Mr. J. T. Hunt of Wildwood  
several days in Eugene this  
week.

L. Gilstrap of Eugene was in  
city Thursday looking after  
business matters.

Mr. H. O. Thompson was elected  
secretary of the Commercial Club  
Monday night.

Carl Berg left Thursday night  
Dawson City, Alaska, where he  
join his brothers.

Reswell has a confectionery and  
store. It is being conducted  
by Hutchinson.

Reg Bennett is in charge of J. M.  
cigar store during the lat-  
absence from the city.

M. Bross, formerly president  
the Oregon Agricultural College  
Corvallis, died Wednesday night  
Muncie, Ind., at the age of 66  
years.

On Wednesday night there regis-  
tered at the Hotel Graham, seven-  
Commercial men. Whether  
all sold goods or not has not  
been learned.

The Crystal Consolidated Min-  
ing Company this week sent up  
a boiler to be used in encasing  
the boiler. The fire brick are al-  
ready at the mill.

The London Mineral Springs  
Hotel will open on May 1st. Mrs. J.  
Hart, who so successfully con-  
ducted the cullinary department  
last season will be in charge.

Several I. O. O. F. Lodges of  
this county held a picnic at Coburg  
Wednesday in commemoration of  
the anniversary of the order. There  
were several thousand people in at-  
tendance.

Mrs. John Medley returned home  
last week from Modesta, California,  
where she spent several months.  
Her niece, Miss Ada Hanson, ac-  
companied her and will remain for  
some time.

The old lady living near Com-  
stock, affectionally called Grand-  
ma Anlauf, on last Wednesday  
died on the porch and fell, dis-  
secting her thigh. Dr. Kime was  
called to attend her. At last ac-  
counts she was getting along nicely.

On Monday the Rev. F. L.  
Moore, who has been the pastor of  
the M. E. church, together with  
his family departed for their new  
home in Chicago. Rev. Moore has  
effected a change with Rev. Grant  
Stewart, who will arrive in time to  
occupy the pulpit one week from  
Sunday.

Harry Supple arrived from Port-  
land on Thursday and on Friday  
morning went to Bohemia with some  
gentlemen whom he will show the  
various mining properties there.  
Harry says there is a good feeling  
regarding Bohemia on the outside  
and predicts a goodly number of  
visitors to the district this summer.

The W. T. Club met at Wood-  
men hall on Tuesday.

Following the playing of the 18  
games, an excellent lunch was  
served by Mrs. J. H. Chambers and  
Mrs. Dr. Woods.

There will be one more regular  
session to be followed by a meeting  
as a social.

The Misses Effie Stewart and  
Daisy Thomas will entertain at the  
next meeting.

Mr. Frank Rosenberg, who for  
more than five years was with the  
Pacific Timber Company as auditor  
and bookkeeper, recently accepted  
a position with the Booth-Kelley  
Lumber Company and on Wednes-  
day left to assume his duties. For  
the present he will be located at  
Coburg, about six miles from Eu-  
gene. His family will remain here  
for some time at least. Frank will  
be missed, as he has always taken  
an active part in the societies of  
which he was a member, as well as  
in public matters. Up to the time  
of his departure he was the efficient  
secretary of the Commercial Club.

The officers are seeing the cur-  
few rules are enforced.

Charles Dutton of Portland, was  
a visitor in the city last Sunday.

Thos. Awbrey is taking a lay off  
from his work at the express and  
telegraph office. Meanwhile Stuart  
McGilvray is attending to the busi-  
ness. Mr. Awbrey is looking after  
the young trout that have hatched  
out in his hatchery near the Cottage  
Grove Flour mills.

U. G. Walker has just returned  
from a trip to Roseburg, where he  
sold \$375 worth of sun proof paint  
and established an agency there. On  
his return stopped at Oakland and  
Yoncalla. At the latter place he sold  
\$150 worth of sun proof paints to  
Stearns and Chenoworth; also took  
a contract to paint and finish the in-  
side of the Beckley Bros. building  
which is 30x80, one story, to be used  
as a general merchandise store.

