## ROOSEVELT ENDORSES FAIR

**In His Message to Congress He Recommends the Participation of Uncle Sam in Exposition.**

Seattle, Dec. 10.—Now that President Roosevelt in his message to Congress has endorsed the participation of the United States government in the Alaska-Yukon-Pacific Exposition, the management of the 1909 fair will carry on a campaign to secure the early passage of the appropriation bill. Henry E. Reed, director of exploitation, has gone to Washington to open up headquarters to circulate information in regard to the plans and objects of the exposition. Later on a committee composed of officials of the exposition and prominent men of Alaska and the Pacific Northwest will go to the National capital to present the exposition's case before Congress.

The fact that the exposition management has pledged itself not to accept a loan or a gift from Uncle Sam is endorsed in President Roosevelt's message. This, it is thought by the officials, will have much weight with Congress. The section of the President's message referring to the Alaska-Yukon-Pacific Exposition is as follows:

"The courage and enterprise of the citizens of the far northwest in their projected Alaska-Yukon-Pacific Exposition, to be held in 1909, should receive liberal encouragement. This exposition is not sentimental in its conception, but seeks to exploit the natural resources of Alaska and to promote the commerce, trade and industry of the Pacific states with their neighboring states and with our insular possessions and the neighboring countries of the Pacific. The exposition asks no loan from the congress, but seeks appropriations for national exhibits and exhibits of the Western dependencies of the general government. The state of Washington and the city of Seattle have shown the characteristic Western enterprise in large donations for the conduct of this exposition, in which other states are lending a generous assistance."

Work on the exposition grounds is progressing rapidly. Most of the grading for roadways, avenues, plazas and circles has been finished, and the grounds are enclosed by a fence. The contract for the erection of the emergency hospital has been let and the structure will be completed within the next few weeks. Contracts have been granted for four large buildings which are to be finished within six months. They are the Fine Arts palace, Auditorium, Machinery Hall and the Manufacturers building. The three first will be permanent structures, being built out of buff brick with terra cotta trimmings.

Most all of the exhibit palaces will be classic in design as far as modern usage will permit. After the fair the permanent buildings will be used by Washington University upon the campus of which the exposition will be held, for college edifices.

The Arctic Brotherhood, an order composed of men who have been in Alaska and Yukon, will erect a building costing \$25,000. The site has been selected and plans for the structure are now being prepared. During the exposition the building will be used as club house and will contain an exhibit of curios and relics of the Northland. After the fair it will be turned over to the Washington university for the use of students from Alaska and Yukon.

William Jennings Bryan, in a letter to Henry E. Reed, director of exploitation, heartily endorses the participation of the United States government.

## EUGENE VISITS COTTAGE GROVE

**Booster Meeting Held With Commercial Club of This City---Resolutions Adopted Favoring University Appropriation.**

**ARRIVAL YELL**  
Lane County  
Lane Eugene  
Have you ever ever seen  
Anything to beat Eugene?  
No, ne...ver.

**PARTING YELL**  
Chickens, rooster  
Boom and boost'er  
Cottage Grove is alright too.  
Who's alright?  
Cottage Groves.

**RESOLVED.** That this joint meeting of the Cottage Grove and Eugene Commercial Clubs put itself on record as unanimously favoring the appropriation for the University of Oregon, as being absolutely essential to maintain the required high standard for the University, being as it is the leader of high school and common schools throughout the State. And be it further

**RESOLVED.** That the press of Cottage Grove and Lane County be asked to give due publicity to this resolution.

"Boost shoulder to shoulder for the upbuilding of Lane county" was the spirit manifested at the joint meeting of the Cottage Grove and Eugene Commercial Clubs in this city Friday evening. Following an afternoon of sightseeing at the poultry show, the four score business men of Eugene were entertained at the rooms of the local club and a genuine lovefeast ensued. Speeches were made by the visitors and by the members of the local club and throughout the spirit of working together for the benefit of the county prevailed.

The visitors had arrived in the city late in the afternoon. They were met at the station by a delegation of Cottage Grove business men and headed by the Eugene Military band all proceeded to the rooms of the club. They made a procession nearly two blocks long. First thing in the evening the visitors and their band went to the poultry show, where music was dispensed to the accompaniment of lusty crowing and cackling. Professor Dryden, of the Oregon Agricultural College, delivered an address on a subject of interest to chicken fanciers.

Upon repairing to the club rooms late in the evening, the visitors were welcomed by F. B. Phillips in behalf of the Cottage Grove Commercial Club, the citizens of this city and the officers of the poultry association. Response was made by C. S. Williams, vice-president of the Eugene club. Other Eugene delegates speaking were: Dr. Paine, D. E. Moran, Manager, Hartog, County School Superintendent Dillard, and W. W. Calkins. H. O. Thompson and Geo. Comer, of Cottage Grove also spoke. All the remarks were along the line of boosting for the benefit of the whole county.

**UNIVERSITY VALUABLE TO THE STATE**  
Superintendent Dillard in his talk had mentioned the worth of the University in the educational system of the state and when Superintendent Alderman, of the Eugene schools was called to the floor, he made a strong talk in favor of sustaining the appropriation bill for

**FINE BIRDS.**  
One of the handsomest birds in the show room was the White Minorca cockerel exhibited by Tom Awbrey, who received the bird from Everett, Wash., a few days ago, paying a high price for him. Tom feels proud of his blue ribbon and score card in evidence of his efforts, and he hopes to produce some fine show birds the coming season from the pen he exhibited, all of which made good records in the show room, and came from hens with heavy laying records.

the University of Oregon. E. O. Potter and H. W. Thompson of Eugene, and Tom Awbrey of this city continued remarks on this subject. The sentiment expressed was appreciation of the value that the University is to the state in setting a high standard, not alone for the work of the high schools, but also for all the primary schools as well. It was pointed out that the primary schools are supported by the counties and school districts, with the aid of money from the sale of school lands, while practically no other source of income than the appropriation made by the state.

Mr. Alderman compared the \$125,000 asked for the University with the \$600,000 given by the state of Washington to its state institution.

Mr. Awbrey introduced a resolution covering the subject, which, after being amended was unanimously passed. The subject of the resolution is given above.

Darwin Bristow was the last of the visitors to address the meeting, and Dr. Paine then called for the "parting" yell that Cottage Grove was emphatically "all right." It was given with a will, and rather surprised the hosts. The Eugene band thereupon struck up "For He Was a Jolly Good Fellow," and President Phillips threw open the doors leading into the culinary department, whence coffee and refreshments were brought into view by some of the city club members.

The meeting adjourned into a regular love feast, and at 11 o'clock 84 happy but hoarse visitors climbed onto the special train awaiting them at the depot and started for home, after once more assuring Cottage Grove that she was "all right."

And thus came to end a successful harmonizing effort, even though it was undertaken on Friday, the 13th. The manager bought 13 railroad tickets, paid for 13 meals and at the evening concert one cornet artist from Cottage Grove joined the 12 Eugeneians, making 13 musicians in all. But the sun shone brightly, and there was no hoodoo in the many 13's of the day.

**Eighth Grade Examinations.**  
The eighth grade final examination for the public schools will be held January 23rd, 24th, May 14th, 15, June 11th, 12th.  
Teachers who have pupils ready for the examination should notify me of the number of questions wanted and the name of the person appointed to conduct the examination at least 15 days before the date for which the questions are wanted.  
W. B. DILLARD,  
County Superintendent.
