## WORK AT BOHEMIA

### Large Amount of Tunneling Being Done.

Work at These Famous Mines Will be Continued All Through the Winter. The Extent of Which Must be Seen to be Appreciated.

Among the contracts now going on in Bohemia, Mr. Johnson has a two hundred foot contract for the West Coast Mines Company; Jenks & Graber, one hundred foot at the Riverside; Ottoson & Olson, two hundred feet at the Oregon-Colorado; Thom & Lindquist, five hundred feet at the Vesuvius; Anderson & Brund, three miles of wagon road, connecting Elephant Mountain with Fairview. Alex. Lundberg is on the Rontan property, Frank Haley is on Bohemia Mountain, All Johnson is at the Hiawatha, Shane & Fischer are on Monto Rico ridge, C. L. Johnson is at the Golden Rule pushing work with hand drills, the Clark Brothers are at the Combination, Mr. Burkhardt is finishing his cabin preparing to work a crew all winter, E. E. Lilly is working for Henry Veatch, J. B. Eggin is prepared for all winters work at the Sunrise, Tom Madden is at his property near Ridge Hotel, Frank Williams is at Glenwood for the Glenwood company, Oliver Gilbertson will return to the Wall street in a few days, the North Fairview hopes to continue all winter, Noaks, Atkinson and LeRoy are hard at it, Albert Ziniker is at the May Flower, Dave Gover, will hustle the Winchester for Ike Jones and so on. If those who are most interested in the development of this great mining district and ought to know, but don't know, would cut out "there is nothing doing," but instead go and see, it would be better all around and the writer knows, because he has seen, that the visitors would get their eyes opened to existing facts never dreamed of by only the ever onward prospector and the man that has seen the vast fortunes made at mining that surpasses fortunes made in any other occupation, at least profits from the mines was the nucleus that made all great undertakings possible.

Bohemia has within her bounds those interested that do not know halt and are the kind that will persevere until the district shall make a record that will prove the judgment of her faithful stayers.

#### Complaint in Washington.

The complaint prepared by the North Pacific Lumber Association, charging discrimination and illegal concert of action against Western and Northwestern railroads, was filed Wednesday with the interstate commerce commission. It asserts that the roads advanced rates from five to ten cents per hundred pounds, effective November 1st on all forest products and that rates are excessive, extortionate, prohibitive and discriminatory, and if enforced, will seriously injure the lumber industry.

## A THANKSGIVING APPEAL

From the Boys' and Girls' Aid Society of Oregon.

To those who are acquainted with the methods and the good work accomplished by the Boys' & Girls' Aid Society in rescuing and caring for dependent and delinquent children of the state, it is unnecessary to say anything but that the Society needs the assistance of the public at Thanksgiving, but as there may be many who have not studied the work or had occasion to know of some of the good accomplished, it would be well to say that this Society is located in the city of Portland but cares for all children throughout the State of Oregon who are in need. The Society has never been known to refuse admission to any child provided it is healthy and one that can be placed out in a private home. Neither has it refused to accept any boy or girl who though incorrigible has rendered himself beyond the control of his parents and for whom, at an early date, the Reform School, or worse, the Penitentiary, would open its doors. But in order to defend this class and keep them from a penal institution, the Boys' & Girls' Aid Society's agent comes along and takes the boy or girl in charge and retains his custody until they have ascertained if there is any chance for reformation, and if so the child is directed in the right path and so saved from having the

## CALAPOOIA POULTRY ASSOCIATION

First Annual Exhibition to be Held in Cottage Grove December 12, 13 and 14, Promises to be a Success---Merchants' Premiums.

The Leader Job office has just turned out the official year book of the Calapooia Poultry Association which holds its first annual exhibition in Cottage Grove the 12th, 13th and 14th of December. The premiums offered by our merchants show an interest in the encouragement of poultry raising in our vicinity and the liberal patronage in the way of advertisements show a hearty cooperation and a unity of feeling among our loyal Cottage Grove citizens.

The printing and binding of the book was done at home and the patrons of the Leader office can congratulate themselves on being able to have such a fine and workmanlike job of printing done in the city. The following is the list of premiums offered:

disgrace of being committed to a penal institution. But, if it is found on the other hand, that the child is a degenerate and its association with other children is hurtful, then it is placed in some institution organized for the purpose of caring for that class of children.

