Mrs. Dr. Job returned on the Cottage Grove local Sunday evening from a visit to Corvallis.

The Western Oregon Lumbering and Manufacturers Association met at the office of the secretary Friday p. m.

Tom Parker is fast gaining the name of "Ye Caterer." The spread he put up at the armory Monday evening was all right.

Don't worry about your kidneys when you can obtain 30 days' treatment of Pineules for \$1.00. These little globules bring relief in the first dose. Backache, Lumbago and Rheumatism yield quickly. If not satisfied your money refunded. This is a fair offer, you can't lose. Sold by New Era Drug Store.

M. K. Merrill of the Pacific States Telephone was visiting David Griggs, the company's local manager, yesterday. Mr. Merrill will return Saturday and deliver an interesting and instructive lecture on the telephone and its uses at the armory in the evening.

It is claimed indigestion is the National disease. That's why the demand for Kings Dyspepsia Tablets keeps increasing because they do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. Two days treatment free. Ask your druggist about them. Sold by New Era Drug Store.

W. A. Hillis, the crack shot for the Peters Cartridge company is visiting their agents the Griffin & Veatch company of this place. Yesterday Henry Veatch took him out to exhibit the good quality of their cartridges among the China pheasants and as a testimony of good work the editor and others enjoyed a feast at the Hotel Graham.

It is a well known fact that persons living in the pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment \$1.00. Your money refunded if not satisfied. Sold by New Era Drug Store.

### Captured Some Contraband of War.

Sheriff Fisk and Chief of Police Farrington swooped down on what they regarded as a "blind pig" yesterday morning and captured a large quantity of what they think is intoxicating liquor. That will probably be determined later. Just what further action will be taken with this and other joints of this character remains to be seen.—Eugene Register.

Hogate, the transfer man, Hogate.

### Competitive Drill and Presentation.

Company E, O. N. G. held a competitive drill at the armory Monday evening in the presence of a large audience. There were four vacancies for the staff of Corporals. There were six entries in the contest. Privates Cochran, Bartels, Simeral, Potts, Baker, Gourley, who all passed a creditable examination with efficiency in the order named. There only being four vacancies the first four names were immediately appointed to their positions, the other two passing so good an examination, on recommendation of the Colonel will be appointed Corporals as soon as vacancies occur.

After the contest Col. Geo. O. Yorlan presented the regimental trophy to Company E which was won by them in the recent rifle contest. Col. Yorlan in his presentation speech said that he did not rejoice in taking the cup from Roseburg where it had been kept so long, but he was very much pleased to hand it to the youngest company in the regiment. Captain Johnson received the trophy for the company in a few words of pride that was shared in by the members of the company.

The banquet followed which was attended by the members and invited guests.

Speeches from Col. Yorlan, Major C. C. Hammond, Capt. Johnson, J. S. Medley and others passed away several hours in a pleasant manner.

### About the Holidays.

Governor Chamberlain says: "If the banks had been as impatient as some of the depositors were, many of our factory men who do a large credit business would have been ruined. The bank holidays were declared to protect not only the bank and its depositors, but the men who owe the banks. It doesn't do any good to run down these financial institutions, but we should help to tide them over by expressing our confidence in them. I have my home and I don't want to lose it, and I don't want it to depreciate in value, but if runs are made on our banks every man who has a foot of ground in this state will find it depreciating in value. The present condition is an abnormal one—at a time when crops are so abundant—it can't long continue. So I say let conditions stay as they are until relief comes which I confidently believe, will not be long."—Pacific Banker.

### Many Bones Broken.

The Junction City high school foot ball team played against the Halsey Athletic club on the Sneed gridiron near town Saturday. The Halsey club was at its best and despite many accidents beat the Junction team 5 to 0.

Among the serious accidents of the day, Frank Kirk, proprietor of the Halsey livery stable, fell while playing prior to the game, and broke two bones of his left leg. One break was just below the knee and the other above the ankle. During the game Edgar Thomb of Junction City was injured. He was unconscious and it was thought for a time he had received internal injuries. George Drinkard of Halsey, cracked a bone in one leg and tore the muscle from the ankle bone. In the evening admirers of the athletic club tendered a reception to the members, who were able to attend, at the city hall.—Eugene Guard.

### Special Rates on Southern Pacific.

Thanksgiving excursion rates between all points in Oregon on the lines of the Southern Pacific on the basis of a fare and a third for the round trip. Tickets at these rates will be sold at all Southern Pacific stations in Oregon on Wednesday and Thursday, November 27th and 28th good for return until Monday night, December 2d, stopover privilege not included. Inquire of any Southern Pacific agent for further particulars.