#### Two Boys Buy Property.

Last week Mr. Keibelbeck sold  
to his sons John and George the  
property next to Bills cigar store.  
Mr. Keibelbeck was desirous of  
disposing of the place in order to  
get money to improve his residence  
lots and was offering it for sale.

John the eldest, who has worked  
his way through school, besides  
working in the timber and logging  
camps had saved up some money.  
decided it was a pretty good thing  
to own and taking the brother in  
with him they combined their capi-  
tal and took the property at the  
price asked by the father, making a  
good sized payment and agreed to  
pay the balance in a specified time.  
The price was \$1500.

While this may seem like a small  
matter, yet it suggests what young  
men can do if they choose. These  
boys have not spent their time  
sitting about town waiting for  
something to "turn up," but have  
been industrious and are already  
property owners.

John is now time keeper in one of  
the logging camps, while George is  
having the building put into shape  
or rent.

#### Irrigation in the Milk River Valley.

Montana is coming in for a big  
share of the general prosperity of  
the country, and it will only be a  
few short years when she will rank  
with any of the Northwestern states  
in agricultural greatness. The re-  
cent act of the Interior Department  
of the United States in setting aside  
\$1,000,000 toward reclaiming three  
or four hundred thousand acres in  
the Milk River Valley is but a be-  
ginning of a much vaster develop-  
ment of this section as the needs  
grow apace. Already the agricul-  
tural worth of this to be famous val-  
ley has been adequately demon-  
strated in the results which have fol-  
lowed the irrigation works already  
established. It has been success-  
fully proven that all kinds of agri-  
cultural products grow in great  
abundance wherever irrigation is  
used. The soil is naturally rich  
and needs only moisture to make it  
yield prolifically. The Great North-  
ern Railway furnishes adequate  
transportation facilities, its main  
line practically cutting the valley  
in two. The fact that the Govern-  
ment has decided to begin immedi-  
ate operations will prove a great in-  
centive to the people of that section  
who have always believed in the  
future of their country and will  
open to settlement a vast area of  
rich land to the homeseeker and in-  
vestor.

#### Cat Adopts Chicken.

Mr. and Mrs. C. E. Jones whose  
residence is just at the eastern edge  
of the city have a rather unique  
combination of cat and chicken.

The cat has a family of kittens  
and recently a setting hen hatched  
out but one chick. Mrs. Jones did  
not propose to allow her henship  
to waste the summer in bringing it  
up, so she put another setting of  
eggs under and kept her at work.  
The chick she took to the house  
and though she would see what  
the cat would do if it was put into  
the basket, and was much surprised  
to see the cat take kindly to the  
little thing and allow it to nestle in  
with the kittens. Since then the  
cat has to all appearances adopted  
it and the chick seems as well  
satisfied as if under the mother hen.

When the cat leaves the basket  
the chick sets up a lively peeping  
which worries the cat, so much  
that she sometimes hurries back to  
the basket before finishing her  
food. The chicken is fed by Mrs.  
Jones.

## Pneumonia and Consumption

#### Consumption Threatened

C. Unger, 211 Maple St., Champaign, Ill., writes:  
"I was troubled with a hacking cough for a year and  
I thought I had consumption. I tried a great many  
remedies and I was under the care of physicians for  
several months. I used one bottle of FOLEY'S  
HONEY AND TAR. It cured me, and I have not  
been troubled since."

#### Cured Hemorrhages of the Lungs

A. M. Ake, Wood, Ind., writes: "Several years  
since my lungs were so badly affected that I had  
many hemorrhages. I took treatment with several  
physicians without any benefit. I then started to take  
FOLEY'S HONEY AND TAR, and my lungs are  
now as sound as a bullet. I recommend it in ad-  
vanced stages of lung trouble."

Three Sizes—25c, 50c, \$1.00. The 50-cent size contains two and one-half times as much as the small  
size and the \$1.00 bottle almost six times as much. REFUSE SUBSTITUTES.