The Society has on its files at Portland, Oregon, 3253 cases that it has handled and cared for during the period of its existence. It is supported by state and county aid and charitable contributions, and at this time of the year it is reaching out and asking every person who is a friend to the institution or to destitute children to put their hands in their pockets and make a small donation of money or to send to the Home in Portland, Oregon, some article of provisions,—canned fruit, vegetables, or anything that would be useful in the household.

At every county seat there is an Advisory Board whose business it is to look after the interests of the Society and its wards who are placed out in family homes. In this county Mr. John M. Williams at Eugene, Oregon, is the secretary, and any person who has anything to donate can find out where to deliver the same by phoning to this address.

## TOO MANY WIVES

D. B. Parmenter of Walker Arrested—Charged With Bigamy.

David B. Parmenter, an aged farmer residing about three miles from Walker Station below this city, and well known here, was arrested by Deputy Sheriff C. O. Hammond on the charge of polygamy and taken to Eugene Tuesday and placed in the county jail to await his examination before Justice of the Peace Bryson.

The fact that Parmenter had more than one wife was brought to light through the filing of a divorce suit against him on the sixth of the present month by Mrs. Sarah E. Parmenter, wife No. 1. She alleged in her complaint that she left home in July 1906, and went to Tacoma where she has been staying with her daughter. On October 21 Parmenter was married in Eugene to Mrs. Louisa A. Bowen. Mrs. Parmenter No. 1 heard of the marriage and came to Eugene and began divorce proceedings. The first marriage occurred in Vermont, November 12, 1862.

Parmenter states that he did not know he was committing bigamy, or polygamy, thinking his first wife dead. He says that when she left for Tacoma the doctors said she could not live more than two weeks longer, and that shortly afterward he heard that she had died.

Mrs. Parmenter No. 1 and Mrs. Parmenter No. 2 have both been in Eugene since the beginning of the divorce proceedings, No. 2 not caring to live with the man after finding out that she was not his lawful wife.

Parmenter is between 60 and 70 years of age and is an old soldier, belonging to the G. A. R. He is well-known among the local members of that order.

When Parmenter was arraigned before the justice of the peace he waived examination and was bound over to the circuit court in the sum of \$400. He furnished bail and will be at liberty until the time of his trial, which will occur about the first of December if the holiday period is over by that time.

## HEARING DECEMBER 11

### Interstate Commerce Commission Will Act On

Ruinous Rates of Southern Pacific Against Willamette Lumbermen.—Many Eastern Oregon Mills File Action.

A telegram from Franklin K. Lane, interstate commerce commissioner, to J. N. Teal, attorney for Oregon & Washington Lumber Manufacturers' associations, was received last week conveying the welcome news that the commission has fixed upon December 11 for hearing the case of Willamette valley lumber manufacturers against the Southern Pacific company to cancel the recent increase of the freight rate on lumber from valley mills to San Francisco Bay points. The commission has decided to take up all together the Pacific northwest complaints of lumbermen against the railroads.

NEW RATE IS RUINOUS.

The valley mills have been hard hit by the freight rate advance on California shipments, and a large number have shut down pending the outcome of the litigation started against the railroads. The mills have been unable to pay the advanced rail rate, and those that are not within reach of water transportation are put out of business. The increase of the rail rate amounted to about 60 per cent.

Formerly the railroads carried valley lumber to San Francisco for \$3.10 per ton. This rate was made by the railroads to induce mill men to invest their capital in the valley and develop the lumber industry. No sooner had the mills got fairly to running and developed a trade that enabled them to live, than the railroad traffic men boosted the rate from \$3.10 to \$5 per ton.

The railroad men attempted to justify their action by saying the former rate was lower than prevailing charter rates on shipments by water from Portland to San Francisco.

CASE TO BE ARGUED.

While that may have been true directly following the San Francisco disaster, when there was an abnormal demand for lumber, it is not true today, for charter rates have dropped back to their normal stage of about \$4.50 per 1,000 feet.

The railroad company has kept its increased rate in effect, and it is now costing valley mills about \$8.50 to ship 1,000 feet of green lumber to San Francisco Bay points while the sea coast mills are able to ship by water at \$4.50.

The valley mills see their finish unless they can secure relief through the interstate commerce commission. Mr. Teal will go to Washington to argue their case, and at the same time will look after the case of the Oregon & Washington Lumber Manufacturers' association, which has obtained a temporary injunction against the Union Pacific, Northern Pacific and Great Northern to prevent similarly ruinous increases of the transcontinental lumber rate on Oregon and Washington forest products.

OTHER COMPANIES TAKE ACTION.
