to be as many apples or doughnuts wanted by the successful ones.  
 The cat is a recognized sign of Hallowe'en and a very appropriate cat-guessing game was next played. After a chase for pennies came the apple hobbling contest. Then the ladies were given a small paper ladies clipper on the back of which were written the answers to questions asked and written on black paper cats given to the gentlemen. In this manner partners were secured and then ushered into the beautifully decorated dining room where the most delicious refreshments were served.  
 It was not until the chickens began announcing the early hours of the morning that the party left home, each convincing their excellent hostess that they had thoroughly enjoyed the evening of Hallowe'en.

### MACCABEE'S SOCIAL.

The Entertainment and Mystery supper given by the L. O. T. M's and the K. O. T. M's was indeed a very interesting social affair. The program was excellently given which was as follows:

 Remarks.....Mrs. Mary Gray  
 Remarks.....D. J. DuBulle  
 Recitation.....Mrs. Wm. Hart  
 Recitation.....Ohio Hart  
 Remarks.....Dr. W. A. Kime  
 Everyone enjoyed the program and were engaging in a social chat when they were invited to supper, the mysterious part of the evening. The menu was so confusing that the guests often took a chance at some of the numbers, but satisfaction was expressed by all. The menu consisted of:  
 Children of the sea, Staff of life, Yankee's joy, Boston's overthrow, Chips of the old block, Borders puzzle, Babby party, Springs offering, California's pride, What a young man calls his sweetheart, Bitter tears, Condensed sweetness, Gentlemen's favorite, Fruit of the vine, Preacher's delight, Unruly member, Found in the Garden of Eden.  
 A small charge was made for each of these articles and the entertainment was a financial success as well as a social one.

### STAGE WRECKED.

#### Roseburg-Coos Bay Stage Goes Over Embankment—One Man Killed.

One of the most appalling accidents to be recorded in the history of the Roseburg-Coos Bay stage lines occurred at about seven o'clock last Saturday evening near Sheep Ranch, a stage station about seven miles east of Camas Valley on the Marshfield road, when the four horses hitched to the heavy Fenton stage conveyance became frightened and ran away, carrying its load of human freight at a rapid rate for some distance when the rig, horses and occupants were dashed over a steep embankment, landing in the river below, resulting in the killing of one man almost instantly while the remainder of those aboard suffered minor bruises and cuts. Three of the horses were killed outright and the fourth was so badly maimed that it had to be shot soon after.

 Saturday November 2, was the 25 anniversary of the marriage of Mr. and Mrs. Morton F. Babcock. A few friends came in to spend the evening with them at their home. Music and social conversation served to entertain the little company. Mr. L. G. Paap favored those present with a touching recitation. The aged father of the couple, who pronounced the ceremony so many years ago, was with them and offered a prayer as a close to the evening exercises.

### BASKET BALL.

The season of basket ball was opened Thursday evening when Cottage Grove played against Roseburg at the Armory.  
 The game was a little rougher than is permissible in basket ball and Cottage Grove could hardly hold their own because of the larger average size of the visiting team.  
 Good team work was shown in the Roseburg boys but they probably have practiced longer than the home team. The Red C's will have to get more practice for they have a good hall now and must try and make good for their failure Thursday evening, although it is conceded they were entirely outclassed. The score was 43 to 17 in favor of Roseburg.

### Oregon Apples Are Too Big.

The favorable season has caused the apples of this valley, in many instances to grow too large for the best commercial purposes. This information we received from one of the most successful orchardists of the valley. The size of apples most desired by apple dealers, especially those who ship to foreign countries is about a four tier, sizes larger than four-tier must be sold in special lots and if the supply is large it quickly exceeds the demand. Larger than four-tier Newtons are very difficult to dispose of in England our informant says, and the best market for the larger sized fruit is found in New York. However, "we can't help it if the apples will persist in growing too large," said our informant. "No less than two-thirds of my crop this year range from three to three and a half tier. This year the apples all through the valley are larger and better on an average than they have been for many years."—Medford Mail.