### EUGENE PUBLIC SCHOOLS.

Doing Practical Work That Interests the Children.

Each of the schools of the city has rented its separate lot and is actively at work in the raising of crops that shall be harvested by the end of the present school year. Everything is done on strictly a business basis, so much rent is paid and each student bears his portion of the expense, which will be met when the crops are gathered late in May and early in June.

So deep has been the interest shown by the pupils that they have collected from the Government and other sources a lot of literature which would be the envy of the scientific farmer, and the library at the present time is quite complete in many departments, and arrangements have been made to secure the Government publications and such other literature as will keep the collection up to date.

A number of different crops will be put in on the leased land and considerable attention given to horticulture. The boys do all the plowing and preparing of the soil and will attend to the cultivating, and in fact, everything until the harvest is complete. The principal attention of the present year will be given to the raising of food stuffs and the propagation of trees, bushes and vines that will later bear fruit. Although there are a number of groups of children giving special attention to floral culture, and a civic improvement society will, no doubt, be the outgrowth of this work.

Special interest is being taken in the growing of roses and it is the plan of the children to see that many roses are raised in the different homes and it is their hope, next year to have a great many planted along the streets of the city and in other public places.

While the boys of the schools, several hundred strong, are at work raising crops the girls of the schools are being instructed in the art of sewing, principal attention being given to plain sewing at this time. While this department of domestic science has been in operation only a few weeks, many of the parents have stated to the teachers of the schools that their children had come to be very useful with the needle about home and the interest of the girls at school in their sewing work is equal to that of the boys in agriculture.

Both the cost of conducting the experiments in agriculture and in domestic science is very slight and it is hoped before very long through the co-operation of the people of Eugene, to establish a course of manual training in the schools as well as to improve the work already under way.

### Fitting Up the Armory

The militia boys have gone to considerable trouble and expense, indeed, expending during the last month over five hundred dollars, to fit up their armory so that it can be utilized as an opera house. Two hundred chairs have been purchased, a portable stage has been built and scenery is being painted and will be added to from time to time as may be required.

The building is well heated and all lovers of the theatre will now be afforded the opportunity of witnessing the drama and other entertainments in perfect comfort.

Cottage Grove has long felt the want of a comfortable, well fitted opera house, and the militia boys are to be congratulated and are entitled to thanks and the patronage of every citizen of the city in all their undertakings in furnishing amusements.

Do you know that Pinesalve Carbolized acts like a poultice in drawing out inflammation and poison? It is antiseptic. For cuts, burns, eczema, cracked hands it is immediate relief. 50 cts. Sold by New Era Drug Store.

### Judge Harris Honored.

Judge L. T. Harris was elected a vice-president of the Oregon State Bar Association at their annual meeting in Portland the 20th.

### A CLOSE CALL

Supt. Fischer of Brown Lumber Co. Badly Hurt.

Superintendent Fischer of the Brown Lumber Company looked death in the face Thursday noon. Just before 12 o'clock he went into the saw room and, as was his custom, stepped to the side of the slab off bearer to help him with a heavy slab. In turning the slab over, Fischer's hand was caught between it and the frame of the live rollers. The pain was intense, and though he released his hand and stepped back out of the way of the carriage, he fainted and fell forward, striking his forehead on the carriage frame. A gap in his forehead two inches long laid bare the skull bone. There is another cut below the right eye, and a third on the chin. His men picked him up in an unconscious condition and carried him to the company's office, where a surgeon was called and dressed the wounds after consciousness was restored.

As might be expected, Mr. Fisher is looking after business and instead of letting the Dr. come to see him, leaves the mill only long enough to go to the doctor's office to have his wounds dressed when necessary. It takes more than a buzz saw to put such a man out of business.

### Silk Creek Items.

Mr. Werth went to the Divide Thursday.

Oscar Wheeler went to Lynx Hollow for a visit with friends Friday afternoon.

John Overholser made a trip to Row River Saturday.

Mr. T. Richardson went to Cottage Grove Saturday.

Miss Ruth Miller went to the Divide Friday for a visit with her parents and sister.

Mrs. Eugene Miller called on Mrs. John Overholser the first of the week.

Grandma Wheeler has been spending a week with her son W. N. Wheeler and family.

William McCoy and wife made a visit at Gowdyville lately.

Plenty of rain is falling in our part of the country at this writing.
